A Word from Over the Lines.
The following from Mr. John R. Clarke's lecture delivered in California, contains good words for the Free Press job department:—"I want 600,000 copies with enclosed matter at your earliest convenience. I must have them, cannot get such a circular over here at all. Not so nice and complete a job.—P. J. Chisholm, Los Angeles, Cal."

Farmers Beware!
The following from the Acton Free Press contains certain particulars concerning the Ontario County offering to sell, on behalf of the "Toronto Grain and Seed Company," wheat at \$10 per bushel, taking notes in payment for the same, and also offering to take in return part of next year's crop at a high figure. The Free Press investigated the matter and found it to be a thoroughly reliable offer. Our farmers will do well to let their bullocks in a hazy condition in anticipation of a visit from these oily-tongued sharks.
