Reduced Rates to Australia.
WASHINGTON, June 15th.—Advice from the fourth quarter of the Universal Postal Union Congress, now in session at Vienna, say the long-desired accession of the Australian colonies has been effected. This means a reduction of more than 50 per cent. in the rates of postage to those countries, the Postal Union rate being only 5 cents per half ounce for letters and 2 cents for postal cards.

Had His Jaw Taken Out.
HAMILTON, June 12.—James A. Snider, 40-year-old farmer, York street, has been suffering from pain in his lower jaw, and it was found that he was suffering from a cancer in the jaw. To save his life it was decided that the affected portion of the jaw must be removed. The operation was performed by five physicians. The left side of the lower jaw, from the ear to the chin, was cut out. In order to facilitate the operation it was necessary to cut into the tongue, through which a wire was run to tie the organ out of the way. Mr. Snider is in a critical condition.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.
Agricultural Society's Concert.
For several years the Union Agricultural Society has given a concert on the evening of Dominion Day and they will do so again this year. President Duff was in Toronto last week to secure talent and reports that the programme for the occasion will be of a most superior character. Further announcements will be made.

A Broken Arm.
Thursday evening Mr. Peter Mc Isaac was riding a horse from a field on the farm of his father, Mr. John Mc Isaac, of the third line, when the horse stopped suddenly, throwing the rider against a lumber pile with considerable force. As a result his right arm was broken, and the young man will take a rest during his year.

A Patient.
Why did I state with goods and then look dark about it? It costs money every day and every day to carry a stock of goods. Let the public know what you have to sell. Interest the people—bring them—do not allow them to forget you or your crowded shelves. Turn on the lights, especially the brilliant, steady and far-reaching light of advertising—in the Free Press. It pays 50 cents on the \$.

Words to the Boys.
"Boys must be boys," does not mean that because they are boys they cease to act as gentlemen. Mr. John Mc Isaac, of the third line, is in the habit of recommending those who are in the habit of recommending the children and the boys, that there are others besides themselves who have rights. They seem to forget that they are liable to arrest at any time for indecent language and exposure of their person, even if the occurrence is just a peep through the fence. Take a good hint, and avoid unpleasantness, boys.

Dominion Day Celebrations.
This year's programme for the celebration of Dominion Day in Acton is claimed to be the best ever presented in the town. It comprises, Lacrosse Match, Foot Ball Match, Athletic Sports, Horse Races, Boat Races, Foot Races and other sports during the day. In the evening there will be a Grand Concert under the auspices of Acton Union Agricultural Society. Spend Dominion Day in Acton. The programme has been carried out as fully as possible. Special railway rates. Any information desired can be obtained by writing J. Lawson, V.S., Secretary of Committee.

Criminals Park.
The programme for this splendid summer camping ground has been issued and a glance will assure all of its excellence, and that the attractions of the season have never been greater. No reasonable expense is spared to furnish a rare intellectual feast. Lectures, Readings, Concerts, Entertainments, religious and sports. All have their place. The aim of the directors is to bid instruction and recreation that the highest good of all may be served. Criminally Park is the children's paradise—safe—healthful—joyous, to see the children play. It is a home resort. Families enjoy the pleasure of real home life—quietude when needed, social enjoyment when desired. It is the centre of moral and religious influence. Every effort being made to make it a model of the introduction and training of any form of evil.

Very little objection offered to the Assessment of 1891.

DEATH CAME WHILE HE SLEPT.
WALKERTON, June 12.—David McConnell, a middle-aged man, left here about 11 o'clock last night to drive to his home in Walkerton. This morning his dead body was found lying in the Pentagon river. His horse was standing over him, while the buggy was smashed. It appears that he dropped asleep and the horse wandered off the road and walked a considerable distance along the bank of the river to the northeast corner of the high school premises when the buggy fell over the precipice, dragging the horse after it, a fall of over 50 feet. McConnell must have been killed instantly, having fallen on the stones on the river side. The horse was uninjured.

BLOWN FROM A CANNON.
CHATHAM, Ont., June 11.—What may prove to be a fatal accident occurred this afternoon while the militia guns were being fired in Tompkins Park. The gun was loaded by Corporal Patterson and Messrs. Frank Mackenzie, L. Herdson and C. Stringer. It was charged discharged, swabbed out, and a new charge rammed home, when as Mackenzie was in the act of withdrawing the ramrod, the charge exploded, hurling him fifty or sixty feet down the slope towards the river. When picked up he was found to be terribly burned and lacerated about the head and upper part of his body. He was removed to the hospital, where his little hope for his recovery is entertained. He is about thirty years of age, married, and has two children. The gun used is an old relic of the Crimea.

BRAMPTON WARMED UP.
BRAMPTON, June 13.—At noon here today the stable in the rear of Harris grocery store was found to be on fire. There was some accident to one of the hydrants which delayed the firemen, and the stable was soon a raging, and uncontrollable fire, which quickly spread to the large livery barn in the rear of Harvey & Crawford's furniture warehouses. The horses, buggies and most of the harness were saved, but about \$500 worth of furniture belonging to Harvey & Crawford was burned. No insurance. The livery barn was insured by the Lancashire for \$800. Harris' stable uninsured.

The young couple recently came to this country from England.

THE COUNTRY AROUND.

The Irons, a team from Hamilton, with a party of ladies and gentlemen, stopped here Saturday evening.
Charlie Freeman, who was injured by a kick from a horse, is around and doing well under the care of Dr. Richardson.
Rowing on the lake is very popular here now; Mr. Aikman can hardly supply the demand on a warm evening.
A detachment from the Hamilton and Humber bicycle clubs stopped here on Sunday.
Lumbering men are so scarce that, when a vessel arrives and requires help, the reasonable and other prominent gentlemen take a hand.

Mr. W. J. Stewart, of St. Thomas, spent a few days of last week in Rockwood with his father, Mr. David Stewart.

Mr. H. Hootop, Everton, was one of a deputation appointed by the South Wellington Conservative Association to attend the funeral of the late Sir John Macdonald last week in Kingston.
The Rockwood Brass Band discoursed music at the social on Monday evening in connection with Ebenezer church, Nassagawanna.

A Pundit and Judy who struck town on Monday, but Rockwood people showed their sense by refraining from patronizing it to any serious extent.
The preparations for a grand demonstration in Rockwood on the first of July are off. Everybody having declared their intention to go to Acton for the day and staying for it.
KNATCHBULL.
Mrs. Wm. Anderson is lying very ill at present, her friends and neighbors, but slight hopes are entertained for her recovery.
Mr. J. B. Anderson had the misfortune to lose a valuable mare and foal by death one day last week.
The past day or so has been very warm, but Monday was the warmest day this season, the thermometer ranging from 95 to 101 in the shade at different points.

This neighborhood received a pleasant shower of rain last evening which was welcomed and a few more would be most favorably received.
Farmers generally are busy just now preparing the land for turnips several having finished sowing the seed.
The new millinery appointed by Conference for the Nassagawanna Circuit are Revs. J. W. Robinson and W. E. Flagg. Rev. Mr. Hough, on account of poor health, has declined and Rev. Mr. Caldwell goes on a furlough.
A social will be held next Monday evening at the residence of Mr. Hugh McLaughlin. All are cordially invited, and a pleasant evening is looked for.

A number of contracts for repairing roads and bridges were let by the council in this neighborhood last Saturday.
Messrs. Brown and Loring secured the contract for repairs on a road on the side line opposite lot 26, con. 4, and also one opposite lot 26, con. 5. Mr. Robt. Nickell engaged to repair the bridge over the river on con. 4, and Messrs. Wm. Jackson and A. McTavish secured the contract for building a new bridge over the river on con. 5.

What might have been a serious runaway happened one evening last week as Mr. G. S. Thomas, was returning home from Erin, and when about half a mile from home the horse became frightened at some object at the side of the road and springing to one side, threw Mr. Thomas out of the buggy and he was badly struck out toward home. But Mrs. Thomas grasped the lines and managed to retain her hold on the animals until they reached their own place, where they stopped. Fortunately no one was injured, beyond Mr. Thomas receiving a number of bruises by his fall and the wheel passing over him. Mrs. Thomas receiving a bad fright which caused her to be some-what ill for a little time afterwards.

GEORGETOWN.
Thermometer monkeying in the nineties on Monday.
"Thunder storms in some localities" is about all "Old Probe" has given us in some time.
Mr. J. H. Jackson has treated himself to some very tasty evening at the front of his store. These evening on our Main street are so much of an improvement to the old wooden verandah that we marvel that the merchants of the Barclay Block do not use the area at once.
Our cricket club suffered still another defeat at the hands of East Toronto on Saturday. We fear the club needs more than "another good bowler." However luck must change and the boys are at least to be commended for their undaunted courage—Oakville has organized a club, why not tackle them!

Lacrosse matters have received a boom since our boys so nearly pulled a victory from the Excelsiors, of Brantford, on Tuesday of last week. The Atlas are hard at it having played several strong practice matches during the week and next Saturday will no doubt see a grand game here with the Toronto Athletics. Every one go.
Revs. R. W. Davey and G. H. Cobbleckid passed a few pleasant hours with friends here on their way home from Conference.
Rev. Mr. Wallace, of Toronto, preached to the Presbyterians on Sunday. His evening's theme partook strongly of the fire and brimstone style. We were not aware the church here had wandered so far away.
Mr. R. N. Engles was the only one of the faithful who went from here to attend Sir John's funeral at Kingston. His accounts of the scenes witnessed are very impressive. Dr. Sutherland has removed to the premises lately occupied by the Bank. This gives him a far better site and will no doubt tend to increase his already fine practice.

Mr. and Mrs. Wm. Wilson last week lost a young boy through the grim interposition of death. He was only about five years of age.
It is rumored that our Lacrosse Club will lose the services of one of its most valuable members in Mr. W. McLeod who goes to Orangeville.
Rev. Mr. Patton, who has been visiting in this locality for some weeks, preached in the Congregational church last Sunday. He took the position in the Wesleyan Theological College, Montreal, next term.

HARD
To get money; that's how money is. We know it and we're going to help you make what you do get go as far as you can. No doubt you will appreciate our efforts, but let us tell you how. We can help you. Well, it's easy to do that. A man must have Boots and Shoes whether he is hard or not. If he be hard up, the longer Boots and Shoes will wear and the cheaper he can buy them the more money it leaves him for groceries and rest. We sell you these necessary articles that will outwear those you often buy and frequently change you less for them than you

McLaren, Belwood; St. Andrew's choir, Guelph, will furnish music.

MILTON.
The only material difference made in the revision of the assessment roll was a few party votes.
It is rumored about there is to be a wedding in town this week. Who is it?
Messrs. Thos. Lyon and Chas. Watson, who were sent up for trial last week, were tried before Judge Miller on Saturday last. They were fined \$10 and costs which means about \$45 each.
Young Willis, on a charge of larceny, is out on suspended sentence.
At a meeting of the executive committee of the Halton District Council R. T. of T. it was decided to hold the next regular session on August 28th and 29th in Milton. The local Council to have charge of an entertainment on the evening of the 28th day.
A joint meeting of the different Temperance societies was held here last week. Mr. H. W. Kennedy, Georgetown, presiding. Among those present were: Dr. Robertson, Wm. Brothers and A. C. Bally of Milton; H. McNeil, Oakville, and H. T. Foster, Burlington; the Royal Templars; W. S. Hall, Hornby; A. Henderson, Orangeville; A. McMillan and Mr. W. Harbottle of the Sons of Temperance; and Mrs. Carriague, Georgetown; Mrs. Johnson Harrison and Mrs. Hollimake of the W. C. T. U. A resolution of the following nature was adopted:—That we, as a joint committee, consider it advisable to form a union organization composed of members in good standing in our respective societies in the county, for united action in Temperance work. A committee was appointed to draft a constitution. We sincerely hope that the united influence of this organization will be successful in its mission, "the abolition of the traffic in strong drink in Halton."

The District Division of Sons of Temperance will hold their annual picnic in Mr. McCreary's grove, about three miles from Milton, on the 27th inst. All temperance people are invited.
Referring to your Georgetown correspondence of last issue I would say that the statement made therein concerning the united Temperance meeting, "that the action of the Sons getting up a picnic was severely commented on" is certainly misleading. The Royal Templars especially were perfectly satisfied with the action of the Sons, because the Sons had made all arrangements for their picnic for the 26th inst. long before they heard anything about the proposed union picnic. It has been received by the different Temperance societies that it is desirable to have a social gathering each other, instead of having an antagonistic war set up between them, and that statement of Mr. Wm. Ward certainly has no tendency to create much sociability. I am very doubtful as to the truth of the statement as I am positive that the members from Georgetown would not be guilty of such misrepresentation. Every Royal Templar should be at the Sons picnic on the 26th. Let harmony prevail in our midst and let it be remembered that in union alone there is strength.
