It promotes a free and easy dients which are not of the highest standard expectoration, soothes irritation and drives the disease from the system.

The Most Effective and Popular Remedy Ever Discovered.

DIFFERENT DISEASES?

WHY she remedy can effect to many cases is this: The diseases have a common cause, and a remedy that can effect the cause, permanently cures all the diseases. Unlike any other organ in the body, the Kidney when diseased may itself be free from pain and the very fact that it is not painful leads many people to dony that it is diseased. But Medical Authorities agree that it can be far your with disease and yet give forth no pain, because it has few if any nerves of sensation, and these are the only means of conveying the sense of paint thus unconsciously diseased it affects the entire system. We do not open a watch to see if it is going or is in good order. We look at the hands or note the securacy of its time. So we need not open the kidney to see if it is diseased. We study the condition of the system. Now then, KIDNEY DISEASE produces any of the following common and un-

SYMPTOMS: Back sche; unusual desire to arinate at night; fluttering and froth in water; irritated, hot and dry skin; fickle appetite; scalding squations; acid, bitter taste, with furred tongue in the morning; headache and neuralgia; abundance of pule or scanty flow of dark-colored vater; sour stomach; heartburn with dyspepsia; intense pain upon scanty flow of dark-colored vater; sour stomach; heartburn with dyspepsia; intense pain upon scanty flow of dark-colored vater; sour stomach; heartburn with dyspepsia; intense pain upon scanty flow of dark-colored vater; sour stomach; heartburn with dyspepsia; intense pain upon scanty flow of dark-colored vater; sour stomach; heartburn with dyspepsia; intense pain upon sudden excitement in the small of the back; deposit of mucous some time after urination; loss of memory; rheumatism, chills and fever and pheumonia; dropsical swellings; red or white brick dust, albumen and tube casts in the mater: constitution, alternating with looseness; short breath, pleurisy and bronchial affections; yellowish pale skin, etc.

These are only the chief disorders or symptoms caused by a diseased condition of the idneys. Now then, isn't it clear to you that the kidneys, being the cause of all these derangements, if they are restored to health by the great specific "Warner's SAFE Cure, majority of the above ailments will disappear! There is NO MYSTERY ABOUT IT. It does cure many bad states of the system precisely as we have indicated. Now when the kidners are diseased, the albumen, the life property of the blood, escapes through their walls and passes away in the water, while the urea, the kidney poison, remains, and it is this kidney poison in the blood that, circulating throughout the entire body, affects every organ, and roduces all the above symptoms.

Therefore, we say confidently that "Warner's SAFE Cure" is THE MOST EFFECTIVE MEDICINE EVER DISCOVERED for the human race. It is the common remedy which, evercoming the common cause, removes the greatest possible number of cril effects from the spe-Let us note a fee of these diseases and how they are affected by kidney poison, and

CURE." "WARNER'S SAFE

CONSUMPTION: In a great many cases Consumption is only the effect of a diseased condition of the system and not an original disease; if the kalueys are inactive and there is any natural weakness in the lungs, the kidney poison attacks their substance and eventually they custe away and are destroyed. Dip your finger in acid and it is burned. Wash the finger every day in acid and it soon becomes a festering sore and is eventually destroyed. The kidney poison acid in the blood has the same destructive effect upon the image: For this reason a person whose kidneys are ailing will have grave attacks of Paramonia in the Spring of the year, Lung fevers, Coughs, Colds, Bronchitis, Pleurisy, etc., at all seasons of the year. Redtify the action of the kidneys by "Warner's SAFE ('ure," as many hundreds of thousands have done, and you will be surprised. of the improvement in the condition of the lungs.

though we have never urged it as a cure for disordered eye-sight, many persons have writtenus expressing surprise that after a thorough course of treatment with "Warner's SAFE Curr, their eve-sight has been tristly improved. In fact, one of the best oculists in the country says that half the patients that came to him with had eyes, upon examination he discovers are rictions of kidney disorder. We have no doubt that the reason why so many people complain of failing eye-sight early in life, is that, all unconscious to themselves, their kidneys have been out of order for years, and the kidney poison is gradually ruining the system.

OPIUM HABITS: It is a well-known fact, recently shown anew, that opium, morphine, cocaine, whisky, tobacco and other enslaving habits capture their victims by their paralyzing effects upon the kidneys and liver. In these organs the appetite is developed and sustained, and the best authorities state that the habits cannot be gotten cid of tritil the kidneys and liver are restored to perfect health. For this purpose, leading medical authorities, after a thorough examination of all-claimants for the honor of being the only specific for those organs, have awarded the prize to "Warner's SAFE Cure."

RHEUMATISM: Every reputable physician will tell you that rhoumatism is caused by an acid condition of the system. With some it is uric acid, or kidney porson; in others, it is lithic acid, or liver poison. This acid condition is caused by imetivity of the kilneys and liver, false action of the stomach and food assimilating organs. It affects old people more than young people because the acid has been collecting in the system for years and finally the system becomes entirely acidified. These acids produce all the various forms of rheumatism. "Warner's NAFE Cure" acting upon the kidneys and liver, neutralizing the acid and correcting their false action, cures many cases of rhounatism. "Barner's SAFE Rhounatic Cure," alternating with the use of "Warner's SAFE Cure," completes the work.

BLADDER DISOPDER : Gross and other high medical authorities say that most of the bladder diseases origimite with fulse action of the kidneys, and urmary tract. Uricacid constantly coursing through these organs inflames and eventually destroys the inner membrane producing the intense suffering. Sometimes this kidney acid solidities in the kidneys in the form of Gravel, which in its idescent to the bladder produces kidney colic. Semetimes the acid solidities in the Bladder, producing calculous of Mont. "Waterr's NAFE Care" has restored thousands of cases of inflammation and catarrh of the bladder and has effectively corrected the tendency to the formation of gravel and stone. It challenges congerism with all other remedies in this work.

"WARNER'S CURE." AAVIIIAPIIO

CONCESTION: Congestion is a collecting together of blood in any one place.

If there is loss of nervous action in any organ the blood vessels do not allow the blood to circulate and it stagnates. If this condition exists very long the collecting blood clots and eventually destrous the organ. Many persons are unconscious victims of this very common condition. The heart, determined as it is to force blood into every part of the system, has to work harder to get it through the clegged organ, and eventually the Heart breaks down and pulpitation, excessive action, rush of block to the head, distressing head sches, indicate that the Connection has become circuit and is doing damage to the entire system. Congestion of the kidneys is one of the commonest of complaints and is the begianing much chronic misers. "Warner's SAFE Cane" will remove it.

FEMALE COMPLAINTS: What we have said about Congestion apbegin in this congestive condition of the system, which, not being regularly corrected, grows into disease and produces these countless sufferings which can be alluded to but not described in a public print. Thousands have been permanently cured.

SORDERS : It is not strange that so many, many people write us that since they have given themselves thorough centment with "Warner's SAFE Cure" their thick and turgid blood, their heavy; blotched, irritable skin have disappeared under its potent influence. The kidney poison in the blood thickens it. It is not readily purified in the lungs, and the result is the impurities come out of the surface of the body, and if there is any local disease all the badness in the blood seems to collect there. Our experience justifies us in the statement that "Warner's SAFE Cure" is "the greatest blood purifier known." The treatment must be very thorough.

STOMACH DISORDERS: Many people complain more or less throughout the year with stomach disorders: Dys. pepsia, Indigestion, Waterbrash, heat and distress in the stomach, sharp pains, frequent aches, want of appetite, lack of energy. Now, these are exactly the conditions that will be produced in the stomach when the blood is filled with kidney poison: People dose themselves with all sorts of stomach reliefs, but get no better: They never will get better until they give their attention to a thorough reviving of kidney and liver action by the means of the only specific-"War-

are not original disorders, but are secondary to imperfect action of the kidneys and liver. The natural cathartic is bile, which is taken from the blood by the liver. If the liver fails the bile is not forthcoming and the person gets into a constipated habit. This, eventually followed by piles, is almost always an indication of congested liver and a breaking down of the system. Remove the congestion, revive the liver and restore the kidneys by the use of "Warner's SAFE Cure," and these constitutional secondary diseases disappear.

HEADACHES: Many people suffer untold agonies all their lives with headstruck the cause. With some temperaments, kidney acid in the blood, in spite of all that can be done, will trritate and inflame the brain and produce intense suffering. Those obstinate head-aches which do not yield readily to local treatment, may be regarded quite certainly as of kid-

THESE ARE SCIENTIFIC FACTS, and, from the way we will plainly be seen, that the statement we make, that "Warner's SAFE Cure" is the "most effective remedy ever discovered for the greatest number of human diseases," is justified. It is not a remedy without a reputation. Its sales for the past year have been greater than ever, and the advertising thereof less than ever, showing incontestably that the merit of the medicine has given it a permanent place and value

People have a dreadful fear of Bright's disease, but we can tell them from our experience People have a dreadful fear of Bright's disease, but we can tell them from our experience that it is the ordinary kidney disease that produces no pain that is to-day the greatest enemy of the kuman race: great and all powerful, because in nine cases out of ten, its presence is not suspected by either the physician or the victim! The prudent man who finds himself year after year troubled with little odd aches and allments that perplex him, ought not to hesitate a moment as to the real cause of his disease. If he will give himself thorough constitutional treatment with "Warner's SAFE Cure" and "Warner's SAFE Pills," he will get a new lease of life and justify in his own experience, as hundreds of thousands have done, that they will disappear when those organs are restored to health. will disappear when those organs are restored to health.
