HOME GLEANINGS

Which are Mostly of a Local Character and All Interesting.

A Sad Accident.

A serious and painful accident has occurred to Erastus, the six-year-old son of Mr. Zalman Hall, of Pensinguishene, well-known to our readers. The little fellow was playing about a pile of hemlock plank when the pile fell over upon him and he sustained a fracture of one leg above the knee, displacement of the knee cap and had his little foot very badly crushed.

Lost His Sight

The Brampton *Banner* says:—Wednesday a sad accident befel Johnny Bell, son of Mr. D. Bell, of this town. Johnny drives the delivery wagon for Sutcliffe & Sons. He was cracking his whip when the lash rebounded striking him on the eye cutting right into the ball and destroying the sight. The saddest part of the accident is that his other eye has been almost sightless, and it is feared he may become completely blind.

A Good Appointment.

The Canadian Pacific Railway Company have decided to establish a Printing Department. The idea was originated by Mr. Roy Somerville, late of the Dundas *Banner*, who will organize it on the 1st of November and continue at its head at a salary of $2,500 a year. Mr. Somerville will have several assistants, and will perform the duties of advertising the road generally, duties which have heretofore rested heavily on the General and District Passenger Agents.

Two Years and Thirty Lashes.

This morning William Leader, Patrick Sheady and William Turnbull, jr., appeared before Judge Drew to receive sentence, they having been found guilty of indecent assault upon Elisabeth Richardson some time ago. He sentenced each of them to one year and three hundred and sixty days in the Central Prison at Toronto at hard labor, and to be thrice whipped with the cat-o'-nine-tine, ten lashes the first month, ten lashes the tenth month, and ten lashes not less than ten days before coming out.—Guelph *Mercury*.

Presbytery Visit to Knox Church.

On Monday afternoon and evening a committee of Presbytery, consisting of Rev. Dr. Torrance, convener; J. C. Smith, B.D., Guelph; H. Edmison, Rockway, and A. Hamilton, Winterbourne, made the triennial visitation from the Presbytery to Knox church, Acton. The deputation first met the minister, Rev. Mr. Rae, then the session, the managers, and answers were given to the questions prepared by Presbytery. The whole congregation was then met, addresses being given by Revs. Edmison, Hamilton and Dr. Torrance on topics suggested by the answers.

Not Charitably Inclined.

John Bennett, hotel-keeper, took in and cared for the unfortunate man McConnell who fell from a Canadian Pacific railway train near Horuby and had his leg amputated. McConnell had neither friend nor money. On Monday evening last, Bennett presented his bill to the town council and asked for payment of the same, which the council refused at that time. The county council also refused to pay the same at its last session. Surely the council should pay any charitable account like Bennett's. If not, what will become of the next unfortunate.—Milton *Champion*. Acton had a similar case a few months ago. A tramp fell off a train down about the third line Esquesing was brought to Acton, cared for in a hotel here and Acton Council paid the bill. We do think, however, that in both these cases it was within the province of County Council to settle the bills.

Gas Light Opening.

It is seldom that the citizens of Guelph are privileged to witness an exhibition of magnificent goods such as was shown by G. B. Ryan & Co. at their gas light illumination on Friday evening. Every part of this spacious establishment was artistically decorated, and from the time the visitors entered the doors until their exit a bewitching sight was beheld. The counters were here and there decorated with fairy lamps which formed a pleasing contrast to the sparkling rays of the electric light. As the visitors approached the millinery show room their eyes feasted on a veritable bower. O'er head a rich profusion of costly ribbons &c., was suspended. While on either side of the department lovely material for ladies' dresses was to be seen. The scene on the second floor was none less inviting than on the first. The large mantle room with its rich carpets, large mirrors and endless variety of choice goods could not help but be admired. In truth the store was crowded all evening by admiring and appreciative visitors. Those in charge were courteous and attentive to all. Everybody was highly pleased with what they saw and speak in pleasing terms of the magnificent display made by this firm. G. B. Ryan & Co. are to be congratulated on the success of their gas light openings.—Guelph *Herald*.

He follows one of the best newspaper men in Canada and is now the proprietor of one of the foremost weeklies in the country which for years has enjoyed a most profitable patronage. ERIN.

Mr. Frank Martin left here a few days ago to attend the Medical School of the Toronto University. The four years he spent at the Provincial School of Science will prove a great advantage to him on entering his present studies.

As Burns' church will not be in proper condition for Public Worship for about three weeks yet the congregation will continue to meet in the Baptist church. Communion service was held last Sabbath.—*Advocate*.

ROCKWOOD.

Queen Esther, the much admired cantata, was again rendered in the town hall, Rockwood, last Friday evening. The attendance was very large, and all were pleased by the musical talent displayed by the young people of Rockwood. The proceeds were for the benefit of the brass band.

At a meeting of the Eramosa Plowing Association on Saturday the following officers for the year were elected: President John McQueen, Vice-President, Benj. Tolton Secretary Treasurer, Douglas Forsyth. A meeting will be held on Saturday next at five o'clock at McCann's hotel to arrange the annual match, &c.

GEORGETOWN.

Rev. D. Strachan Jr., has temporary charge of the Presbyterian church. He is a very acceptible preacher.

On Friday night Jackson's book store and Morrow's drug store were entered by thieves. They broke open the door of the cellar under the book store, and then cut a hole through the door opening into the store, and were thus able to draw the bolt. They ransacked nearly every drawer and made way with some two or three dollars' worth of coppers. From the drug store they took some cigars and other articles. No clue.—*Herald*.

A large number of the members and adherents of the Union church, assembled the other evening at the residence of Rev. Jos. Alexander, Norval, who has just returned from a trip to Ireland, and presented him with an address expressive of their gratitude at his safe return.

KNATCHBULL.

The past year has been a very changeable one, indeed. The early part of the season being very wet, after which quite a period of dry weather prevailed, changing again to rain and cold, but the frosting for the cake came during Saturday night. People on awakening Sunday morning were much surprised to find that between one and two inches of snow had fallen during the night.

The forest trees present quite a picture at present with their leaves of various colors.

The summer birds have gone south earlier than usual this year owing no doubt to the scarcity of nuts and berries. Old residents say it is a sign of an early winter.

Most farmers have got their potatoes dug. The crop, although not up to last year's, is fair, with potatoes of medium size.

Mr. Wm. Anderson is in very poor health at present.

Mr. Joshua Norrish has been chosen as a delegate from Bethel appointment, to attend the Provincial Sabbath School convention to be held in Toronto on the 22nd, 23rd and 24th of this month.

A MAGISTRATE FINED FOR GAMBLING ON SUNDAY.

WIARTON, Oct. 3.—Quite a commotion was created here on Saturday by the trial of Mr. Matthew Goetz, J.P., of Formosa, on a charge of Sunday gambling. Constable Hefferman made the complaint, Mr. Shaw, Q. C., appeared for the prosecution; Mr. Klein for the defence; and the case was tried before Messrs. McNamara and Ritchie, Justices of the Peace. Mr. Goetz and two others were playing cards for money in the kitchen of a certain hotel at Formosa on Saturday night, August 31st last, and continued to play there until three o'clock Sunday morning. The Dominion Act respecting gaming houses, defines cards to be "instruments of gaming," and the magistrates holding the facts to be established, and that the words "or otherwise," in the Ontario Act, covered gambling by any instruments of gaming, found Mr. Goetz guilty of the charge. They fined him $40 and $10 costs.

—A newspaper is a window through which men look out on all that is going on in the world. Without a newspaper a man is shut in a small room, and knows little or nothing of what is happening outside of himself. In our day the newspapers keep pace with history and record it. A newspaper will keep a man in sympathy with the world's current history. It is an unfolding encyclopedia and unbound book, forever issuing and never finishing. Always bear this in mind, and never fail to take, and pay for, your home paper.

MAMMOTH HOUSE,

ONCE MORE

The "Opening" season has passed. As usual, stores arrayed in "New Clothes," crowds of visitors thronging the departments, styles critically inspected, expressions of admiration many, of disapproval few, here and there a purchase, a pleasant "thank you for your kindness" and the event of the season is over. Ladies go home, analyze and criticise what they have seen, and make up their minds who is going to get the order for their millinery.

Such is the rule. Well, we have no fault to find with the exception. During our nearly eleven years in the Dry Goods Trade of Guelph we never had a "fall opening" in which we took one-half as many millinery orders, or sold one-half as many mantles as we did during the rainy days of our opening last week. Orders seemed to "shower down" upon us. All the more gratifying considering the many excellent displays made by others. The dry goods trade is a trade of keen competition—no "monopoly" or "vested rights." Other first-class stores besides our own. Our importations are large, but we are not the only importers (though just in parenthesis let us remark that as members of a large "purchasing syndicate" our importations are made almost exclusively direct from the manufacturer, giving us a great advantage over those buying from the ordinary wholesale trade.) We push our business, but so do others, and therefore the largely increased number of orders placed with us thus early are naturally very gratifying. We must have "struck it right" or each would not be the case.

Just another word or two about the "opening." Don't imagine that the thousand and one novelties we showed you are the limit of what we're going to show during the season. Every week will bring us out something fresh. Even now some of the very nicest things in Dress and Mantle Goods are on their way out. They had to be manufactured. One of the unsatisfactory features of buying from a manufacturer, especially in France and Germany, is that you are never sure as to the exact date on which you may get the goods. Our London agents will be on the alert and between their services and the use of the cable, we expect to be in constant receipt of novelties.

Increased room, larger stock, harder work and greater energy will characterize our efforts to serve the public. See our next advertisement for details and particulars.
