## Autumn and winter.

I had a very bad cough this fall, but Hayard's Pectoral Balsom cured me completely.

E. Remond, Washago.

Pectoral Balsom cures coughs, colds,

bronchitis, asthma, rheumatism and all throat and lung troubles.

## EARLIER PHYSICIANS FAIL.

Mr. W. A. Malley, of Mallowayton, Ont., says: "My daughter suffered for years from most distressing and annoying catarrhal fits, which were so violent that she could not sleep at night. After trying various physicians in the United States and Canada, two months' use of Nasal Balsam has had more beneficial effects than all former treatments combined."

Unsightly pimples, blotches, tan, and all tainting humor of the skin are removed by using Dr. Low's Sulphur Soap.

Mamma (to her little boy). "Now, Beulie, if you'll be good and go to sleep, mamma will give you just of Dr. Ayer's nice sugar-coated Cathartic Pills, next time you need medicine." Beulie, smiling sweetly, dropped off to sleep at once.

## A REASONABLE PINT.

During the breaking up of winter, damp, chilly weather prevails, and rheumatism, neuralgia, lameness, sore throat, croak, quinsy and other painful effects of sudden cold are common. Hayard's Yellow Oil is a truly valuable household remedy for all such complaints.

Dr. Low's Worm Syrup has removed tape worms from 15 to 30 feet long. It also destroys all other kinds of worms.

For the thorough and speedy cure of all Blood Diseases and Eruptions of the Skin, take Northrop & Lyman's Vegetable Discovery! It removes pimples and eruptions of the skin. Mr. John C. "Got worn out way by circulatory?"

"So they say; but believe some smart devil's took a jack-plane & shorned a dove or two off for luck. Circulation can't wear a dollar down like that."

"It can, too, an' I'll prove it," said a third. "Have ye got a good dholiar, Dinn?"

Dinn, curiously enough, had one, and produced it.

"Now pass it round 't' table."

Around it went.

"Twist more, it went."

"Wand more, and let me have it."

Once again it was circulated, and finally rested in the palm of the investigator of the performances. He then leaned over to the owner of the dollar and handed him a silver quarter.

"What's this?" asked the latter.

"That's yer dholiar!"

Circulation history says, left its mark that evening upon something more than pure dross—Harper's Magazine.

A New York letter-writer says: "There are doubtless many of your readers who have never heard of the action taken by Harper Bros., the well known publishers of this city, concerning that very bad book, 'Robert Blumer.' They were the first to expose it for the American market, and had stopped the whole book ready for printing before they discovered its heretical character. When this was known they immediately ordered the plates to be destroyed. This looks as if their Christianity extended clear down to their pocket-books."

—We must admit that the newest and cheapest window shades are to be had at Kress Bros. They also have a fine assortment of boy's and children's spring suits, all sizes, and away down in price.

CATARRH.

Catarrhal Diseases—Bar Fever & New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane and epithelial tubes.

Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated, whereby catarrhal, catarrhal fevers, and lay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. N.B.—This treatment is not a stuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. Dixon & Son, 803 West King Street, Toronto, Canada.—Toronto Globe.

Sufferers from Catarrhal troubles should surely read the above.

*Mrs. Dillies' Liniment for safe everywhere*

W. W. McLellan, Lyu P. O., writes:—"I was afflicted with rheumatism, and had given up all hopes of a cure. By chance I saw Dr. Thomas' Electrolic Oil recommended. I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used one bottle, I am nearly well. The other three bottles I gave around to my neighbors, and I have had so many calls for more, that I feel bound to relieve the afflicted by writing to you for a supply."
