—The Palmerston Telegraph has com-  
menced its eleventh year of publication.  
We congratulate friend Long upon his suc-  
cess, and wish the Telegraph a long and  
prosperous career under his able manage-  
ment. The Telegraph stands its ground  
firmly under all circumstances.

—The current issue of *The Week* is a  
special Easter number, enlarged to twenty-  
four pages, and is, in fact, the best num-  
ber thus far issued. *The Week* maintains its  
high character as the leading weekly jour-  
nal of politics, literature, and society in the  
Dominion, and it is steadily winning its  
way into public favor.

—The Watford Council has passed a res-  
olution authorizing the village constables  
to arrest and place in the lock-up all boys  
found on the streets after nine o'clock at  
night. A very judicious action indeed, and  
if strictly enforced Watford's men in the  
year 1800 will refer to the council's resolu-  
tion with hearts of gratitude.

**THE WEEK'S RAINGS.**  
Which are Principally Local and All  
Interesting.

**A Good Rule.**  
If you would win success in trade, this  
simple rule obey: first, note the men who  
wealth have made, and dealing never be  
afraid to follow in their way. Which way  
is simply this, indeed, to always advertise,  
that in the Free Press folks may read a  
list of things perhaps they need among  
your large supplies.

**The C. P. R. and Settlers.**  
The Canadian Pacific Railway has issued  
instructions to their agents to sell tickets  
via their line to the Canadian Northwest  
which guarantee solid trains, with no trans-  
fers, no quarantine, no transshipment, and  
with through colonist sleepers, giving all  
the comforts of a sleeping car at less than  
one-third the cost.

**Teachers Examinations.**  
The Second Class Examinations will be  
held June 28 to July 3; Third Class, July  
6 to 10; First Class (C) July 12 to 16;  
First (A & B) July 20 to 22, and Junior  
Matriculation, June 28 to July 10th. Can-  
didates must notify their County Inspec-  
tor, not later than May 25th, of their inten-  
tion to present themselves for examination.

**The Franchise Act.**  
There is an old saying that it is an ill  
wind that blows nobody good. This remark  
will apply to the city finances next year.  
City Assessor Armstrong has been watch-  
ing the Revision Court since it opened and  
has been astonished to find on the list a  
large number of young men who were about  
nineteen or twenty when he made up his  
returns. This will be looked after for poll  
tax next year.—Guelph Mercury.

**Our municipal fathers have engaged men**  
to work at cleaning up the streets. Let the  
citizens lend a hand individually by tidying  
about their own premises. Nothing de-  
tracts so much from the appearance of a  
town as untidy streets and lots, and although  
Acton has always been noted for its clean  
and tidy appearance, still every spring  
brings new work to do in this direction, and  
every good citizen can assist to give the  
place a generally attractive appearance.

**Cleanse Your Premises.**  
In another column the Board of Health  
requests all citizens to put their premises  
in proper sanitary condition and gives  
notice of the intended inspection of the  
municipality. This is a step in the right  
direction. It is to be hoped the citizens  
generally will co-operate with the Board in  
having the town, as far as it is in their  
power, relieved of every impurity that may  
tend to impair the public health and that  
none will wait until falling health or a  
sanitary policeman forces them to it.

**April's Weather.**  
The weather for the past week has been  
admirably adapted to advance all forms of  
vegetation. The usual "cold" period  
about the middle of the month, has been  
missed, or has been very indistinct, while  
the temperature has been more summer-  
like than vernal in large portions of the  
country, with a considerable intersprink-  
ling of thunder storms to the southward.  
The old proverb—  
When April blows his horn  
It's good both for hay and corn—  
doubtless holds true, for when April's horn  
(thunder) is heard it is always accompanied  
by growing weather, made up of frequent  
alterations of hot sunshine and shower.

**A Perfect Town.**  
An exchange gives the following as its  
ideal of a model town:—"A perfect town  
is that in which you see the farmers pat-  
ronizing the home merchants, the laborers  
spending the money they earn with their  
own tradesman, and all animated by a  
spirit that will not purchase articles abroad  
if they can be got at home. The spirit of  
reciprocity between business man and me-  
chanic, tradesman and laborer, farmer and  
manufacturer, results every time in making  
the town a perfect one to do business in.  
And merchants of a town who are guilty of  
purchasing articles out of town, or getting  
work done by outside parties which they  
can as well procure at home ought to be  
boycotted."

**Old Fellows at Church.**  
In compliance with the request of Grand  
Master N. E. Martin, to "attend divine  
service to return thanks to Him who has  
prospered our order so abundantly, not  
alone during the past year but through the  
seven and sixty years of our eventful life."  
Acton Lodge, I.O.O.F., No. 204, observed  
the anniversary by attending service at the  
Methodist Church last Sunday evening.  
The brotherhood occupied the front seats  
in the centre of the auditorium, kindly re-  
served for them by the congregation. A  
very large audience was present. Rev. R.  
Phillips took for his text—1 Cor. 10:15—  
"I speak as to wise men; judge ye what I  
say," and Matt. 6:33, "But seek ye first  
the Kingdom of God and his righteousness;  
and all these things shall be added unto  
you." The sermon which followed was  
one of the most able and eloquent ever  
delivered in Acton on a similar occasion.

**Field Lightning.**  
Thousands of business men are surprised  
because they suddenly break down, a cat-  
astrophe that would not happen to them  
were the blood kept pure and the kidneys  
in perfect working order by Warner's safe  
pure.

—Go to J. Fyfe's, Acton, for your cloth-  
ing. He can suit you for price, quality  
and style every time.

**Haltion Dry Goods House Changes Hands.**  
Mr. C. B. Griffin, of the Haltion Dry  
Goods House, in Mrs. Scord's block, has  
disposed of his business to Mr. R. L. Jer-  
my, of Toronto. Mr. Jermy is an ex-  
perienced business man, and will con-  
sequently be able to intelligently provide for  
the wants of customers. He intends giving  
special attention to the dry goods depart-  
ment of the business, and will shortly open  
up a large assortment of new and fashion-  
able goods in this line. The store has been  
closed this week for stock-taking, but will  
be re-opened to-day, and the new proprietor  
announces that he will dispose of the present  
stock at and under cost. This stand has  
done a good business heretofore, and we  
trust that Mr. Jermy will meet with suc-  
cess. We understand that Mr. Griffin in-  
tends spending the summer in the North-  
West, and that he may remove thence.

**The Cow By-Law.**  
This by-law will be strictly enforced this  
summer as usual, in fact it has been sum-  
mer and winter during the past five or six  
years, and is an undoubted success. This  
is clearly proven when it is known that  
last year a number of our citizens had their  
vegetable gardens on open lots in the town,  
and during the whole season they were un-  
disturbed by cattle running at large.  
Thanks to the watchful care of constable  
Easton "stray bovines" were promptly  
and invariably impounded. For the year  
ending 1st May, there were 31 cattle, 6  
sheep and 2 dogs placed in pound. The  
gardening operations are in progress as  
usual on the unfenced lots. In view of the  
success of the by-law we would like to see  
the various church organizations in town  
disperse with their fences. Their absence  
would enhance the general appearance of  
both the church property and the town.

**Arbor Day.**  
It will be noticed elsewhere in these  
columns that Friday, 7th May, has been  
proclaimed Arbor Day for the municipality.  
The day will be observed as a public holi-  
day and stores and other places of business  
will likely be closed as usual on that oc-  
casion. Our citizens are requested to mark  
the day by planting at least one tree each.  
Time spent in planting trees not only con-  
tributes to the appearance of the place, but  
it is a good investment, because nothing  
tends in a greater degree to the improve-  
ment of property or does more to increase  
its value for the outlay. The work done  
on Arbor Day will give an appreciable re-  
turn in a few years. We believe the  
public schools and some of the churches in  
town, perhaps, will co-operate with the  
citizens in tree-planting and beautifying of  
their grounds on that day. We understand  
that Mr. James Grant is prepared to receive  
orders for trees to be delivered for planting  
on Arbor Day. Mr. Grant has had large  
experience in the work.

**A Friendly Match.**  
A number of Guelph draughtmen visited  
Acton on Good Friday to have a friendly  
game of checkers with local players. The  
match took place in the afternoon in the  
town hall and was witnessed by a good  
many spectators. The result was consid-  
erably in favor of Guelph, but this is not  
much to be wondered at when it is known  
what a hobby they make of the game. It  
is somewhat surprising though that several  
of the Acton players who have a superior  
record for games played with draughtmen  
of more prominence than that enjoyed by  
their opponents on this occasion, should  
have made such unfortunates. Forty-  
eight games were played. The following  
is the result:—

**"A BIG  
MAJORITY"**

GUELPH, April 19th, 1884.  
Now that the event of the "opening  
season" has passed, when thousands  
were delighted with the rich musical  
treat which we were enabled to tender  
to them, and thousands were still more  
delighted with the magnificent dis-  
play of lovely goods which adorned  
our Store and Show rooms, and the  
verdict of everybody in reference to  
the whole affair was that "Bollert is  
ahead by a big majority," we purpose  
settling down to solid business, to give  
our customers the very best attention,  
and to further demonstrate, as we have

I am advised through the Photographic Press  
that owing to labor difficulties in the United  
States, glass is very rapidly increasing in price.  
This has caused a large increase in the price of  
the patent instantaneous DRY PLATES, now  
in general use by photographers, and the photo-  
graphers will, in order to protect themselves  
against loss, shortly be obliged to increase the  
price of their plates. Fortunately I have a good stock of Dry Plates on hand, and will  
execute first class photos at the old prices up to the 1st May. All existing plates  
sent for them, prior to that date, for immediately thereafter, prices will be raised.
