J. M. FERNLEY.

The Acton Free Press.
 THURSDAY MORNING, JUNE 24, 1886.
CRUMBS FOR BREAKFAST.

Provided by the Ever Thoughtful Free Press Reporters.

—The small fruits promise well.
 —Haying will commence in a few days.
 —A good hay crop is probable for this season.
 —No quarrel at the Council on Tuesday evening.
 —Last Monday was the longest day of the year.
 —Favorable weather for the spring crops and fruit.
 —The little green apple is getting down to business again.
 —See J. E. Howson's new advertisement in another column.
 —Mrs. S. A. Becho has kindly handed us copies of late Chicago dailies.
 —Prepare for the great Dominion Day celebration in Acton next Thursday.
 —Messrs. Kelly Bros. have improved the appearance of their shop front very materially.
 —Next sitting of the fourth Division Court will be held in the Council Chamber on the 8th of July.
 —The Oakville Star is executing some very creditable colored poster work, as a bill just received will verify.
 —The drill shed at Guelph was gutted by fire about noon, on Monday. The fire was caused by a spark from a pipe.
 —The Baptists and Methodist Sabbath schools, of Hornby, went to Burlington Beach last week for their annual picnic.
 —Strawberries are only four cents a quart in London, Ont. Such are the advantages of living on a farm.—*Toronto World.*
 —A meeting of the Board of Education was held on Monday evening last. Only the ordinary monthly business was transacted. There were no accounts to pass.
 —Rev. Mr. Whitefield, of Lanarkshire, Scotland, preached interesting sermons in Knox Church last Sabbath. He will again occupy the pulpit next Sabbath.
 —An excursion, composed of the York Pioneers and their friends, to the number of about 500, passed through Acton on Tuesday for Guelph, where they spent the day.
 —The Cornet Band played on the street on Monday evening. Several of the recently married couples were serenaded. The members of the band were hospitably entertained by Mr. and Mrs. Geo. Havill.
 —A number of boys have been in the habit of amusing themselves on Sunday afternoon by smashing windows in the west side of Mr. Harvey's flour mill. If the offence is repeated the rascals will be summarily dealt with.
 —Rev. R. Phillips preached his last sermon as pastor of Crewson's Corners Methodist Church last Sunday afternoon to a large congregation. His term at the brick church will be concluded next Sunday.
 —Citizens desirous of spending a pleasant evening cannot do better than visit the garden party this evening. If weather is favorable it will be held on Mr. James Moore's lawn, otherwise in the basement of the Methodist church.
 —Some improvements have been made to the interior of Knox Church, which render it more tidy in appearance. We would be happy, though, to see the church replaced with an edifice in keeping with the large and well-to-do congregation worshipping there.
 —The quarterly examinations in the public schools will be held to-morrow. The examination will be in progress in the second and third departments in the forenoon, and in the first and fourth in the afternoon. Every friend of the pupils in the place is invited to be present.
 —The public schools in civic municipalities will probably close for summer vacation on the 30th June, or the first Friday in July—the legal closing day—comes the day after Dominion day, and there would naturally be few, if any, pupils in attendance that day.
 —It is asked how editors pass their leisure moments. Bless your dear soul, they don't pass them. They never catch up to them. An editor is usually from ten to forty years behind his leisure moments, and he always dies before he gets within gunshot of the rear most of them.
 —Civic holiday is already being talked about. Excursions are mooted for London, Forks of the Credit, Barrie and other interesting points. Our citizens should give the matter due consideration and then in good time announce the date and objective point for the annual holiday excursion.
 —The prize list of the forty-first Provincial Exhibition, to be held in Guelph, under the auspices of the Agricultural and Arts Association, of Ontario, on September 20th to 25th next, is before us. The list is as comprehensive as usual and embraces several new features. For a copy address HENRY WALK, Secretary, Toronto.
 —A new weekly paper, *The Toccin*, is being published in Hamilton by J. G. Y. Burkholder & Co. It is devoted to the cause of prohibition, and particularly to the enforcement of prohibitory laws. It will be published for ten weeks on trial, and if the necessity for its continuance is then apparent it will be made a permanent publication. The Free Press wishes it permanent success.

—Owing to the unfavorable condition of the weather on Monday evening, the lawn party to be given at the residence of Mr. James Moore was postponed until this evening. The Ladies Aid of the Methodist Church invite all to be present.

—The management of the Toronto Zoological and Acclimatization Society have sent us a season pass to the Zoological Gardens, for which the Free Press tender its thanks. Mr. Harry Piper, the efficient manager, has made the gardens an attraction to the city. It will pay our readers to visit the place, and they should make it a point to take the children with them.

—The Free Press has received, with the compliments of the Hon. John Carling, Minister of Agriculture, a very neatly gotten up book, entitled, "Colonial and Indian Exhibition—Canada: its history, productions and natural resources."—160 pages, with two comparative maps. The matter is interesting and very instructive, and no doubt much benefit will accrue to Canada from its circulation.

THE WEEK'S RAKINGS.
 Which are Principally Local and All Interesting.

Acton in a Healthy Condition.
 The report of the Sanitary Inspector at the meeting of the Board of Health last Thursday evening, showed the municipality to be in a satisfactory sanitary condition. A number of premises were found which the Inspector could not pass, and improvements were recommended. Some have complied, but a few yet remain upon apparently took no notice of the Inspector's request. These citizens are given until the 1st of July to put their premises in a clean and tidy condition, and it is hoped that at that date none will be found liable to the penalties of the Act.

Another Scott Act Case at Guelph.
 The case against W. C. Patterson for violating the Scott Act of the Queen's Birthday in connection with the Manchester Unity excursion to Guelph that day was concluded at the police court last Thursday afternoon. The defendant was convicted and fined \$50 and costs, amounting in all to \$92.20. This sum does not include Mr. Patterson's costs in defending the suit, which will probably amount to some two hundred dollars. Mr. Patterson has come to the conclusion that the Scott Act is not to be openly violated in Guelph with impunity after all.

Godey's Lady's Book for July opens its one hundred and thirtieth volume, and is especially bright and handsome number. The frontispiece, entitled, "The Wedding Day," is the companion picture to the one given in the June number. It is a pretty subject well rendered, and is made more attractive by being the subject of an original story from the pen of the well-known author, Augusta De Babna. Another pretty illustration, "The Old Story," is a quaint picture of a castle, with a fascinating poem written by Mary E. Bradley. The colored and black fashion designs give innumerable varieties of seaside and mountain costumes. "The Coronet of Thorns," by J. V. Fritchard, sustains its brilliant plot as the story nears completion. A bright translation from the German of E. Laddey, entitled "Found—Not Bought," is to be concluded in the next number. A variety of good short stories and poems complete a number that shows decided improvement under the new management. The subscription price of *Godey's Lady's Book* is \$2.00 a year, or \$1.00 for the six remaining months commencing with the July number.

Fishing Grounds Reserved.
 We understand that the owners of several farms through which the trout stream about two miles east of Acton passes, viz.: Messrs. Warren, Gordon, Mann, Kannawin and Shaw, have formed a compact to allow no fishing whatever on their premises. In this action they are perfectly reasonable and fully justified. For several years the farmers named have been exceedingly liberal in the granting of permits to those anxious to try for a basket of the "speckled beauties," and it is now desirable that a halt should be made in order to allow the stream to recruit, and the agreement entered into is a wise one. We sincerely hope that those who have been accustomed to visit this stream will now forego their visits and honorably acquiesce in the wishes of the farmers named. They have been so generous in the past that their desires should now be respected and we trust none of them will be put to the trouble of prosecuting trespassers. No man cannot claim any legal right to enter on private property in pursuit of fish or game, based on the custom so to do, for by entering thereon without permission in search or pursuit of either, the sportsman becomes a trespasser. As it is the present intention to refuse permission to all, any person or persons found on the premises named will be regarded as trespassers.

High Honors to an Acton Boy.
 At the 24th annual commencement exercises at St. Michael's College, Toronto, on Tuesday, the highest honors of the institution were conferred upon Mr. Richard Maloney, son of our townsman, Mr. R. Maloney, for examinations successfully passed at the close of the college year. Our young friend received the gold medal and first-class honors in the Literary course; the first-class scholarships in Natural Philosophy, Mental Philosophy and Christian Doctrine, and cash prizes amounting to between \$50 and \$75. The presentations were made by His Lordship Bishop O'Mahoney and Dr. Wilson, President of University College. In its report the *World* says:—"The students rendered a high class program of music and elocution in good style. R. Maloney, of Acton, a 19 year-old graduate and prospective priest, delivered a grand address on True Education, and F. Oloveyak read the valedictory." The *Free Press* says:—"A splendid address on 'True Education' was delivered by R. Maloney, of Acton, Ont., a young man of 19, who intends entering the priesthood, and who carried off high honors in the examinations." Mr. Maloney won a number of very creditable prizes at the examinations last year. He is a pious and careful student and fully deserves the distinction he has earned for himself. We have no doubt a prominent position will be commanded by him in future years.

Lacrosse Matches.
 During the week lacrosse matches have been played by both the Crescent and Star clubs, and although they each played good creditable games, they brought home no laurels. On Saturday evening, the Crescents went to Georgetown to have a friendly match with the Athletics, never dreaming that they would win, but in order somewhat to encourage the Athletics after their several defeats of late. Three interesting games were played, in which our boys gave their Georgetown friends some solid work, but the Crescents' goal succumbed each time to the Athletics' robber tossers. The Georgetown boys treated the visitors very courteously, but unfortunately kept them in their town long enough to miss the evening train, and the boys didn't arrive home until the one a.m. train Sunday morning. It is sincerely hoped that no future matches will be arranged for Saturday evening.

On Monday the Stars—juniors—went to Milton to have a match with the Junior Olympics of that town. They met players a good deal bigger and heavier than themselves, but, nothing daunted, faced them like little men, and gave the big fellows all they wanted to do. The Olympics won the first game, the Stars the second and third, and the Olympics the fourth and fifth. The best feeling prevailed throughout, and both the players and spectators treated our boys very friendly, giving them due credit for their playing.

Rockwood News.
 From our own Correspondent.
 Mr. Dan Strachan fills his father's pulpit here next Sunday evening.

Master Herbert Leo is slowly recovering from an attack of diphtheria.
 A large number of visitors from Georgetown and Guelph spent the Sabbath in Rockwood.
 Mr. Innes, the new tailor, is doing an extremely large trade. He is already very popular among our citizens.
 A few days ago we were visited by Messrs. McIntosh and Adams, of Toronto. They are genial fellows and have a host of friends here.

Mr. Chas. Pasmore's young son is recovering nicely from his injuries, sustained some time ago by the wheels of a passing vehicle.
 Mr. Jas. Mitchell, Hespeler, spent Sunday with his mother. He is always heartily welcomed by his numerous friends in Rockwood.
 Mrs. (Rev.) Strachan is suffering from an acute attack of erysipelas in the face. We hope she may be visited early by convalescence.

Watson Eakton, butcher, has given up business here, having found a more congenial spot in Guelph. He enters into partnership with his son, Mr. Thos. Jago, succeeds him; A Mr. Hearn also soon commences.
 Squire Strange, wife and daughter, Capt. D. L. Schiller and wife, and Dr. Dryden "did" the Musical Festival in Toronto last week. They report themselves pleased indeed with the splendid collection of talent that rendered music, the like of which Toronto never heard before.

Pic-nicking to Furlinich Lake is very popular among the elite of Rockwood this season. Those who are not elite are going shortly to Elora. The social status of the last mentioned was determined the other day by one of the pleasure finders at Furlinich.
 On Saturday evening last a case of assault and battery, was tried before Squire Strange. Offensive language used by one Charles Survey against Samuel Allan, employer of the former, induced Mr. Allan to chastise him with his fists. He was fined \$2.00 and \$2.35 costs by the Squire, who gave in exchange some very wholesome advice in a facetious tone.
 We have the sad task this week of relating the death by diphtheria of Chas. Lundy, the son of Mr. T. Lundy, blacksmith. The little fellow suffered extremely until death claimed him about noon yesterday. The sadness that pervades the neighborhood is increased by the fact that Mr. and Mrs. Lundy are themselves very low with the scourge that carried off their son. Mrs. Lundy's case is critical. We hope that both may recover shortly.

One day last week there was a large attendance at the farm of Mr. Robert Hamilton, who lives about a mile from the village, to erect a new barn. This was done quickly in splendid style, and no one hurt. Mr. Hamilton's popularity was, if possible, augmented by the handsome way he entertained the crowd. Tag-of-war, base ball, foot races, etc., were indulged in after the building was raised. A pleasant dance at night was much enjoyed by a good-natured collection of novices and a few others.
 Rockwood, June 29th, 1886. X. Y. Z.

DOMINION DAY.
 The Day to be Celebrated With More Than the Usual Hilarity Next Thursday.
 The committee representing the Driving Park Association is actively engaged in completing arrangements for the celebration on Dominion Day. The programme will embrace interesting base ball and lacrosse matches during the forenoon, to be followed by a complete list of athletic games and sports, for all of which attractive prizes will be given. A tug of war between Esquimaux and Erin will constitute a drawing feature in the day's amusements, and will provide an hour, perhaps, of fun for the spectators, if not for the contestants. At 2:30 p.m. the races will be opened with a green trot for a purse of \$40, and will be followed by a running race (open to all), a three-minute trot, and an open trot, for purses of \$40, \$70, and \$80 respectively. A party of callisthenians will likely meet the morning train and escort the visitors to the park. There will no doubt be a large gathering of people here on that day, and they will find ample accommodation for their comfort and pleasure. It is to be hoped that the weather will prevail, for everything else promises an auspicious condition.

THE COLONIAL EXHIBITION

Everyone from this part of the Queen's domain may not be privileged to attend the Great Colonial Exhibition in England, but no one having a due regard for their own interests should fail to witness the magnificent display of every class of WEAVING MATERIAL, STAPLE AND FANCY DRY GOODS, which invites the public to No. 27, Lower Wyndham Street. Although our daily sales have been very large, DAILY ARRIVALS OF NOVELTIES KEEP OUR STOCK ATTRACTIVE. We indulge in no nonsensical bombast, neither are we "hard up," but we emphatically impress on readers of this advertisement the FACT, that no one in the Trade of Guelph, whether "hard up" or not, offers better intrinsic value, or greater bargains than we do at No. 27. We do not offer piles of trash at seemingly low prices, but good, NEW, FRESH RELIABLE GOODS, that will stand the test of wear and comparison, and give the best of satisfaction to the purchaser. Our whole aim is, by treatment of customers, by our manner of business, by quality and value of goods, to win and hold the confidence of the public. That in this we are successful, the daily throng at our counters and the complimentary remarks of our customers bear witness. And so while not every one may take a transatlantic trip, everyone is obliged to do more or less shopping, and they have the opportunity of doing it in a manner pleasant and agreeable as well as profitable to themselves by calling at No. 27. This week we offer
