Sheppard, the enterprising proprietor of the Toronto News, in an address to his fellow-citizens at Toronto on Friday, pertinently said:—"In all the proceedings connected with the trial at Montreal we maintained our own self-respect, and let the people of Quebec know we were all wool and a yard wide."

THE WEEK'S RAKINGS.

Which are Principally Local and All Interesting.
Concert by Miss Williams.
Miss Clara Williams, Canada's prima donna, is expected to sing in the Town Hall, Acton, about the 10th of October, prior to making an extended tour to the south. This will be a grand opportunity of hearing Miss Williams at small expense.
Real Estate Changes.
Mr. Thos. T. Moore, Principal Public School, has sold his house and lot on Willow street to Mr. John Matthews expressman, for \$850. Mr. C. W. Hill, has disposed of his residence on Bower Avenue, to Mr. J. E. McGarvin, for a good figure.
Championship B.B. Match.
A match for the championship of Halton and Peel counties and a silver medal will be played in the Agricultural Park, Brampton, at 11 o'clock to-day, between Acton and Bolton baseball clubs. The Acton boys go down to win, but they have a very strong team to play against.
Take Your Local Paper Anyway.
The Toronto News pertinently says:—"The weekly, together with your local paper, will give you all the doings of the world. While talking about local papers, let me tell you to take your local paper whether you take the News or not. A man who is too poor to take a local paper is either too poor or too mean to keep a dog."
Another Fraud.
If any of our readers receive a circular from New York stating an "Organ is to be sent to you in order to introduce it in your locality, but that \$4 must be advanced to pay freight," don't send the money, for the organ is simply a 10 cent mouth organ. Now, don't conclude that we've been molested for \$4, for we haven't, but we have heard that somebody else was.
A Grain Market.
Through the enterprise of Messrs. B. Johnson and J. Wales, Oakville promises to be the leading grain market in the county of Halton this fall. This is encouraging to our merchants and a credit to our town to know that two such worthy citizens are struggling to redeem the industry which Oakville in past years was noted for and near.—Independent. If you have a couple more like them send them to Acton, Bro. Independent. We have room for a couple of good men here and will treat them well.
Fall Announcement.
Mr. E. R. Bollert has just issued his fall circular for 1885. Mr. Bollert, in his words to the public, very mildly refers to the success which has attended him in business. He attributes the success in a large degree to a constant adherence to the principles he announced when starting out. Certainly it must be admitted that the fashionable and well stocked dry goods departments at 27 Lower Wyndham street attracts a large number of customers daily. There is an efficient staff in every department, and as the goods are fresh and fashionable, there is no reason to wonder at Mr. Bollert's success.
The Ladies Aid Lectures.
We are pleased to announce that the Ladies Aid Society of the Methodist Church have completed arrangements for the course of lectures previously referred to. Rev. Dr. Will, the popular pastor of Bond Street Congregational Church, Toronto, will inaugurate the series with his celebrated lecture, "Men with Iron Shoes," on Thursday evening, October 15th. This will be followed at intervals of about two weeks with lectures by Rev. T. W. Jeffrey, Toronto; Rev. W. C. Henderson, St. Mary's; Mr. J. L. Hughes, L.L.H. Inspector Public Schools, Toronto; Rev. John Shaw, Toronto, and Rev. D. Rogers, Ailsa Craig, full particulars of which will be made public in a few days. This will be presented an extended literary treat, superior to any heretofore offered in Acton.
New Law Firm.
The many friends of Hugh McMillan and W. A. McLean, two rising lawyers, will be pleased to learn that they have entered into a legal partnership under the name McMillan & McLean at the head office at Guelph, and the name of "McLean & McMillan" at the branch office, at Acton. Both offices will be constantly open. The new firm succeed to the well-established business of Mr. E. F. B. Johnston, whose appointment as Deputy Attorney-General necessitates that gentleman's immediate removal to Toronto. The members of the new firm are well known, and their individual reputation for honesty, careful attention to business and promptness in dealing with all matters entrusted to their care ensures them undoubted success.—Guelph Mercury.
The Churches.
Rev. Father DuMortier, of Guelph, conducted services in the R. C. Church here last Sunday to large congregations.
A choral service will be held in St. Alban's Church this afternoon, at 3 p.m. A sermon will be preached by the Rev. Mr. Adams, of A. A. Georgetown. The church will be decorated with the fruits and flowers of the season. In the evening an entertainment will be given in the town hall, consisting of sacred harmonies, glee, &c.
A special Sabbath school service will be held in the Methodist Church next Sunday morning. Rev. Mr. Phillips will address the children. On Sunday evening Mr. Phillips will commence a series of five sermons on the subject of "Heaven." The first sermon will refer to the size of the eternal home for the saints, and the closing one will show how to get there.
Toronto Churches Not Alope.
The following letter appeared in the Toronto World on Tuesday:
"Editor World: I was a visitor at a fashionable Methodist church last Sunday morning. The choir of this church is a large one. About the middle of the first prayer in the service I raised my head and looked toward the choir, when, behold! I noticed the whole of the members, without a single exception, sitting bolt upright, and staring at the congregation. The prayer was simple, earnest and eloquent. Now, here is what followed the prayer: The minister announced the anthem by the choir to be, 'Come let us worship and bow down before the Lord our maker.' It was well sung, but the bowing down was not a part of their program."
We have been in churches outside of Toronto where the choir acted in a manner very similar to that of the Toronto choir.

You Must be Known to the Public.

To be successful in any business man must be well known to the public; this does not mean the public of to-day only, for the public of to-day may not be the public of to-morrow. Population is constantly changing and to meet this reconstructive principle of society it is necessary to constantly advertise. This, every man who desires to succeed, should bear in mind and if only a card can be afforded in your local newspaper, have it there.
Matrimonial.
It is our pleasant privilege this week to record one of those interesting events which are usually so attractive to the fair sex. We refer to the marriage of the Rev. J. S. Cook, the popular pastor of the Methodist Church at Bluevale, formerly of Georgetown College, and well known to many of our citizens, to Miss Susie O. Canfield, youngest daughter of Roswell Canfield, Esq., of Odelltown, Quebec. The ceremony was performed by the Rev. James Awde, B.A., of Montreal, in the historic Methodist Church in Odelltown, of which the bride was a member. The church, which had been most tastefully decorated with flowers, was filled to the doors with friends of the bride, who, anxious to show their high regard for her, joined in wishing her happiness in her Ontario home. The presents were numerous and costly, among the more interesting being a silver fruit plate, given by the class at the Wesleyan theological College, Montreal, of which Mr. Cook was a member. The guests sat down to a bounteous repast at the home of the bride's parents, after which the happy couple started for their home, visiting friends in Odessa, N.Y., Toronto, Guelph, and Drumbo.

Mrs. L. Grey and family made their departure from Acton last Friday. After thirty years' residence here Mrs. G. will be sadly missed by many of our citizens. She was always a kind neighbor and friend, ever ready to lend a helping hand in time of illness or distress. The very heartiest wishes for future comfort and blessing follow her self and family to their new home.
Mrs. M. Hughes and her estimable daughter, Alice, left on Friday morning for Detroit, in which city they purpose making their future home. We are sorry to lose them from our midst, but wish them every comfort and happiness in their new place of residence. Prior to her departure Miss Hughes was made the recipient of an address and a handsome cut-glass and old gold plush perfume cabinet, of unique design, by her Sabbath school scholars.
CATARRH—A NEW TREATMENT.
Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to their regular practitioners are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue. Mr. Dixon, at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as agreed to by him four years ago as expressed in No. 10 also has ever attempted. The Dixon treatment in this manner, and no other, has cured Catarrh, in cases where the treatment of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. J. DIXON, O.V. & S.N. 505 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, '82.
QUEBEC ADVERT.—The People's Co., Bedford, Missisquoi Co., P. Q., do not employ agents nor canvassers, and sell sewing machines, organs and pianos direct to the people at 50 per cent. less than agents' prices. Send for circulars explaining all and how to get machines on approval.

COMMON SENSE TREATMENT OF CATARRH AND CONSUMPTION.

"If air charged with disease-creating elements (and air will kill when breathed continuously, air charged with remedial elements will cure when breathed continuously."

The Pillow Inhaler

is an elegantly made hair pillow, charged with remedial elements, the vapor of which the patient inhales all night long whilst sleeping as usual. It cannot get out of order, and is perfectly safe to the most delicate. It will last for years, and serve any number of persons in a family in succession. It matters not the strength of Catarrh, Bronchitis, Asthma and Consumption, and makes a permanent cure by a continuous application of healing and curative air directly to the diseased parts. Sufferers from any of the above-mentioned diseases are urgently requested to send us their address and a 50-page pamphlet will be mailed to them free, which will give a complete history of this wonderful discovery and the principles upon which it works, together with a long list of testimonials from those who have used it, and who now rejoice in perfect health.

Do not delay, for the longer a disease is allowed to run unchecked, the slower and harder it is to effect a cure.

There is no medicine taken into the stomach—no dosing or sniffing, nor anything disagreeable about this treatment.

It has never been known to fail.

Send your name and address plainly written, to
The Pillow Inhaler Agency,
LONDON, ENGL.

Notice to Farmers

MORRISON & BOOTHROYD,

The implement men of Guelph, are now receiving weekly consignments in carlots of the following lines of Fall and Winter Machines, viz:—

- Honey Fanning Mills, the best in Canada; Sylvester, Champion and Dominion Flows; Sylvester Straw Cutters, for hand or horse power; Grain Crushers, either in burr stone or burr plate, etc., etc.

Which we shall sell for cash or on short time, at lower prices, considering the superiority of the goods, than any other house in the trade.

We acknowledge, with thanks, the kind manner in which our rival agents and dealers have used us during the past season, and for the very considerable amount of free advertising they have been pleased to bestow upon us. Though they are still alive and prosperous, we must be down, and we beg to state that we are still alive and healthy, and shall endeavor to meet the requirements of the farmers in the future as it has been our pleasure to do in the past, and thank our patrons for the kind and liberal manner in which they have treated us during the past season.

FARMER FRIENDS,

If you want a Fanning Mill, if you want a Grain Crusher, if you want a first-class Flow, or, in fact, if you want an implement of any kind, call at our Warehouses, 29 Cork St., or wait for our little red wagon. Look out for our Fall Circulars, which will be issued in a few days.

Morrison & Boothroyd,

29 Cork Street, Guelph.
