We favite our customers to call and see us before buying elsewhere, and don't be deceived by other merchants who say our carpets are not up to the mark. # Sunshine & Rain

Parasols and Ladies' Waterproofs.

As long as the sun shines and the rain falls, Parasols and Ladies' Waterproofs will be in demand and every lady will probably require one. It therefore becomes an important question with the ladies, where they can do the best when buying. We trust that we shall be excused if we may say, since there is no one else to speak for us, that our stock presents advantages in the above class of goods, as well as in other lines' that you will not find any other store in Guelph.

1st-It is a large stock. It would not do if it were otherwise considering the large number of customers we have to supply and the large range in quality and prices which is required to suit the taste and pockets of all.

2nd-We claim that there is no House in Canada that can give you better value in Parusols than we can, and not a store in Guelph as good value : and the reasons are as follows-When our Mr. Ryan was in England, he went direct to the manufacturers of Parasols and Umbrellas, selecting first the steks and frames, then the various materials they were to be made from giving the exact size in which each line was to be made, after which the Parasols were made up.

Now do you know of any possibly way that good could be bought cheaper? If we bought these goods as other merchants in Guelph do, that is from the wholesale houses in Canada, would we have not to charge you just the whalesale man's profit over above what we require to do when we go direct to where the wholesale men themselves go.

The same applies to our Ladies' Wrterproofs: Our Mr Ryan went to one of the largest makers in London and selected the various Waterproof Cloths, then the shape he wished them made in; and in this way not only do we get the very best value to be had, but goods fresh from thehands of the makers.

See our Ladies' Waterproofs, at from \$1,00 up to Fine Silk Goods at \$14,00 also some very andsome styles for children.
