

**THE ACTON FREE PRESS**  
THURSDAY, JANUARY, 16, 1890.

**NOTES AND COMMENTS.**  
Notice has been given of 81 private bills which will come before the Dominion Parliament during the session which opens to-day.

It is reported that the Roman Catholic Archbishop of Kingston says that the Roman Catholics are averse to annexation with the United States because they could not there have separate schools.

It is said that six ocean steamships are on the way to the other side of the Atlantic which will be superior in speed to any which have yet been launched. It is designed to make the voyage from England to the United States in five days.

The body of gold dust shipped from British Columbia last year was \$488,103, an increase of \$157,551 over the figure for 1888. The miners are now devoting their attention chiefly to quartz mining, though alluvial washing for gold is still being carried on to some extent.

The New Brunswick Government having at the last session of Legislature reformed and widened the franchise, and thus in effect declared the existing representatives no longer representatives of the country, dissolved the assembly and appointed the new electorate on Monday. At the nomination of Monday, out of the 41 seats the Government claim the return of 14 supporters by acclamation.

The session of the Dominion Parliament which will open to-day may be enlightening by the introduction of the separate school and dual language question sent along from Manitoba, and also by a request for Orange incorporation. Should those subjects come up a very determined struggle over them may be expected from both sides. Other questions of wide interest will no doubt come up for discussion.

Canada has a great advantage in regard to timber in her climate. The epidemic seems to make progress only upon mild, damp days. Although we have this season had an unprecedented succession of dangerous days, we always feel that the clear, bright days are never far away. Another thing to be thankful for is that the epidemic departs about as rapidly as it spreads. Unless it takes a more serious hold upon Canada than it has yet done it will not be regarded as a very dangerous epidemic here.

As a rough estimate the witnesses' expenses in the Copple trial were \$5,000, legal expenses \$20,000, stenographers and typewriters \$40,000, the jury \$4,000, and the total cost for the trial \$70,000. Had Jervis Calver been a little more obstinate, or had there been one man on the jury who had insisted upon being acquitted, this immense sum of money would have been a total loss, and it would have become necessary to spend as much more for another trial. The mischief of which one juror is capable is practically incalculable.

English investors hold United States railway bonds to the extent of \$150,000,000 sterling, yielding at the average rate of four and a half per cent. an annual income of \$6,750,000. Put into dollars this means that American railways alone contribute thirty-three and a half millions in interest to English capitalists. But besides these investments, a vast amount of British money, the whole extent of which can scarcely be estimated and which is constantly being augmented, is invested in lands, mines, manufactures and business of all kinds.

The two Dakotas seem to be commencing their respective careers as States under somewhat suspicious circumstances. In a recent message to his Legislature the Governor of North Dakota announced that according to the estimates there would be a deficit of about \$249,000 in the State's finances for the current year, and that the present rate of expenditures this year was likely to be greatly exceeded. The Governor of South Dakota had similar bad news to announce to his Legislature, in this case the estimated deficit for the year being about \$175,000. When, in addition to these facts, the destitution among the farmers in those localities in both States is taken into consideration, it will be seen that the times are not beginning under happy circumstances.—Mail.

**THE MUNICIPAL COUNCIL.**  
Very Little Business Left for the Local Legislature to Transact at Their Last Meeting.

The Council of 1889 met for the last time on Monday evening.

There were present:—  
Reeve Storey, in the chair.  
Councilors Board, Speight and Harvey.  
Minutes of the previous meeting read and confirmed.

The Committee on Finance presented their twenty-second report recommending payment of accounts as follows:—  
Theatricals and amusements, \$327.99  
C. H. Hill, respecting street paving, \$920.00  
H. F. Moore, making same as follows:—  
Printing for elections, etc., \$16.78

Upon motion of Councilors Speight and Board the report was adopted.

It was reported that considerable damage had been done to the park building by the smashing of windows, etc., by persons frequenting the park.

Moved by John Harvey, seconded by Harvey, that the Reeve be instructed to tender a reward of five dollars for the apprehension and conviction of the person or persons who break the windows in the Agricultural Hall, and that a similar reward be offered for information that will assist any officer in the apprehension and conviction of any person who breaks the windows in the Agricultural Hall.

Moved by John Harvey, seconded by Harvey, that the Reeve be instructed to tender a reward of five dollars for the apprehension and conviction of the person or persons who break the windows in the Agricultural Hall, and that a similar reward be offered for information that will assist any officer in the apprehension and conviction of any person who breaks the windows in the Agricultural Hall.

**NEIGHBORHOOD NEWS.**  
Furnished by Correspondents, Called From Exchanges and Picked up by the Way.

**KAYSBURILL.**  
Several farmers in this vicinity were ploughing during the past week. A thing which seldom occurs in these parts in January, and one in which few may have the chance of performing so early in the new year again.

"La Grippo" claimed his first victim in this neighborhood the other day.  
Monday's wind did considerable damage in this neighborhood. Mr. Edward Darcy had part of his barn blown off, and Mr. Wm. Jackson had the whole of the roof of his barn demolished. Messrs. Robinson, of the 7th line had part of their tanks off. Besides this the wind did considerable damage in over-turning trees and leveling fences in general.

**OKAYVILLE.**  
The \$30,000 Waterworks bylaw was defeated by a vote of 52 for and 91 against. The members of the Presbyterian and Methodist churches held union meetings during the week of prayer. The attendance was not as good as anticipated owing to so much sickness. "La Grippo" of course. During Mr. Kettlewell's absence on Sunday, Rev. Mr. Burns, of Waterford, occupied the Methodist pulpit.

The elections to come and gone, it seems remains to be seen what kind of "fishers" 'our town is to have this year. May be an improvement on some of the last.

An Epworth League has been formed in connection with the Methodist church. The appointing of officers and selections of work to take place at the next meeting.

Mr. Wilbur Marlette and sister Ida, left Monday morning for a trip to Mobile. Miss Mary Forester returned to her home in Everton, after spending the holidays with her brother.

**ERIN.**  
The fair business has at last been considered a disgrace to Erin. A by-law has been passed by the Council prohibiting fairs operating there in future. It will be remembered that one-fence was passed a few days ago by the recent fall fair.

A few days ago Thomas Sutton, son of Mr. Mark Sutton, Erin township, met with a peculiar accident while engaged in fortifying straw into a barn. By some means a small scaffolding pole fell from the roof about four feet above him striking him on the back of the head near the neck completely paralyzing the whole body. Three physicians were in consultation over the case. Sutton is perfectly conscious, and has been all along, but yet his recovery is very doubtful.

The Acton Methodist choir furnished music at the annual tea-meeting of the church here and more than sustained their reputation, the singing being excellent.—Advocate.

**ROCKWOOD.**  
At the regular meeting of Rockwood Lodge, No. 295, A.O.U.W., the following officers were installed for the year by J. Macle, Master:

Wm. J. Burns, P.M. Workman.  
T. J. Cook, Foreman.  
J. Macle, Secretary.  
J. Macle, Treasurer.  
J. Macle, Warden.  
J. Macle, Gate-keeper.

P.M. J. Burns, representative to Grand Lodge, and Bro. John Stuchart and John Jones, having been Reconciler and Financier for three years were appointed to visit Grand Lodge and receive the Grand Lodge degree. The Lodge has 91 members in good standing.

Mr. Hugh McCann, at the Four Corners, Ermaux, had a portion of the roof blown off his barn, and narrowly escaped being blown down himself while attempting to fix it on Monday.

**GEORGETOWN.**  
Reeve Kennedy's majority was 30.  
The Park by-law did a painful deed at the hands of the doctors. The Agricultural park will look bare and forlorn for another year.

The following is the result of the recent examinations at the High School:—

**THE DOMINION ILLUSTRATED.**  
The Dominion Illustrated for January 11th contains the portraits of some of our noted men—Sir Joseph Dickson having the place of honor, while the Hon. P. J. O. Campbell, and Dr. T. C. Houston, the late G.M.I. file, form an interesting pair. The other features of the number will please the lover of scenery, the antiquary, the enthusiast for industrial progress, and the Canadian patriot, to whatever of these classes he may belong. There is a fine series of New Brunswick views, the houses in which Vaudeville staged the capitulation of Montreal, an Indian scene, and a fine art picture, by Chastellain. Altogether it is a fine number. Price of subscription, \$4 a year. Address: Dominion Illustrated Publishing Company, 78 St. James street, Montreal.

**MR. TILT'S FORTUNE.**  
The Will known Bachelor Barrister, Late at Estate of \$200,000.

The will of the late James Tilt, Q. C. who died at his brother's residence in Brampton a couple of weeks ago, was admitted for probate on Tuesday. Mr. Tilt was generally believed to have been well beyond such a world's goods, and his will shows that he left behind some \$300,000. This fortune he divides up among his relatives, his brother Joseph of Brampton getting nearly the whole of it, some \$183,000.

These are the bequests:—  
Annie Beattie (widow), \$300.  
James Tilt (nephew), farm on Center road, Toronto to township, 100 acres, free from all encumbrances.  
Wm. Tilt (nephew), \$5,000.  
Fred Tilt (nephew), \$5,000.  
Wm. Tilt (brother), \$5,000.  
Elizabeth Tilt (sister), \$2,500.  
Minnie Tilt (sister), \$2,500.  
Charles Grogan (nephew), \$2,500.  
Rev. J. P. Lewis \$10,000.  
Mr. Grogan (sister) \$200 per year during her life.  
Wilfred Tilt (nephew), son of Joseph Tilt, his law library, value \$10,000 and interest in business, provided he studies law and enters the profession.  
Joseph Tilt (brother), the residue of real and personal property, which will amount to about \$183,000.  
Rev. J. P. Lewis of Grace Church, Elm street, Toronto, to whom the above legacy is left, was the late Mr. Tilt's pastor.

Two girls of the new suspension bridge at the Falls escaped during the storm on Monday, but the bridge held together.

At the Hamilton Auction on Monday afternoon, Messrs. B. Black and John H. Boardman, in having caused the death of Reuben Shoop, of Hagersville, at Glenora station. He got seven years in the penitentiary.

In an attempt to board a passing train near the G. T. N. station at Watford on Monday afternoon, Richard, the 10-year old son of L. Fowler, slipped and was dragged underneath the wheels of the car. Both legs were cut off, and he only lived a short time.

Mr. John Macgown, Victoria Road, writes: "Northrup & Lyman's Vegetable Discovery and Dyspeptic Cures is a splendid medicine. My customers say they never used anything more effective. Good results immediately follow its use. I know its value from personal experience, having been troubled for 19 years with dyspepsia. Since using this discovery I have without depressing feeling so well known as dyspepsia. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or troubles arising from a disordered stomach."

It is worse than madness to neglect a cough or a cold which is easily subdued if taken in time, because, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; it does not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drive it from the system. This medicine promotes a easy and expectoration, soothes the cough, heals the diseased parts, and cures a most wonderful influence in curing consumption, and prevents it from passing on to the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold has a cough or hoarseness, give the Syrup according to directions.

**THE CRIMINAL TRIALS.**  
CROSSLAND, Jan. 14.—Judge McConnell this afternoon granted the application of Knapp for a new trial, but denied the motion as to the other defendants, Connelan, Burke and O'Sullivan.

Quadruplets and Triplets.  
St. Louis, Mo., Jan. 12.—The wife of E. L. Page, a merchant, of Ingersoll, Texas, on Friday gave birth to four well developed babies. The mother and little ones are getting along nicely. The wife of N. H. Pegram, residing five miles from Carrollton, Ill., gave birth to three girls yesterday.

**THE QUEEN'S HEALTH.**  
LONDON, Jan. 14.—The Queen has completed her preparations for a six weeks' sojourn at Weymouth by the advice of her physicians, who recommend the waters of that resort as a panacea for the troubles with which the Majesty is afflicted. It is stated that her Majesty has lately experienced so much difficulty in locomotion that she assented to the trip only when assured by her medical advisers that the treatment prescribed was imperatively necessary as a means of averting complete helplessness.

**CANADA'S COMIC PAPER.**  
Grip begins its thirty-fourth volume with the new issue, which means that this brave little paper has celebrated its seventeenth birthday. When we say—as we can without hesitation—that its ability both literary and artistic has been kept up to a uniformly high standard throughout this long period, and that to-day it is as bright as ever, we mean to say a fact exceedingly creditable, not only to the conductors of Grip, but also to the Canadian people, without whose appreciation and support this phenomenon of journalism would have been impossible. We call it a phenomenon, not only because we are all aware, there is not another country of Canada's age—certainly no other Colony—that can boast of a sixteen-year-old comic journal, and the most practical way of doing this is by subscribing. The price is only Two Dollars per year.

Notice to Subscribers.  
The date printed on the label of each paper denotes the date to which the subscription has been paid.
