NOW TO MARK YOUR BALLOT.

It is very necessary that the electors to his county make themselves thoroughly causinted with the form of the ballot to be used in the election for the repeal of the Scott Act on Thursday, 1st March. The e ectors must understand that it is "For "or "Against" the Scott Act they are voting, but, " For " or " Against" the petition for the repeal of the Scott Act. The ballot prepared for this occasion accedingly plain and simple in nature and no voter should make any mistake in mark ing it. However, to make the mattter clear to all we give her with the form the ballot to be used :-

THE DOMINION WASHER & WRINGER

PATENTED, 1885. THE most perfect and complete Wither and Wringer in the Dominion. It take the wherever introduced; it washes easily; if washes quickly: it washes clean. With it a doses articles of average size can be washed and wrong out within five minutes. This machine is a casily operated and does its work so perfectly and so quickly, that wherever introduced it is soon recognized as an article of necessity. It washes upon the same principle as handrabbing, yet so gently that it does not injure even the finest labrics. It is self-adjusting and washes even the finest linen or the largest blanket with equal case. It does not partiall wash the clothes, leaving there to be anished hand, but does its work perfectly and completely, doing away with the washboard and his rubbing altogether. It washes a dozen or more A. L. Burke, of Hamilton Out., the patenties ed that will accomplish its work equally as well, as quickly, as easily and with as little injury to the clothes. Every machine guaranteed to pre-
