

DIED.

John D. Henderson, resident at his residence, 100 King Street, Guelph, Ontario, died on July 23, aged 74 years. Father of Rev. J. E. Howell, M.A., B.D., D.D., Minister of the First Presbyterian Church of Guelph, Ontario, he was buried on Saturday morning, the 25th instant, at the First Presbyterian Cemetery, two miles from Guelph.

NOTES AND COMMENTS.

Temperance sentiment has become powerful in Acton party meetings to-night.

Conservative convention at Milton Saturday, Mr. Henderson will in all probability receive and accept the nomination.

An important invention in railway practice, which was recently received by a Baltimore engineer for welding steel rails by electric arc without track layers to lay a continuous track. The ends of the rails, after they are placed in the track, are welded together through the application of a transformed electric current, and are afterward tensioned so as to make the joint as hard as the rest of the rail.

The important lesson taught by the disasters which have recently taken place in Canada, Italy, Palermo, Sicily, and other well-known villages is that every community which can possibly afford it should possess an adequate system of water works. Action "waste them" and one good fire would pay for a system two or three times over, whereas defences to pay for water works may extend over a period of thirty years.

BROWNING IN NIAGARA RIVER.

Niagara Falls, Ont., July 23.—Mrs. Tally, the young wife of Major Tally of the Feather Recovering works, was drowned in the river to-day; her body being carried down the falls.

EXCITED FROM BRAMPTON GAUL.

Brampton, July 22.—A prisoner named Preston escaped to-day from Brampton Gaol. He had about five feet ten inches in height, with fair complexion. He wore a grey coat, black checked and patched pants, and a pair of prison breeches with buckles on. He is twenty years old. A reward of \$50 is offered for his capture.

HANGED HIMSELF IN HIS RAIL.

Galt, Ont., July 23.—Joseph Templeton of St. Mary's township, committed suicide by hanging himself in his barn on Saturday evening last. He was about 30 years of age and unmarried. He had a good firm and was working it successfully with a hired man, his mother keeping house. He apparently died on the previous evening. No one can tell what caused him to do the fatal act. An inquest was held and a verdict was rendered accordingly.

HALTON-REFORMERS.

Mr. John Wadie, Toronto, again volunteered for the Home of Commerce.

Milton, July 23.—At the Reform convention in the county of Halton, held here to-day, Mr. John Wadie of Toronto was again selected to contest the coming election for the House of Commons in the Halton riding. Dr. Robertson presided. The convention was a large one. It was decided that the selection of a candidate should be according to American usage. Wadie was therefore cast, no nomination made and Mr. Wadie secured 61st out of 100 in the first ballot.

Mr. Wadie carried the contest by 6 majority in the general election of 1877, but the election was protested and he was unseated for bribery by an agent. David Henderson, Conservative, was elected by 147 over Wm. McLeod last February, but he also has been unseated for bribery by an agent. It is probable that Mr. Henderson will be again chosen as the Conservative candidate by the convention to be held shortly, and a hard contest is looked for. Among the speakers at the convention were Hayes Robertson, W. T. R. Preston, W. McCreary, E. P. M. Mr. Cowell of Acton, Henry Robins, Tragifer, Wm. McLeod, Georgetown, the candidate in the last election; John H. Barber, of Georgetown, Dr. Beck and Col. Campbell. At the close of the meeting, which was of the most enthusiastic and inspiring nature, Mayor Robins called for three cheers for Mr. Wadie and the Queen, which were given in good Haltonian spirit.

DEATH OF REV. E. P. ROE.

David Carter of the Popular American Author died this morning.

NEW YORK, N.Y., July 23.—Rev. E. P. Roe, his editor, died this morning.

Rev. E. P. Roe, was born on the banks of the Hudson, in the town of New Windsor, N.Y., in 1808. His early home is described in his popular story, "The Opening of a Chestnut Bush," and again referred to in the description of the quaint old garden that has occupied a place in his latter work, "A Poor Pilgrim." He studied at Williams College, having the ministry in view, but after a year at Auburn Theological Seminary, in 1842 responded to his country's call and took the chaplaincy of New York, or the Harris Legion Cavalry. After about two years in the field, President Lincoln appointed him one of the chaplains of the Federal Hospital Corps. Just before the close of the war, Mr. Roe accepted a call from the Presbyterian Church at Highland Falls, N.Y., within a mile of West Point, and very soon entered with the people in an effort to erect a new church edifice.

In the spring of 1874 Mr. Roe removed to the village of the Hudson, near his early home, to commence the tending of his 100 acre farm, which he began the cultivation of small fruit trees. Here, in this pleasant land, an old and beautiful natural scene, he spent most of his later years. Two years ago he hardly heard of David T. M. Ross as an author. At the time, few who do not know him through his fame as the most successful and the most popular—of American novelists. The aggregate circulation of his books has reached a million copies.

"Warren's Boys Are Away" was his first attempt. He never before had written a single story, and had scarcely entertained thought of constructing one. At first, he intended to write only a short story, but as he wrote it grew under his hands from seven or eight to fifty-two chapters. Doubtless of its merit tempted him more than once to throw it away, and had it not been for the favorable judgment of a friend it probably would never have reached the publishers. His stories have followed one another quickly, one or two appearing every year, and all of them seemed to have touched the popular heart.

THE SITUATION IN HALTON.

Halton electors seem to have more opportunities than the electorate of most constituencies of using their franchise. What with Dominion elections and by-elections, Scott Act and Repeal elections, the annual convention of the temperance workers of the county of Halton was held in Milton last Thursday, Rev. D. M. McKenzie, presiding. Among those present were Mr. F. S. Spence, Secretary Dominion Alliance, Mr. Miller, of the Clerks, and Rev. T. A. Moore, of Princeton, organizer for the county of Oxford against repeal of the Scott Act. Upon motion three gentlemen were given the freedom of the convention.

A few days ago the responsibility was thrust upon this constituency of choosing again a man to represent their interests at Ottawa. Of course both the political parties have bestirred themselves; the candidates of one or both; the other will be fully week.

On Saturday last the Reform Convention chose Mr. Wadie as their standard-bearer. Mr. Wadie has had this honor before, and though our representative for some time, he was unseated for bribery by an agent, yet we believe he is a good man, and having been a resident of this county for so many years enjoys the confidence and respect of our citizens generally.

The Conservative Convention will meet next Saturday to nominate their candidates and we have no doubt Mr. Henderson will again be the unanimous choice of that Party. Mr. Henderson has had a very similar experience to Mr. Wadie in political life. He too has had to suffer through the illegal acts of a friend, Mr. Henderson well known in Halton and his past year in the House of Commons at Ottawa prove that he will, if elected, serve his constituents faithfully and well.

But there have entered into this election some issues that are not exactly new, which seem to be brought into a new relationship. By the report of the Halton Temperance Association which will be found elsewhere, it will be perceived that the temperance people have entered this contest in a practical and business-like manner. The adoption of the report of the Political Action Committee of the Montreal Convention as their platform, was a worthy and laudable action. It proves that in this county which has so long been the pioneer in temperance legislation, the temperance people do not recognize themselves defeated by the recent fall of the Scott Act.

The following resolutions were adopted:—

PRESIDENT.—Rev. C. R. Marrow.

Vice-Presidents.—Johnston Harrison, Rev. D. M. McKenzie, James Menzies, and all ministers resident in the county who are recognized as members of this association.

Treasurer.—Samuel Dico.

Secretary.—Rev. Geo. Clarke.

Executive.—The officers and David Hartley, James Harrison, W. H. Lindsay, S. Center, A. Whitmore, Robt. E. Harrison, James Hollinshead, J. S. Desson, W. D. Brothers, Geo. Black.

MEMBERS.—

Halton is the first county to adopt the prohibition platform of the Montreal convention and get into its line of action.

The following resolutions were adopted:—

RESOLUTIONS.—

July 20.—At a meeting of the Committee on Political action of the Dominion Alliance held here last night, the delivery of the Convention was discussed and endorsed. It was also agreed to give every possible assistance to the Halton Convention in securing a prohibition member for the council.

OUT OF SORTS.—Symptoms, Headache

loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develop into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Pringle's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.

ASK FOR MURKINS.—Are you disturbed

at night and broken of your rest by a sick child suffering and crying with pain of Getting Tooth? If so, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children's Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Diarrhoea and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Ask for it and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind.

ASTONISHING SUCCESS.

It is the duty of every person who has adopted Boileau's German Syrup to let its wonderful qualities known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Putridosis, and in fact all throat and lung diseases. No person need ever suffer from these complaints again unless without immediate relief. There does not relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, cost 10 cents. Regular 75 cents. Sold by all Druggists and Chemists in the United States and Canada.
