PICKET WIRE FENCING

Is a combination of picket and wire combined
to make it perfectly durable and the most
perfect fence in sight. It destroys no ground
when it is set up, and has a most attractive
voltage. It is the best and handsomest fence
made. Don't invent your money in a fence
that is not good. We have a large quantity
and then have a better fence at this end. Just as
good as any other fence, but at a lower price.
