### The Young Folks.

#### DID NOT PASS.

"John, I hear you lost your class. Got not a prize of merit. But trembling now is not fail. Just tell me how you came to fail." "With a poor excuse, John." "What is all a poor excuse?" "The last English Shepherd thing. I wonder who does know it?" "An error of three years I made in dating England's first crusade; And, as I am no poet, "I got confused all wrong. And could not write a Latin song. And as for Romeo and Juliet, will have to wait until next year." "But, Father, do not fear or sigh. 'Crash' does provide me by, And pedagogues ignore me. It's common sense, I've will and health. I'll try my way to honest wealth: The world is all before me."

And, though I'll never be a Greek, King, or Caesar, or a Persian, King of love and beauty. I'll plough, or build, or sail, or trade, And you never need be afraid. But that I'll do my duty."

Mary E. Berrett,

#### PROHIBITION LAWFUL?

Not an Invasion of Personal Liberty.

The efforts of the brewers and liquor dealers to find shelter for their business behind the Federal constitution have proved ineffectual. The United States Supreme Court has rendered a decision which sweeps away at once, and for all time, the sophistries which have been put forward to show that the rum traffic is entitled to the same rights, privileges and immunities under our laws that are granted to the peaceful and honorable branches of trade and manufacture. The point on which the Supreme Court was called to pass came up in the settlement of the famous Kansas case which appealed from the decision of the United States Circuit Court in Kansas, where Judge Brewer held that the Kansas Prohibition liquor law was unconstitutional, basing that opinion on the Fourteenth Amendment to the constitution of the United States. He held that the law was unconstitutional because it deprived the brewers of their property without compensation. The most important points of the decision of the Supreme Court are as follows:—

"The right to sell liquor is not one of the rights growing out of citizenship of the United States.

"The right to manufacture drink for one's own use is subject to the restriction that it shall not endanger or affect the rights of others. If such manufacture does prejudicially affect the rights and interests of the community, it follows that society has the power to protect itself by legislation against the injurious consequences of that business."

"There is here no justification for holding that the State, under the guise merely of police regulations, is aiming to deprive the citizens of their constitutional rights; for we cannot shut out of view the fact, within the knowledge of all, that the public health, the public morals and the public safety, may be endangered by the general use of intoxicating drinks; nor can we ignore the fact established by statistics accessible to everyone, that the disorder, pauperism and crime prevalent in the country are, to large a measure, directly traceable to this evil."

"Such a right (the right to manufacture intoxicating drinks) does not inhere in citizenship. Nor can it be said that Government interferes with or impairs anyone's constitutional rights of liberty or of property when it determines that the manufacturer and sale of intoxicating drinks for general or individual use as a beverage are or may become hurtful to society and to every member of it, and is therefore a business in which no one may lawfully engage."

"All property in this country is held under the implied obligation that the owner's use of it shall not be injurious to the equal enjoyment of their property nor injurious to the rights of the community."

"There is no mistaking the reasoning and significance of these sentences."

A word about the ethics of writing for the press. There is certainly some consideration due to proprietors. They are not overpaid, and every piece of poor manuscript makes a difference. An article written so villainously as to take twice as long to set up as it ought to take just doubles the work or divides the earnings. If this is not stark robbery, it is a form of imposition which touches very closely. Write plainly, and use paper freely. North-western Christian Advocate.

It is worse than madness to neglect a cough or cold, which is easily subdued if taken in time however, when left to itself, the fever-rushes of consumption and premature death. Information, when it attacks the delicate tissues of the lung and bronchial tubes, travels with非凡 rapidity; then do not delay, set a bottle of Bickie's Anti-Consumptive Syrup on the medicine chest; that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy respiration, subdues the cough, heals the纤弱 parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lung. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickie's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the syrup according to directions.

**Bickie's Cough Syrup.**

Consumption is always dangerous, more so that they always closely imitate the original in appearance and name. The remarkable substance, advised by Nasel Bain as a positive cure for Cough and Cold in the Head has induced unprincipled persons to imitate it. The public are cautioned not to be deceived by nominal imitating Nasel Bain in name and appearance, bearing such names as Nasel Bain, Nasel Bain, etc. Ask for Nasel Bain, and do not take imitative medicines may urge upon you. For sale by all druggists or sent post paid on receipt of price 60c and 61c by addressing Fildor & Co., Brockville, Ont.

Out of Sorts—Symptoms. Headache, loss of appetite, torpid tongue, and general indisposition. These symptoms, if neglected, develop into acute disease. It is a trite saying that an ounce of prevention is worth a pound of cure, and a little attention at this point may save months of sickness and large doctor's bills. For this complaint, take from two to three of Partridge's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.

### JINGLES AND JOKELIES.

Half an Hour With the Wise Men, the Wit and the Laughter of the Day.

Freeman's Worm Powders are safe, sure and speedy to remove worms from children or adults.

Lily Music. "It always acted like magic. I had scarcely ever need to give the second dose of Dr. Fowler's Extract of Wild Strawberry for Samuel's complaints." Mrs. Walter Gillock, Ethel, Ont.

James H. Gilmore, of T. Gilmore & Co., Wholesale Grocers, Brockville, says—"I have used Tamara's Elixir for a severe cold and cough, which is immediately relieved and cured."

Wheezing, gasping sufferers from Asthma receive quick and permanent relief by using Southern Asthma Care. Sold by all drug-gists or mail on receipt of price.

Fatal Accidents and Large Fires often occur that should be avoided by using more caution. The same with your health. It can be preserved by using Imperial Cream Tartar, Baking Powder. Sold by all grocers. Manufactured by E.W. Gillett, Toronto, Ont.

Dr. Low's pleasant Worm Syrup is a safe and reliable worm remedy for all worms afflicting children or adults.

Give Holloway's Corn Cure a trial. It removed ten cents from one pair of feet without any pain. What it does once it will do again.

Natching Hat The Truth. Sirs—I have found Dr. Fowler's Extract of Wild Strawberry to be the best remedy I have ever used for dysentery and all summer complaints among children and I think it is recommended none too highly. Abby A. Beach, Victoria Vale, Annapolis Co., N.S.

The coughing and wheezing of persons troubled with bronchitis or the asthma is excessively harassing to themselves and annoying to others. Dr. Thomas' Electric Oil obviates all this, entirely, safely and speedily, and is a benign remedy for faintness, soreness, injuries, piles, kidney and spinal troubles.

A Confirmed Grumbler is generally to become confined dyspepsia or indigestion, caused by eating too rapidly, boiling food without chewing it sufficiently, overloading the stomach, Burdock Blood Bitters cure dyspepsia and all kindred diseases.

Low's Sulphur Soap should be found with every toilet. It is cleansing and healing.

Always required—a good cathartic medicine. National Pills will not disappoint you.

Katrine Makes No Mistakes.

Nature's own remedy for bowel complaints, cholera morbus, colic, cramps, vomiting, sea-sickness, cholera infantum, diarrhoea, dysentery, and all diseases of a like nature belonging to the summer season, is Dr. Fowler's Extract of Wild Strawberry, which can be obtained from all dealers in medicine. Price, 35 cents.

It is a great public benefit!—Those significant words were used in relation to Dr. Thomas' Electric Oil by a gentleman who thoroughly tested its merits in his own case—having been cured by it of lameness of the knee, of three or four years' standing. It never fails to move scrofules or lameness.

No article takes hold of Blood Diseases like Northrop & Lyman's Vegetable Discovery. It works like magic. Miss. Toronto, writes: I have to thank you for what Northrop & Lyman's Vegetable Discovery has done for me. I had a sore knee as large as the palm of my hand, and could get nothing to do any good until I used the Discovery. Four bottles completely cured me.

It is well to post in the practical details of one's business, the more especially so when the business is exceptionally intricate. \$10,000 was recently saved by the McCauldans, of Toronto, when an American specialist in the Stained Glass business found to his surprise that his firm had been working for years the very item he had to dispose of and which was supposed to be of recent discovery.

Over 500.

"I take much pleasure in stating that since using Burdock Blood Bitters, I have entirely recovered. I suffered from impure blood and had over 300 boils. I can confidently recommend B. B. B. to any sufferer from the same complaint. David F. Mott, Spring Valley, Ont.

Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give relief. A few weeks since, being again troubled with the disease, I was promptly relieved by the same medicine."—F. S. Haider, Editor Argus, Table Rock, N.H.

MANHOOD HOW Lost, How Restored!

Published a new edition of the celebrated Essay on the Medicine of the Human Body.

The celebrated author, in this admirable essay, clearly demonstrates from a variety of sources that many of the commonest diseases of the human body may be radically cured, and that the best known remedies are certain and effectual, by means of which every sufferer, no matter what his condition may be, may be relieved, and restored, rapidly, and easily.

This lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any person desiring a copy of four cents, or two postage stamp. Address:

The Culverly Medical Co.

P.O. Box 456.

Cause and Effect.

Many persons wonder at the tired, worn and weary feeling that oppresses them without any apparent cause. It may be poverty of the blood or a disordered stomach; in either case the stomach, blood and liver are not performing their regular functions and, with many persons, they will follow a dull, heavy headache, nausea and many other symptoms that precede a well developed case of Dyspepsia, partly the blood, cleanse the system of the clogged poisons by using Messing's Magistrate Mixture, prepared by J. B. Messing, 133 Yonge street, a chemist of nineteen years experience.

Identifying Success.

It is the duty of every person who has used Bickie's German Syrup to let us know the wonderful qualities he knows to their friends in case Consumption, severe Cough, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three days will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as this will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as this will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as this will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as this will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported. Such a medicine as this will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where fairly was reported.
