

The Young Folks.

GO TO SLEEP.

How does the baby go to sleep? In its silver cradle, soft and deep? A wisp of purple, crimson, gold, Red in its face, and white in its fold.

A WICKED CAT.

BY CLARA G. HOLLYER.

Oh! Pussy with the bushy tail, Are you a wicked cat? You curl your claws upon a mat, And walk as slow as any snail.

JINGLES AND JOKELETS.

HOW A MILLIONAIRE EARNED A SILVER DOLLAR.

There is nothing strange in the fact that a man worth millions should earn a silver dollar, but you may be interested to learn how he came into possession of this particular dollar.

A gentleman one day noticed a plainly dressed woman, with her children, standing upon the city sidewalk, looking at a brown stone church, almost embowered in the shade of the graceful trees that are the pride of a New England city, famed for its romantic situation.

It may be as convenient a point as any in my story to say that not long after this the mother found out that the kind gentleman who had taken time to show her the church, welcome her family to its services, and bring the children into the Sunday-school, was the great mill owner and millionaire of the city.

FOR THE LITTLE ONES. This morning I read this beautiful extract—and I want to impress it on your mind.

It is not what we read, but what we remember that does us good; not what we earn, but what we save; not what we eat, but what we digest; not what we intend, but what we do, that makes us useful.

In Brief, And to the Point. Dispersed is beautiful. Dispersed life is misery. Indigestion is a foe to good nature.

Remember to be happy without health. But Great-Aunt-Agnes-Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Bleeders. Atonic Compound Syrup is a combination of several medicinal herbs which exert a most wonderful influence in curing pulmonary consumption and all other diseases of the lungs.

Rest and Comfort to the Suffering. "Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back, or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache.

ASTONISHING SUCCESS. It is the duty of every person who has used "Brown's German Syrup" to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething.

Beautiful! said the drummer. Sixty birds in two hours, and only missed two shots. A quiet gentleman sitting in the corner of the hotel office put down his paper, rushed across the room and grasped him warmly by the hand.

It appears by the tests that the proportion of color-blind men is as one to a million in comparison with those who are blind to their own interests.

Do you see, said Dr. Arnold to an assistant teacher, those two boys walking together? I never saw them together before. You should make a special point of observing the company they keep; nothing so tells the change in a boy's character.

THE PRINCIPLE OF TREATMENT. There is no better remedy for frost bites, chills and similar troubles, than Hayward's Yellow Oil. It also cures rheumatism, lumbago, sore throat, deafness, and lameness and pain generally.

There is not a more dangerous class of disorder than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Electric Oil—a pulmonary of acknowledged efficiency. It cures lameness and soreness when applied externally, as well as wretched neck and crick in the back.
