HOME GLEANINGS

Which are Most of a Local Character and All Interesting.

A Word from Over the Line.

The following from Mr. John H. Clark's lecture manager in California, contains a good word for the Free Press job department.—I want 500 circulars with enclosed matter at your earliest convenience. I must have them, cannot get such a circular ever at all. Not so nice and complete a job.—P. J. Chidwell, Los Angeles, Cal.

A New Business Term.

I enclosed full price for one year's subscription, it is the way a remittance would read if the new word "pomo" had been generally adopted. It is simply a convenient contraction of Post Office Money Order, the first initial making the word and is said to be already in extensive use among business houses east. Reader, if your subscription has expired, send me a "pomo".

Farmers Beware!

The Renfrew County Farmers are going around Renfrew County offering to sell, on behalf of the "Trotter, Graine and Seed Company," wheat at \$1.00 per bushel, taking notes in payment for the same, and also offering to take in return part of next year's crop at a high figure. The "U" very investigated the matter and found it to be a thoroughly swindle. Our farmers will do well to have their buildings in a hungry condition in anticipation of a visit from these oily tongued stalks.

Obituary.

The late Mr. A. E. Scord, whose funeral took place on the 24th ult., was daughter of the late Thomas Eugene McNamara, Parson in the Royal Chapel. She was a graduate of Mr. Geo. J. Lawe, of the Black Rod in the Upper House of the Canadian Parliament from its first session to the time of his death in 1886. Her mother, Mrs. Elisabeth Lowe—Miss McGrath, was the daughter of a U. S. Loyalist, and came to the country with first settlers after the revolution. She was cousin of the late Cole John and William Servius of Niagara, and Col. E. D. Servius, of Barton.
