LITTLE LOCAL BRIEFS. Which caught the ears of Free Press Reporters this week.

John's Birthday will be celebrated next Monday.

The student laborer will be up on Monday morning.

Acton's annual Dominion Day celebration is being talked about.

Mr. James Grant is talking of operating a scheme for watering the streets.

Milton Waterworks are said to be paying a revenue of about five per cent.

A number of fine coverings were placed in the Cemetery on Monday.

Mr. Wm. Hemminger, offers a horse, harness and top buggy for sale cheap.

Georgetown and Milton invite your presence at their celebration on Monday.

Inspector Deacon visited officially the public schools of Acton and Lorne this week.

Andrew Lemmon, registrar in equity, at Winnipeg formerly of Guelph, died Tuesday.

An unknown desperado entered the O'Neill Tavern, office the other day, and robbed the till of its entire contents, 15 cents.

The farmers have had very favorable weather for spring work this year, and most of them are well advanced with all their work.

A recent enactment of the Education department says that all public schools shall hereafter close for summer vacation on the 29th June.

H. Hamstra, photo artist, will have his studio open all day (except his Birthday) for any style of portraits will be carefully executed.

The Canada Glove Works is now well protected against fire. A good water supply is available and last week every flat was supplied with hose.

Three men were probably killed and two others badly injured by the smashup of a freight train near Streetville Junction on the C.P.R. on Tuesday.

Rev. J. McIntyre, the eloquent lecturer of Chicago, will deliver his lecture "The Surety Side of a Soldier's Life" in Norfolk Street Methodist Church Guelph, a week from to-morrow evening.

Mr. Arthur Laing has removed his agency to Mr. George Wallace's farm at Polesy. The country there is claimed to be a better locality than this for the production of honey.

The license to the two hotels here, deferred at the first of May, were granted on Saturday. It is said the recipients are now putting in full work daily to make up for the two weeks lost time.

The West Lorne Herald is the name of a new weekly just issued by Mr. W. Colwell, formerly of the Mitchell Advertiser. West Lorne is a growing village and has some aspirations. The Herald will aid it in making progress and will in many ways advance its interests.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

A Local House of Commons. The meeting of the Royal Templars of Temperance last week was much enjoyed by House of Commons proceedings introduced.

The Local Marksmen. The Gun Club held their usual weekly shoot on their own grounds on Tuesday evening.

A Foreign Visitor's Opinion. The visit of Mr. Tomo Chino, of Tokio, Japan, a couple of weeks ago was enjoyed very much by himself as well as by all who had the pleasure of meeting him.

Mr. Douglas McMillan has leased for 5 years the farm of 100, 7, Erin, belonging to D. McLellan.

The W.F.M. society in connection with Barn's church, Erin, have succeeded in securing Miss Agnes Knox, B.E. for their annual entertainment to be held in the Blue Ribbon hall, Erin, on the evening of May 27th.

Special services have been in progress in the Baptist church the past two weeks. Dr. McNaughton will go to Ottawa this week as representative of the Municipal Councils of Erin township and village in connection with the deputations of the various municipalities seeking a refund from houses granted to C.N.C. Co. by the government.

There is considerable sickness in town. Everyone is preparing for our grand day on Monday next.

The brick work on McKinley's block is just about finished. The building promises to be a fine addition to our Main street.

The forgotten will hold a grand concert on the evening of the 25th. Mrs. Clara Shilton, with the Mozart Quartette will provide the music, and there will be no doubt a great attendance as this is a prime favorite with a Georgetown audience.

Staff Capt. Head and wife conducted Army services here on Saturday evening and Sunday. He is a pleasant, sensible talker and a very best entertainer from the people whom he has engaged on the streets. He also added greatly to the noise and merriment by playing on a concertina.

We recently heard a good one on opposition celebration. A farmer who owns a "box" with some speed was asked by a friend "If he were going to Georgetown on the 25th and 26th, what would he do?" "I'd think some of it, but I find the horses entered there are too fast for my nag, no Cheltenham or Milton will suit this town, and, besides, if I don't believe I'd have more fun at Cheltenham."

Geoffrey Diction of the Methodist Church is now in session in Georgetown and our streets and houses are filled with grinning clergymen and laymen. No report of the business done has yet been handed out.

A number of our stores had electric light plant put in and the company expects to have the town illuminated for the 25th. This is no Acton electric light but both side and street.

Mr. W. G. Buck has returned from the north. Mr. John Shilton was in town on Saturday and Sunday. Rev. Mr. Caldwell, of Nantawagen, is one of the preachers attending district meeting. He was formerly stationed here.

ROCKWOOD. A new feature in the way of entertainment was introduced at the regular monthly Literary meeting of the Epworth League, Rockwood, on Monday evening last.

The entertainment was styled "An evening with the poets." Several of the members of the League each took one of the leading poets and gave a most interesting sketch of the life and a well rendered selection from the writings of the authors chosen. Considering the fact that the Epworth League here has been but a few months in existence, and most of the members are not used to appearing before the public, the programme was given to a very creditable manner.

"Walker Scott" was chosen by Mr. A. J. Murray as the subject of an interesting essay and a selection read from one of his shorter poems.

Mr. (Rev.) J. Hart gave a sketch of the life and influence of Tennyson with a recitation from Clara Vere De Vere. John Greenleaf Whittier, the Quaker poet, was treated by Mr. T. Wood, who recited a well written paper with a recitation of the stirring poem "Barbara Freethiel."

Mr. Wm. McCullough selected England's Epic, Milton, giving an elaborate essay on the life times and influence of the immortal author of "Paradise Lost." Though somewhat lengthy the paper was an excellent one. The selection was "Adam's morning hymn."

Charles Wesley, the poet of Methodism was treated by Miss Amy Wright, a young lady of talent and ability. The interesting fact was stated in the essay by Miss Wright that 215 of the hymns used by the Methodist Church are the productions of this gifted contributor to sacred song.

The recitation, given with interspersed with organ accompaniment to the grand old hymn "Jesus lover of my soul," which is considered to be Charles Wesley's masterpiece.

Miss Jennie Joffire read a paper on Shakespeare, which showed considerable acquaintance with the author chosen.

Near the close of the evening's entertainment Mr. J. T. Wood sang a very well received. Two former pastors of the church, Rev. W. H. Harvey, of Guelph, and C. E. Cochrane, were present and spoke congratulatory to the young people. A very pleasing feature of the evening's entertainment was the musical selections rendered by the Epworth League choir, composed of children of the church, and a fine solo by a young person.

This is an invaluable aid in the working of the League, and contributes very largely to the success of the movement here. Rockwood is noted for the musical talents of its young people. We are also in saying that in very few places of its size can there be found an equal amount of musical talent. Properly utilized, this can be made a power for good.

CHARTERS. Mr. William H. Lee, Egremont, has undergone some affliction, losing six of his children from diphtheria, and at one time four of them were lying comatose in his house. Two died two days previous.

He Tumbled Over Dead. HAMILTON, May 18.—Thomas B. Cockburn for many years foreman of the wireworkers department of the B. Greening & Co. works died suddenly in his office this morning. The deceased arrived at the factory, apparently in the usual state of health, and walked upstairs into his health, and walked upstairs into his health, and walked upstairs into his health.

A Mistaken Cost a Life. BELLEVILLE, May 18.—Aaron Laidlaw of lot 14, and his wife, Toronto township, was getting into his wagon Thursday, when his foot slipped on the hub and he fell heavily on the wheel. The young horse, startled, began to run with Mr. Laidlaw hanging to the lines. He was dragged a long distance on the road before he let go and sustained such injuries that he died in a few hours.

THE COUNTRY AROUND.

THE SCHOOL QUESTION.

The Inspector Shows That The Church Property Cannot Legally be Purchased for a School FREQUENT MEETINGS.

The question of providing the accommodation necessary for the school population of this municipality is a vexed one, but the School Board have the power to cope with it successfully, and no doubt they will do so. The matter will require careful consideration and the Board is now weighing each point involved.

A day or two after the meeting of the School Board last week when it was decided to move in the direction of securing the Baptist Church for the use of the fourth department a letter was received from Inspector Doucous setting forth the fact that the property could not legally be purchased as a school site.

Chairman Harding called a meeting of the Board to hear the contents of the letter and to decide upon future action. Members all present.

The letter was as follows: The Board of the Baptist Church, Trustees, Acton, Ontario. On the 17th inst. you agreed to purchase the Baptist Church building for school purposes and that there is no playground attached thereto. Owing to the present emergency, the Municipal Council have decided to create some concession if you were simply renting your building you could arrange to build your own or some other suitable site. As a permanent location it does not meet the requirements of the law and could not be accepted as satisfactory. Every public school building should be permanently attached to the land on which it stands. The school or municipal council should therefore forfeit its claim to the building.

As trustees, you would be personally liable for the money expended for the purchase of a building that would not be acceptable to the Education Department. The school or municipal council should therefore forfeit its claim to the building.

Quite apart from the question of legality stands another important consideration. In a municipality with a limited area of Acton, it would be unwise to have more than one school site. It would be false economy from every point of view to acquire a site which would serve the purpose of three departments for three years longer, and therefore the present outlay on capital account might be less, but your present outlay in the case of one site would be more. The annual cost of maintenance, including water supply, repairs to fence and building, heating, and salary of caretaker, would be shared with the teachers all in the same building, properly constructed, one terrace would heat all the rooms, and the principal cost of maintenance of all the buildings would be a very important point to be gained. No action should be taken to provide for your fourth or fifth department, that does not have the approval of the Education Department, with one building upon your present site or possibly a more suitable one.

Two copies were sent at the present time to the Education Department and the Board of Trustees. It is suggested that you should be prepared to increase the site whenever necessary without increasing the architectural appearance; or you should have a permanent structure at once and erect a six-roomed building that will reflect credit on your hands and progressive vision and thus make provision for its future development.

Yours obedient servant, J. D. DOUCOUS, Inspector.

RENOVATION ABOUT COMPLETED.

We tender our hearty thanks to our many patrons for the patient consideration they have shown during the last few weeks when it has been impossible to do justice either to them or ourselves, owing to the confusion inseparable from the alterations we have been making. Under these circumstances, it is highly gratifying to see that our business which goes on from month to month, and year to year, has been in no way retarded by the changes we have been making.

With the improvements we have been making, we will be able to show our Goods to much better advantage. We will also now have the best lighted, as well as the largest store in the city.

We beg to extend a cordial invitation to all to come and give our store a thorough survey. We think we may safely say without appearance of boasting that we have the Largest, Choicest and Cheapest Stock of Dry Goods and Clothing in the city. Our Spring Importations have been unprecedentedly large. The usual comment on our Goods is that they were never so beautiful any former season. Especially do we excel in our

MANUFACTURING DEPARTMENT. Millinery, Mantle, Dressmaking, Clothing.

In all these Departments we have the very best talent, and in each there is a large percentage of increase from season to season in the volume of business done, showing that the public appreciate our efforts to give them the very best work at the least possible price. It is always an easy matter to get the price down by reducing the standard of work, but our effort is to raise the standard of work and still keep the price as low or lower than those who produce inferior work. This can only be done by means of large capital to take cash discounts, access to the best markets, economy in business and close attention to the same, getting to work at 10 a.m. would do, we could not give our customers the best results in that way. Good judgment in buying, selling only for cash and a large turn over in proportion to expenses. In all these things we are pre-eminent and claim to sell from 10 to 20 per cent. under other houses in the same line.

J. D. Williamson & Co. 5 and 7 Wyndham St., Guelph. 84 Oswald St., Glasgow.

APPRECIATED!

Our Efforts to Please our Customers.

When the public expresses a wish, we are bound to supply it in a little better shape than any other house. This is in part because of our long experience in watching its wants and providing for them, and partly because of our knowledge of and access to the manufacturing centres of the Old World. Our position is unique in these respects.

If you want to know how our prices run, take a look through our stock of Gloves and Hosiery which we profess to sell at 25 per cent. less than any other place in the city.

Or note the good value in three special lines of Dress Goods at 10, 15 and 20 cents respectively. Fine Serges at 40 cents, and Black and Colored Henrietta Cloth Costumers at 30 cents.

Dividing interest with the Dress Goods are the Jackets and Wraps, and they are worthy customers, essential to each other. The most stylish Dress with an indifferent Wrap, or the reverse, always fails of satisfaction. To meet the demands of intelligent taste, these two stocks must be equally perfect, and they are.

"I think the Hats and Bonnets are just lovely this season." Of course it was a woman who said it, and of course it was G. B. Ryan and Co's she was talking of. The hats and bonnets are charming. More graceful in design, and more dainty in outline and trimming than for many a season past. The reasons of our superiority in this department will be appreciated without. We do not need to give them here.

Women's Dress Waists in Silk, Wool, Challis, Muslin, Print, etc., in great variety of shades, ranging from 67 cents to \$1.25 in price. The completest Carpet Stock in Guelph!
