AN INDIAN RAID.

The savages on the War Path—Red Knife's terrible raid—Miriam Dane, the belle and heroine of the frontier—The famous scout and Indian fighter to the rescue.

Red Knife, an Indian chief of unparalleled cruelty and ferocity, while raiding the frontier and murdering the inhabitants, captured a beautiful white girl—Miriam Dane—who he resolved to save alive and drag to his lair. He also took Miriam's parents alive, so as to compel the heroic girl to obey him in order to save them from torture.

It is a story of a man used to think there was more danger in chasing the grizzly bear than there was in chasing him with the rifle. I saw him get most of my friends, and I probably the method of trapping these men was changed since then. Our traps used to be ponderous, and they were made of heavy logs and heavy posts, and with steel jaws worked by springs so that it required two men using a lever to force them down to the jaws of the trap could be set and held open by the early spring pan.
