HOME GLEANINGS

Which are Mostly of a Local Character and All Interesting.

A First-Class Concert.

We again call the attention of our readers to the announcement of the grand concert to be held in the Town Hall on Tuesday the 12th inst. Mr. and Mrs. Bignell are Guelph's leading singers, and from the press notices we have of them we are sure Acton is to enjoy a rich treat. Twenty-eight hundred people went to hear Mr. Fax, the comic singer of Toronto, who is on this bill, at the A.O.U.W. concert in the Pavilion there last week. He is Canada's funniest man and a host in himself. Do not miss the opportunity of hearing good music and having a hearty laugh.

A Serious Accident.

One day last week Mr. Donald Cameron met with a very serious accident which will necessitate his being confined to his room for a considerable time. While attending to his stock he stepped upon a board which gave way and allowed him to drop with full force on his knee and owing to the peculiar position in which he was placed the ligament in front of the joint was torn from the knee cap and Mr. Cameron was thus rendered completely unable to use the limb or to reach the house until Miss Mann, who happened to be near, gave him assistance. Dr. Lowry was called in and dressed the wound.

A Popular Halton Minister.

During the past two years the Methodist church Freeman Circuit has been under the charge of Rev. C. R. Morrow, who has become very popular with his people. At the last meeting of the Quarterly Official Board, on the motion of Mr. Jacob Peart, seconded by W. W. Ross, the board unanimously invited Mr. Morrow to return to Freeman circuit for the third year. Many kindly words were spoken by the officials, showing their appreciations of their pastor's efforts, both in the pulpit, and the homes of the people. The invitation was accepted by Mr. Morrow subject to the Conference Stationing committee. We might add that Mr. Morrow is chairman of Milton District and popular among both ministers and laymen throughout the District.

Might Have Been a Fatal Fire.

One day last week the three-year-old twin sons of Mr. D. McMurchy, 3rd line Erin, in their innocence played a prank which nearly cost their father the loss of his home, and perhaps their lives. While their mother was out milking they amused themselves by drawing a kitten around the room on a bag filled with straw. The thought occurred to them to warm the bag and in doing so it caught fire. Badly frightened they threw it on the floor and ran under the bed. Fortunately the mother came in in a few minutes. She found a fire blazing in the centre of the room and the place full of smoke. She managed to subdue the flames and her heart went up in thankfulness when she found her babies were unharmed.

A Narrow Escape.

A man who lives near Kilbride came to town on Monday and got drunk; he started home about 7.30 P. M. and lost his way and turned his horse up the G. T. R. track and got on to the bridge near the station, the horse's legs went through between the timbers. The baggageman at the station noticed him on the bridge and ran up to the diamond and shouted to the signalman to put out the red light and stop the train; and he did it just in time to stop it; in a few minutes more there would have been a bad smashup as the train was quite close and had some difficulty in stopping. Two trains were delayed half an hour or more. The baggageman and the station master who came up at once after him, got the man and the horse off the bridge. The man was part of the time under the horse. He was not hurt but the horse was scratched up considerably.—Milton *Reformer*.

A Word From the Northwest.

In remitting his subscription for the FREE PRESS for another year, Mr. John Miller, of Moosomin, N.W.T. formerly of Acton, sends us the following items of interest:—We are all well and have had a fine winter up to the present, but it is very cold now. Our crops last season were good; fifteen hundred bushels off sixty acres, and good prices for wheat. At one time we got as high as $1.14. People feel good here over the good crops and good prices. There will be a large acreage sown here this spring. I think we have the finest farming land in this settlement that can be found in the Northwest. We are handy to timber and water is easy to get. Some farms can be bought from people who never farmed in their lives before and won't work as farmers must. We can farm, however, much easier than in Ontario and raise more to the acre of all kinds of grain. As for stock-raising it can't be beaten in the world. Our cattle are fit for the butcher all the year round. Sheep do well as also do pigs. With best wishes to enquiring friends, I am, yours, &c., JOHN MILLER.

The Last of the Course.

The last of the very interesting course of lectures given under the auspices of Knox church during the winter was delivered in the Town Hall on Monday evening by Rev. J. McLean Gardiner, of Eramosa. His subject was "Frontier Life in Battleford," and although a good deal has been written and spoken relative to this subject of late years, Mr. Gardiner brought out many interesting points, and presented details entirely new to non-residents of the North West. He touched upon the character and habits of the people; the value of the mounted police in subduing difficulties with the Indians and half-breeds, and their inutility for enforcing the liquor laws; the cow boys and their ways; the religious and moral tone of the country; the political situation, etc. He stated that the vice of the country was appalling and that in this respect Battleford would put Sodom to shame. What is wanted throughout the Northwest is more earnest working missionaries, with liberal missionary support, and 25,000 christian women to take positions as wives and assist in making homes for the thousands of unmarried men there. Mr. Gardiner predicted that though there had been two bloody rebellions in the Northwest within 20 years, there would never be another, and gave as his reasons that all the great chiefs of the Indians are now dead; that the half-breeds have no leader able to stir them to rebellion; that the mounted police are now more efficient and that the outrages upon the Indians by the Government Supply Agents, have been almost entirely rectified. At the close a vote of thanks was tendered the lecturer by Revs. R. B. Cook and Dr. Gifford, and Mr. Rae took occasion to thank all those who had taken an interest in attending the lectures of the course. In our opinion the public owes the Session of Knox Church a debt of gratitude for the literary treat provided at intervals during the winter at so nominal a cost. An excellent staff of lecturers has been provided; they have all performed their duty well, and the community has not only been edified but important and valuable information has been imparted by every lecturer who has appeared. We believe it is generally hoped that a similar course will be arranged for next season.

A Fractured Limb.

On Saturday last Mr. Martin Flynn, of the second concession, Esquesing, sustained a fracture of the right leg while engaged in loading logs in the bush near his own home. Mr. Flynn was holding one end of a log on the front of the sleigh at the same time the other end was being drawn up by the oxen, owing to some obstruction the log acting as a lever suddenly rolled back and crushed the leg against another log which was upon the ground.

The Oyster Supper and Concert.

The oyster supper and sacred concert given under the auspices of the Ladies' Aid Society of the Methodist church on Tuesday evening was a decided success. The attendance was large and the proceedings thoroughly enjoyable. The supper was served in the basement where abundance of oysters and other edibles were provided. At 8.30 the audience having taken seats in the auditorium, the concert programme was opened with an anthem by the choir, "Wake the song." Rev. Mr. Rae followed in prayer. A few remarks appropriate to the occasion were then made by Rev. Dr. Gifford who occupied the chair. A duett by Misses Moore and Matthews, "Life's Dream is O'er," was rendered in their usual excellent manner. The next number was a bonnie Scotch song by Miss McNab, "I'm glad me heart's me ain." This was followed with a male quartette, "The call of the Roll on High" by Messrs. Lawson, Mann, Lowry and Johnston, which was much enjoyed. An anthem by the choir, "I will praise thee," was well rendered. Mr. H. P. Moore gave a reading "The influence of a kind act," and Miss Alice Henderson followed with a solo, very skilfully rendered. She received hearty applause. A quartette by Misses Moore and Matthews and Messrs. Hill and Turton "Nearer my God to Thee," was well sung in all the parts. The choir then gave a chorus, "My heart is fixed," after which Rev. Mr. Rae made a few remarks and gave an excellent recitation, "David and Absalom," A splendid quartette, "Why not to-night," by Messrs. Lawson, Mann, Lowry and Johnston, was the next number, and the programme was concluded with an anthem by the choir, "I will extoll Thee," rendered in a manner which reflected very great credit upon them. A very kindly worded vote of thanks to the choir and others was then moved by Mr. D. Henderson, ex-M.P., and seconded by Rev. Mr. Rae. The proceeds were very satisfactory amounting to $56.

RAILWAY ACCIDENTS NEAR HOME.

Narrow Escape at Rockwood—Collision at Brampton.

Rockwood, Ont., Feb. 28.—What might have proved a terrible accident occured at this place early yesterday morning. As the G. T. R. midnight express was nearing Rockwood a wheel broke under the baggage car and the train ran about a mile and a half before it was noticed, passing safely over and stopping a short distance west of the iron bridge near the station. Had the cars left the track on the bridge probably every person on the train would have been killed or injured. It is a mystery how the train passed over the bridge, as the track was more or less damaged from where the wheel broke to where the train was brought to a stand.

Brampton, Feb. 28.—Last night at nine o'clock as a Grand Trunk freight train was crossing the C. P. R. track a freight train of the latter road crashed into it, cutting its way through never stopping, and not a wheel of the C. P. R. train leaving the track. The engineer and fireman jumped and saved their lives. A brakeman ran forward, setting the brakes, and reaching the engine brought the train to a stand after running two and a half miles past the scene of the accident. No one was hurt, but a great deal of damage to property of the G. T. R. was done. A car of coffins and one of sugar were literally smashed into matchwood.

KNATCHBULL.

The weather the last few days has been exceedingly fine and spring-like. The snow is disappearing, and the roads are fast breaking up, but we have the big end of March to get through yet.

A social was held last Friday evening at the residence of Mr. Wm. Roberts, Eden Mills, and a beautiful address and a purse of money was presented to Mrs. Goozee, on on the eve of her departure for her new home, as a token of the high esteem in which she was held by her numerous friends and for her valuable services as organist in the Methodist church for several years. Mrs. Goozee was taken entirely by surprise and Mr. Goozee made a very appropriate reply in behalf of his bride, warmly thanking the many friends for the very great kindness shown to them, after which Mrs. Goozee played on the organ "Shall we gather at the river." The happy couple took their departure amidst the best wishes for the future, and took the midnight train at Rockwood for Michigan where they will spend a few days with friends on their way out to Dakota.

The Maple sugar business is looming up among the spring work again. A number of farmers in this vicinity will engage in it.

A short road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breast, and kidney complaints, by the introduction of the inexpensive and effective remedy, Dr. Thomas' Eclectric Oil.

HALTON CONSERVATIVES.

The Annual Meeting and Election of Officers of the Association.

Milton, Feb. 27.—The Liberal-Conservative Association, of Halton, held its annual meeting here to-day for the purpose of electing officers for the ensuing year and transacting the general business of the association. Considering the short and limited notice that has been given, the meeting was well attended.

The business meeting was held in Chisholm's Hall, when reports of the different officials were read. The treasurer's report, despite the heavy drain on the finances for election protests, showed a balance on hand.

The following officers were elected for the ensuing year:

PRESIDENT.—Henry Watson, Milton.
VICE-PRESIDENT.—Arthur W. Peart, Nelson.
TREASURER.—Isaac Cartmer, Milton.
SECRETARY.—J. W. Elliott, Milton.

Presidents of the different municipalities in the county: Dr. Freeman, for Milton; Dr. Richardson, for Burlington; Thos. Howarth, for Oakville; George Reid, for Georgetown; W. H. Storey, for Acton; James Newton and W. Boeheam, for Esquesing; Henry McCartney and John Riggs, jr., for Trafalgar; A. W. Peart, for Nelson, and David Hutcheon, for Nassagaweya.

A resolution was moved in touching and appropriate language by Dr. Freeman, of Milton, extending the sympathy and condolence of the association to the families of the late Dr. Fox, of Horuby; J. Newton, of Limehouse; Duncan Chisholm, of Oakville, and James Bradley, of Georgetown, prominent members of the association, well-known and respected throughout the country and who had been removed by death during the past year. The motion was carried unanimously, many present embracing the opportunity of expressing their appreciation of the many estimable qualities of the deceased gentlemen, and of paying a last tribute of respect to their memory. Their name and work live after them.

A mass meeting was afterwards held in the Town Hall, and addresses were delivered by Messrs. A. F. Campbell, Brampton; D. Henderson, ex-M.P., W. Kerns, M.P.P., and others.
