

WINDOW BLINDS

At Geo. Hynds', Acton. ANOTHER NEW STOCK OF PAPER BLINDS, ALL COLORS—NEAREST AND BEST IN TOWN.

THE FRUIT SEASON is now at its height, and is keeping all kinds of fruit as they come in.

The Acton Free Press.

THURSDAY MORNING, SEPTEMBER 10, 1886.

CRUMBS FOR BREAKFAST.

Provided by the Ever Thoughtful Free Press Reporters.

Galt has three brass bands. Division Court sitting to-day.

Some damp weather this week. Wingham's rate of taxation is 20 mills.

The farmers are busy sowing their fall wheat. Hundreds of our citizens visited Toronto yesterday.

Tomatoes are unusually plentiful here about this season. New subscribers are being added to our lists every week.

Poets of nature lean much upon the golden rod in the fall. Yesterday was a fine day and our citizens enjoyed the holiday.

Last Thursday's rain was welcomed by all, especially the farmers. Special—Twenty-five cents for the Free Press to end of the year.

Mr. W. H. Storey's fine residence is to be heated with steam next winter. Camping is about finished for the season. Its popularity is on the wane.

Eighteen mills is Welland's rate of taxation. This is two mills less than last year. It is a good time now to resolve to be a better business man and to secure trade by advertising.

Niagara Falls town council has furnished its clerk a type writer for use in correspondence. The work on Mr. Harvey's new roller mill at the foot of Mill street will be completed in a few days.

Now that the harvest is over and seedling well advanced the farmers will likely bring in their grain. The Welland Tribune entered upon its 30th year last issue. It is an interesting and enterprising local paper.

See advertisements in this issue. Our advertisers are continually having something good to tell the people. Georgetown has had the first tea-meeting of the season. It was given by the W.C.T.U. and was a success.

Messrs. Bell & Co., Guelph, contemplate building an addition to their organ factory, and tenders are asked for the same. The survey for the Canadian Pacific connection with Guelph has been completed. The new line is something hoped for in the indefinite future.

To him that hath shall be given. The Free Press deserves its job patronage, as it always turns out a job creditable to typographical art.—Milton Sun. The new Methodist church at Burlington is nearing completion, and when finished will be the prettiest and largest structure of the denomination in the county, except Oakville.—Star.

At the recent election of elders in Knox Church, Messrs. Arch. Campbell, D. Henderson, Alex. Kennedy, Dr. Lowry, Lechlan McMillan and John Cameron were the candidates elected. The household goods of Thomas Ramshaw will be sold by public auction at Agnew's Hotel on Saturday, commencing at five o'clock, to satisfy a landlord's warrant issued by Mr. John Kenney.

The churches and other organizations of Peterboro combined recently to make a present to the town of over \$300, being the result of several entertainments given with that end in view. Mr. F. Copeland, who has been working in the factory of Aldous & Co., met with a circular-saw accident the other day by which the first finger of his right hand was cut off.—Georgetown Herald.

We'll put Acton bakers against any others in the country for good bread. Not a town in the Dominion is supplied with better bread than Acton. Messrs. Statham and Matthews are both doing a good business, too. The Norwich Gazette now sports a fine new heading, and has become ended with sufficient independence to discard its "patent outside" and become a loyal home paper in every sense of the word. The Free Press congratulates.

Erin is evidently as wild as ever. The Advocate says:—A largely signed petition will be presented to the Village Council at their next meeting praying them to take steps towards the suppression of the hoodlums who prowl about and commit acts of petty theft and vandalism at night. It is stated, says the Erin Advocate, that the Pietresque Canada-folks had 128 victims in Erin township, and they accepted and paid for the books in every case. This was the wisest course, and if it will prevent people signing orders to strangers it will be money well spent. The aggregate sum paid will amount to \$2,584.80.

Guelph to Have Electric Light. A deputation of Guelph Aldermen have been to Toronto, Peterboro' and other places, where the "Ball" and "Royal" systems are in use, and after a thorough examination report as follows:—Your committee have not seen any lights giving better satisfaction than those in Guelph, where the "Ball system" is in use. The report of the committee was adopted, and the streets of Guelph are to be lighted with the Ball system. The number of lights will be limited to twenty-five.

THE WEEK'S RAKINGS.

Which are Principally Local and All Interesting.

The Town's Holiday. Civic Holiday was evidently heartily welcomed by our citizens.

Children on the Street at Night. There are too many children on the streets at night. Parents, if you could realize the immoral education your dear ones are receiving, you would certainly be less lenient in this direction.

Close at 7:30 O'clock. The evenings are growing longer. It is about time some arrangement was made by the merchants for the uniform closing of their respective places of business at about 7:30.

Examples of Printing. Knowing that the Acton Free Press sent samples of printing to the Colonial Exhibition in England, we made a proposition to exchange samples for mutual benefit.

The Brant Monument. At last the citizens of Brantford have taken hold of the preparations for unveiling the Brant monument, and the occasion will be suitably commemorated.

The Milton Waterworks. The San gathers that the Milton council committee on waterworks met on Monday evening.

A Sprightly New Journal. On Saturday the first issue of the Woodstock Daily Sentinel-Review, was presented to the public.

Arrangements for Comfort. The trustees of the Methodist Church, after experimenting with various coal and wood furnaces during the past two or three years in the effort to satisfactorily heat the church, without success, have decided to introduce a complete system of steam heating apparatus, and those who attend the church may henceforth expect to find the place comfortably heated.

An Illustrated Lecture. On Wednesday evening, the 22nd inst., a lecture will be delivered in the Methodist church by the Rev. Charles Deacon, of Fort Rowan.

Wedding Bells. The residence of Mr. L. Gray, 106 Barton St., Hamilton, was the scene of an event in which was centred more than ordinary interest yesterday afternoon.

Erin is evidently as wild as ever. The Advocate says:—A largely signed petition will be presented to the Village Council at their next meeting praying them to take steps towards the suppression of the hoodlums who prowl about and commit acts of petty theft and vandalism at night.

It is stated, says the Erin Advocate, that the Pietresque Canada-folks had 128 victims in Erin township, and they accepted and paid for the books in every case. This was the wisest course, and if it will prevent people signing orders to strangers it will be money well spent. The aggregate sum paid will amount to \$2,584.80.

Guelph to Have Electric Light. A deputation of Guelph Aldermen have been to Toronto, Peterboro' and other places, where the "Ball" and "Royal" systems are in use, and after a thorough examination report as follows:—Your committee have not seen any lights giving better satisfaction than those in Guelph, where the "Ball system" is in use. The report of the committee was adopted, and the streets of Guelph are to be lighted with the Ball system. The number of lights will be limited to twenty-five.

Great Temperance Convention.

A special convention of the Dominion Alliance has opened in the Temperance Hall, Toronto, Tuesday afternoon.

Recognising the fact that the hosts of purchasers, who from the neighboring towns and municipalities run by rail to Guelph for their Dry Goods purchases, as a rule do not come here to buy common every day staples, but the better class of goods—the very newest styles—in fact such goods as merchants in smaller places cannot afford to show a large assortment of, we direct special attention to No. 27 Lower Wyndham Street, the acknowledged business house for the newest, choicest and best of the market.

Believing in the principle, "Promptly on Time," we have already opened upwards of 40 cases and bales of New Fall Goods, and while we have still a few lines of Summer Goods which we are clearing out at discounts of 10 to 50 per cent., we direct special attention to our new lines of Dress Goods, new lines of Black and Colored Silks, new lines of Plushes, new lines of Striped Velvets, new lines of Mantle Cloths, new lines of Tweeds, new lines of Costings, new lines of Fancy Gloves and Ribbons, in fact new lines in almost every department which place the attractions at No. 27 far beyond anything offered by other houses.

We invite every purchaser to call on us, and especially urge our friends from a distance to come and see us. It will repay you, we keep such a large stock and do such a large trade in nice, choice goods, that you cannot help but find it pleasant and profitable to favor us with your patronage. We offer all goods at close cash prices, do not sell on credit, do not pester people to buy more than they want, and give attention and fair treatment to all our customers. If you are not of that number begin now.

Believing in the principle, "Promptly on Time," we have already opened upwards of 40 cases and bales of New Fall Goods, and while we have still a few lines of Summer Goods which we are clearing out at discounts of 10 to 50 per cent., we direct special attention to our new lines of Dress Goods, new lines of Black and Colored Silks, new lines of Plushes, new lines of Striped Velvets, new lines of Mantle Cloths, new lines of Tweeds, new lines of Costings, new lines of Fancy Gloves and Ribbons, in fact new lines in almost every department which place the attractions at No. 27 far beyond anything offered by other houses.
