THURSDAY MORNING, MAY 19, 1887.

NOTES AND COMMENTS.

It is reported in Ottawa that Sir Leonard Tilley will be appointed High Commissioner to England to succeed Sir Charles Tupper.

Thirteen of the leading hotelkeepers in St. Thomas pleaded guilty to violation of the Scott Act last Thursday, and paid a fine of fifty dollars each.

A feature of the tariff changes announced in the budget speech of the Finance Minister last week was the total abolition of the duty on anthracite coal. This change will be much appreciated.

His Excellency the Governor-General has proclaimed Tuesday, 21st June, as a day of general thanksgiving and rejoicing to celebrate the 50th anniversary of the accession of her Majesty to the throne.

The Dominion Government will be shortly asked to amend the law of libel so that a newspaper publisher shall not be called upon to defend an action brought against him in a court outside of the province in which his newspaper is published.

Evidently Sir John Macdonald knew what he was talking about when he said last month that he would have 40 of a majority. The second vote in the House gave him a majority of 42. Nothing like being behind the scenes when one wants to speak by the book.—*Canadian American.*

Mr. Cargill, when prosecuting his canvass in East Bruce, wherever he struck a strong temperance man, appealed for his support on account of his sympathies in that direction and his past record. Now, having obtained their votes, he cooly introduces a bill in Parliament to repeal the Scott Act. "Oh, consistency, thou art a jewel."—Walkerton Telescope.

Another anti-Scott Act outrage is reported, the house of Inspector McKay, of Orillia, having been partly wrecked by roughs. Such outrages have been frequent of late, and few, if any, of the participants have been punished. It is surely time such lawlessness was suppressed, and if the good name of our fair province is to be maintained, it must be dealt with summarily.

The *Champion* of last week says, respecting an amendment to the Scott Act introduced in the House of Commons: "Canadians are made from different stuff from Maine Yankees. They will not submit to this tyrannous amendment, and if it passes and an attempt is made to enforce it there will be serious trouble." Just so. But when folks make "serious trouble" they sometimes get put in jail.—*Herald*

About 15,000 people assembled in the Queen's Park, Toronto, on Saturday afternoon at the public meeting called to protest against Mr. William O'Brien's mission. Resolutions to that effect and also expressing confidence in the Parliament of the United Kingdom for a wise and just settlement of all questions relating to Ireland were carried almost unanimously. Some wise and sensible things were said, but a great many unwise and unfair expressions were spoken from the platform.

The Ottawa *Free Press* says:—Mr. Waldie, the new member for Halton county, addressed the House of Commons for the first time last night, making a practical and sensible speech. The subject under discussion was the proposal to increase the duty upon print cottons. Mr. Colby having stated that the Magog company desired increased protection to enable them to manufacture their own cotton cloths. Mr. Waldie pointed out that in England the proprietors of print works do not manufacture their cotton cloths, at all, but purchase them from the ordinary cotton weaving mills, and that the Magog Print company might aid in working off the stocks of the ordinary cotton mills throughout the country by buying their cottons. Mr. Waldie's majority was only nine, but nine is the magic number, and as he is showing himself a pratical and useful legislator, the people of Halton will no doubt re-elect him by a greatly increased majority when next he appears before them.

MUST ANNEX CANADA.

Still a new line of English steamers has been added to carry the Canadian Pacific freight from the mouth of Puget Sound to China and Japan. Their course is about forty-eight hours shorter than that from San Francisco; and the course, by water and rail, from Liverpool to Puget Sound over the Canadian Pacific is about sixty hours shorter than from Liverpool to San Francisco over our Pacific roads. Net gain to the English line, four days and a half; and they have no Inter-State Commerce Commission to bother them. It will not be many months before it becomes manifest to our colossal statemen that we must take in Canada.—*Cincinnati Enquirer.*

TELEPHONE PROFITS.

In reference to an item which appeared in several Canadian papers last week, calling attention to the receipts and expenses of "The Bell Telephone Company," (which naturally was taken by the Canadian public to refer to the telephone business here), the Vice-President of the Bell Telephone Company of Canada writes to say that the Company meant is the American Bell Telephone Co., of Boston, and that the Bell Telephone Co. of Canada is an entirely different concern, having no interest in the American Company, but owning its own patents and operating its own Exchanges and lines, and that the dividends of the Canadian Company, since its organization seven years ago, have not averaged over five per cent. per annum.

Even the business of the American Co. was not correctly stated in the item mentioned above, the expenses, according to its last annual statement, having been nearly a million dollars more than the amount stated.

MR. O'BRIEN IN TORONTO.

A Big Racket but no Riot.

Mr. Wm. O'Brien, the Irish agitator together with Dinnis Kilbride, one of the evicted tenants from Lord Lansdowne's estate, Luggacurran, Ireland, arrived in Toronto on Tuesday at 11 a. m. by G.T.R. train from Montreal.

They were met at the station by a deputation of the Local Land League, and were at once driven to the Rossin House, where an address of welcome was read by Mr. D. P. Cahill, secretary of the local branch of the league, after which Mr. O'Brien made a suitable reply. The crowd from the station to the hotel mingled, cheers, groans, hisses and songs, and at times a riot seemed inevitable, but owing to the presence of a strong police force, such a calamity was averted.

At the meeting in the Queen's Park in the afternoon, about ten thousand people were present, quite a number of whom were ladies

Mr. O'Brien's speech could not be heard ten feet away from the platform, so noisy were the factions in the crowd who kept up a perfect volley of cheers and groans, and the singing of "God Save the Queen" and "We'll hang O'Brien on a sour apple tree" showing evidently that his mission to Canada for the purpose of influencing the public opinion against our Governor-General Lord Lansdowne, was not in favor with the citizens of Toronto.

When Mr. Kilbride attempted to speak, so great was the cry of "Pay your rent" that he was obliged to give up the attempt. Altogether Mr. O'Brien's visit to Toronto so far as being able to influence public opinion against Lord Lansdowne was a complete failure.

Canada is not the country for such agitators. They had better remain at home.

MR. O'BRIEN'S MEETING.

Mr. O'Brien's meeting in the Queen's park yesterday afternoon passed off, we are glad to say, without serious disturbance. Mr. O'Brien is said to be an eloquent platform speaker—he is certainly a plucky one—but he was not permitted by the noisy youths who insisted upon singing "God Save the Queen," to do more than gesticulate in dumb show. It is greatly to be regretted that he was not allowed to deliver his address in peace. Nothing can justify the suppression of free speech, and those who literally shouted down Mr. O'Brien were guilty of conduct that admits of no sort of excuse. Mr. Kilbride was treated in a similar fashion, a perfect hurricane of "Pay your rent" rendering what was evidently a forcible speech quite inaudible.

Mr. O'Brien has now appeared at Toronto, Montreal and Quebec. Up to the present he has been avoided, in public at any rate, by the Roman Catholic clergy of both provinces, who may be supposed to know something of the drift of public sentiment. Further, not a single member of the Dominion Parliament or of the Ontario or Quebec Legislature has appeared by his side on the platform—no, not even Mr. Curran or Mr. Fraser. This ought to satisfy Mr. O'Brien of the utter hollowness of the action of our representatives on the Irish question. We venture to suggest that he should pocket his pride and depart from the country without fulfilling any further engagements. The city of Quebec, or rather that portion of it which is inhabited by the ship-labourers, who are Nationalists to a man, received him cordially; but the Montreal meeting was not successful, while yesterday's was from every point of view a failure. Under such circumstances, what can Mr. O'Brien hope to achieve by carrying the torch of discord to Kingston and Ottawa?—*Toronto Mail.*

MUNICIPAL QUALIFICATIONS.

Some misunderstanding having arisen as to the qualifications of members of Municipal Councils as rearranged last session it is worth while to repeat them. The qualification for mayor, alderman, reeve, deputy-reeve or councillor will be as follows;—

Must be a male of 21 years old, and not disqualified under the Act. British subject by birth or naturalization. Has or whose wife has, at the time of the election, as proprietor or tenant, a legal or equitable freehold or leasehold, or partly freehold and partly leasehold, or partly legal and partly equitable, rated in his own name, or in the name of his wife, on the last revised assessment roll of the municipality, to at least the value following, over and above all charges, liens and incumbrances affecting the same:—

1. In incorporated villages—Freehold to $200 or leasehold to $400.
2. In towns—Freehold to $600 or leasehold to $1,200.
3. In cities—Freehold to $1,000 or leasehold to $2,000.
4. In townships—Freehold to $400 or leasehold to $800.

And so in the same proportions in all municipalities, in case the property is partly freehold and partly leasehold.

But if within any municipality any such person is, at the time of election, in actual occupation of any such freehold, rated in his own name, or in the name of his wife, on the last revised assessment roll of the said municipality, he will be entitled to be elected, if the value at which such freehold is actually rated in said assessment roll amounts to not less than $2,000, and for that purpose the said value shall not be affected or reduced by any lien, incumbrance or charge existing on or affecting such freehold.

Astonishing Success.

It is the duty of every person who has used *Boschee's German Syrup* to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as the *German Syrup* cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at ten cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

PURELY PERSONAL.

Paragraphs Respecting People with Whom our Readers are Individually or Collectively Acquainted.

Rev. C. R. Lee was in town this week.

Mr. Z. A. Hall, of Penetang, was in town last week.

Mrs. L. Gray, of Toronto, is the guest of the editor of the FREE PRESS.

Rev. Wm. Williams, well known in Acton, has been made a D. D. of Victoria University.

Mr. Sam Moore, of Toronto, formerly of Acton, is visiting friends in his former home.

Mr. Byard and Miss Maggie Hall, of Hornby, visited friends here on Saturday and Sunday.

Mr. John B. Cameron, and Mrs. Charles Cameron attended the funeral of a relative in Brampton on Monday.

Mr. and Mrs. D. McGibbon, of Milton, were the guests of Mr. D. Henderson, banker, a couple of days last week.

Rev. R. Phillips and Mr. H. P. Moore attended the District meeting of the Methodist Church, at Georgetown on Tuesday and Wednesday.

The quarterly official meeting of the Methodist Church, Acton, have given a cordial and unanimous invitation to Rev. R. Phillips to remain as the pastor for another year, which Mr. Phillips accepted.

The numerous friends of Mrs. John Matthews will be pleased to hear that she is gradually regaining the use of her limb, fractured at the knee some weeks ago. Under the skilful treatment of Dr. Lowry progress has been rapid.

The Guelph *Mercury* says that Mr. Eli Snyder was made the recipient last Thursday evening, prior to his removal to Toronto, at the hands of his Sabbath school class of young ladies, of an address expressive of appreciation of his services as their teacher, and a handsomely framed photographic group of the class. Mr. Snyder thanked them for the kind feelings that prompted the gift and said he should always look back over the time spent in work in the Sabbath School as some of his happiest hours.

The Woodstock *Sentinel Review* says:—"At the last meeting of the Quarterly Board of the Princeton Methodist Church the unanimous adoption of the following resolution formed a fitting and happy finale to the proceedings:—Moved by Joseph Strong, seconded by Jacob Hess, and resolved, "That while it is not customary at the end of the first year's pastorate to invite the minister to return to the circuit, yet the fourth quarterly official meeting desires to express its thanks to the Rev. T. A. Moore for the very efficient work he has done during the past year in conducting the affairs of this circuit, both in its spiritual and financial interests, and sincerely trusts that the prosperity which has come to us, and the harmony which exists among us, may ever continue."

SCOTT ACT AMENDMENT.

The threatened amendment to the Scott Act, to allow the sale of ale, beer and wine, came down before the Commons on Monday afternoon, having been placed in the hands of Mr. Tyrwhitt for presentation. The bill is in one clause, which reads thus:—"The dealing in and sale of ales, porter, lager beer, cider and wine shall be exempt from the operation of the Canada Temperance Act"—only this and nothing more. Parliament has now before it four Scott Act bills, Mr. Jamieson's to make the measure more workable, Mr. McCarthy's to amend the procedure, to give druggists more freedom and to enable brewers in Scott Act counties to sell in such counties, Mr. Cargill's to repeal the Act and now Mr. Tyrwhitt's to allow the sale of ale, beer, etc., in Scott Act counties.

"Seeing is a long step towards knowing." That's the reason we take each season so much pains with our Millinery Display. The Millinery Trade is a peculiar trade. It's the most difficult thing in the world to make up your mind just what material, what shade, what shape, the "crowning article of dress" is to be. You can't do it until you see what's to be worn, what the arbiters of fashion have prepared. Then a perfect revelation dawns upon you, things you have never thought of, such odd combinations, such jim crack shapes, here a bunch of flowers, there a dab of ribbon, a delicate bit of lace, a plume, or bunch of tips stuck or the queerest and oddest shape or frame imaginable, and yet the whole producing a perfect harmony, a triumph of the milliner's art. Something strikes your fancy that you had never dreampt of, and so the great question of "what shall I wear" is settled in a moment. "Our Opening" of last week was without exception the most successful we have ever held. More goods sold, more orders taken, more congratulations received, and more visitors entertained than ever before. But it's only the beginning, as the first few buds are to the full blossomed tree, so was the display of last week to what it shall be as the season advances. Novelties every day. More goods, greater variety of loveliness.

The attractions in Dress Materials continue. Our shelves are loaded. No need for any one to go abroad for their Dress Material or Dressmaking. We give you the height of perfection in this line, novelty of material, beautiful blending of trimmings and garnitures, the very best talent and experience in designing and making up, all continue to assure our patrons of the very best.

Our PARASOLS and SUNSHADES are materials of good value this season. Almost every class of material and value to suit any and everybody.

By the way did you have a look at our Plush Brocades on Grenadine grounds? Just the loveliest goods for light Spring Wraps, or Dolmanettes you could imagine, and at a very moderate price. If you have not and need anything in that line do so while the variety lasts.

Lace curtains, Curtain Nets, Striped and Plain Scrims, well our space is giving out Come and see them. We have a special lot in which we can save you 25 to 50 per cent in price.
