LITTLE LOCAL BRIEFLETS. Which Caught the Eyes or Ears of Free Press Reporters this Week.

Kindergarten tax rate is 22 mills. Reopening Fair Oct. Thursday and Friday.

The fruit crop presents a very promising appearance. The Fall Fair to January, 1922, for twenty-five cents.

Some of the farmers are moving their second crop of hay. It is better than the spring crop.

The frost has already commenced its deprecating work on the foliage of the forest trees. Autumn leaves are now in order.

The price of grain here this week are as follows: Wheat 90 to 92; Barley 45; Rye 60; Oats 28; Russian Barley 45; Rye 75.

The Hay City is keeping up with the program. It means an action number last week, printed in red and blue with illuminated cover.

Mr. G. C. Clark has extended his hotel by a commodious brick clad addition. This will give the Royal Exchange considerably more accommodation.

The Markdale Standard has commenced its twelfth volume. The Standard is one of the most progressive country papers in the province, and deserving success stands it.

Miss Weaver & Nicklin, of Gloversville N. Y., have sent the Free Press a copy of a beautiful exhibition publication "The Fair." The paper reflects credit upon their excellent office.

Tuesday was pretty generally known as a day holiday. The wet weather of the morning retarded many from leaving home. A large number, however, took in the Toronto Exhibition.

A newspaper editor says: "We have received a notice of marriage for insertion in which was appended the original announcement, 'Sweetheart at a distance will accept this intimation.'"

The sacramental service in Knox church on Sunday was one of great interest. Rev. J. W. Rae preached a sermon very appropriate for the occasion. The number of communicants was unusually large.

In Geolph they will repair the defective plants in the sidewalks to warn the pedestrians of danger. It has been in some towns, were they pretty well acquainted with the streets would present quite a dazzling appearance—Oakville Star.

The Tilsonburg Liberal has commenced its 15th volume and gives every evidence of prosperity. During the past year it has been enlarged and improved and Mr. McGuire, the publisher, talks about a circulation growing to city daily proportions.

A new and attractive advertisement giving information as to the fine stock of Messrs Wm. McLeod & Co., Georgetown, will appear in the next issue. The Mackintosh House is crammed with new fall and winter goods and customers will be better satisfied than ever before.

The Oakville council, according to the estimates of the Finance Committee contemplating the enormous sum of \$70,000 on the "public buildings, parks, ornamental trees and cemetery" during the year. What unworldly extravagance for the lakeland town!

Among the towns and villages which have declined in population during the past few years are St. Catharines, Port Hope, Fenton, Cobourg, Ingersoll, Durham, Kawartha, Bowmanville, Paris, Whitby, Kinross, Lindsay, Thorold, Mitchell, Godfrich, Danville, Port Perry, Harriston and Vergara.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Imparting. Woman's Missionary Society.

The annual meeting of the Women's Missionary Society of the Methodist Church was held last Thursday afternoon.

An interesting session was held and the progress of the Society was shown to be most encouraging. The following officers were elected for the coming year:—Mrs. Thos. Keaton, President, Mrs. M. Christie, Vice-President, Mrs. James Moore, Missie Secretary, Mrs. A. Stephenson, Treasurer.

Mrs. H. P. Moore, Corresponding Secretary. Mrs. Easton was elected delegate to the annual meeting of the Western Branch to be held in Ingersoll, in October. Acton Ladies' Aid.

The Prize Lists and large posters for Acton Union Exhibition has been issued and are being circulated by Mr. George Hynds, the postmaster's secretary.

The former gives much information as to rules, lists of animals and articles for which prizes will be awarded and the splendid list of specialties which are also shown in another column. The poster is one of the most attractive ever issued by the society.

Color and interesting exhibition from any point in the known world and visitors from all over. The exhibition will be open to the public on the first evening and Acton Cornet Band will give a popular concert, the following evening. Our Rural Population.

In a previous issue the Free Press gave details as to the population of the various municipalities of this county, showing an aggregate gain of \$19 and a net gain of 67 for the county throughout.

We have secured the result of the census of the various townships which is as follows:—Essex, 4,485, a loss of 508 in ten years; Nassagaweya, 2,809, a gain of 19; Nelson, 3,367, a loss of 71 and Trenton, 4,135, a loss of 217. It will be seen that the townships have lost heavily—an aggregate loss of 833—Nassagaweya alone being able to show figures as high as in the former census, Essex being a loss of 508.

The present total population of the townships is 14,669, and that of incorporated towns and villages 7,919 total for the county 22,588. Happily Wedded.

The formation of the week in this quiet little town was the union in holy wedlock last Thursday evening of Mr. R. E. Nelson, Merchant Tailor, Geolph, well-known and highly esteemed among our citizens, and Miss Margie Nicklin, second daughter of Edward Nicklin, Esq. From time immemorial it has been the desire of many young couples to keep the fact of their proposed union as quiet as possible and never was this more successfully accomplished than in this instance. Only one or two of their closest friends were aware of their intentions until after the ceremony was performed. Rev. Joseph Edges officiated and the happy couple left for the east by the evening train to spend their honeymoon. Their numerous friends here extend congratulations and best wishes for a life of happiness and prosperity.

He Had Experience. A prominent editor said the other day that it is a surprise should one day find the contents of his waste basket the contents of a riot. There would certainly be trouble in many homes, streets in many directions, shotguns in another, trouble all around. But the patron never sees the beautiful printed page, complete if one letter in fifty is spelled down, grows in one name in five hundred is spelled wrong, kicks because his communication signed "taxpayer" has been condensed in plain English, frowns because the editor did not take his advice about telling his neighbor of some shortcomings and is generally disgruntled. He knows his share of the waste basket, but it is not his own. He has the contributions made to that receptacle by his neighbors and friends, he would be thankful for the existence of a man with sufficient intelligence and courage not to print all he knows and to temper even that which he does print.

District Meeting at Etora. The Financial Meeting of Geolph District was held at Etora on Tuesday and in connection therewith an interesting Sunday School Convention was conducted. The programme was one of interest. Excellent addresses were given on "What the Sunday School should be," by Rev. John Hart, Rockwood, "The Teacher's Work and Responsibility" by Rev. J. W. Rae, Acton, and "How to Study the Bible," by Mr. F. W. Galbraith, of the Geolph Mercury. Mr. H. P. Moore, Acton outlined "A Model Sunday School Session," and Mr. W. G. Smith, of Geolph answered a volume of questions pertaining to S. S. work in a very instructive manner. The convention was presided over by Rev. Dr. Hanson, with much acceptance and profit. At the district meeting it was arranged that Rev. A. Cunningham, of Geolph, preach the educational sermons, and Rev. Dr. Hanson the missionary sermons in Acton, the dates for these services to be fixed later. Acton's appointment to the superannuated minister's fund for the present year was fixed at \$50.

Epworth League Entertainment. The Epworth League has given an excellent successful entertainment since their organization, but the one given last Wednesday was one of the very best ever given in the church. The programme was principally of a musical character, but the recitations of Miss Mead Westwood, of Geolph, varied the exercises satisfactorily. Miss Westwood has the elements of a most successful elocutionist. Her interpretation of the spirit of her recitations is appropriate, her manner modest and pleasing and her execution remarkably good for so young a reciter. A second visit will be appreciated. The choir of the Church rendered several anthems with great success and good taste while the quartets, and the solos of Missie Moore and Hammett were thoroughly enjoyed. The Sunday School Orchestra added much to the interest of the entertainment and there were those present who concluded that if such music is rendered in the Sunday School service it is no wonder the attendance is so constantly increasing. The programme was as follows:—

1. Instrumental—by Sabbath School Orchestra. 2. Anthem—"Great is the Lord"—Choir. 3. Chairman's Address. 4. Quartet—"Nearer my God to Thee"—Missie Moore & Loring & Moore; Hill & Turner. 5. Recitation—"How haserved St. Michael's"—Miss Mead Westwood, Geolph. 6. Solo—"Anchored"—Miss Hammett. 7. Solo—"I was Glad"—Choir. 8. Anthem—"I was Glad"—Choir. Five minutes' intermission.

1. Viola Quartet.—Miss Wright & Mr. Hill. 2. Anthem—"The Work of His Hands"—Choir. 3. Recitation—"Jennie McNeill's Tale"—Missie Moore & Loring & Moore; Hill & Turner. 4. Solo.—"The Empty Nest"—Missie Moore. 5. Quartet—"Tell Me More of Jesus"—Missie Moore & Loring & Moore; Hill & Turner. 6. Instrumental—Sabbath School Orchestra. 7. Anthem—"Crown Him Lord of All"—Choir. 8. Solo—"Crown Him Lord of All"—Choir. Rev. Mr. Edges, the Honorary President, occupied the chair.

THE COUNTRY AROUND.

News Items Supplied by Correspondents and Exchangees. BRIN.

Some years ago the Acton four mile, at Acton, Ont., a property then valued at \$35,000, was mortgaged by the David McKinnon estate to the estate of William Knox, of Toronto (Mrs. Catharine Knox, executrix) for \$10,000. At the time of the recent flood which devastated Orangeville and Acton this particular mill was damaged to the extent of \$10,000, and in fact was not properly repaired until the extensive property was rapidly sold into ruin and now it is little worth about \$5,000. The Knox estate got an order this morning at Osogood Hall for the foreclosure of the mortgage.

BURLINGTON. The coroner's jury in the Burlington Beach incident returned a verdict exonerating the train hands from blame, but ordering the railway company for not placing sufficient warning signals on either side of the draw-bridge.

The Board of Health of Burlington has increased its members to twelve, by the addition of a new member, Dr. J. W. Holmes, of the University of Toronto, who is now in Burlington on a visit.

The benefit of the fruit growers of this neighborhood the G.T.R. are running a special fruit train to Montreal which leaves Burlington at 7 p.m., daily, except Sunday. This will be a great boon to the shippers.

W. Kears & Co., have been indulging in a marble top for one of their counters. The Ladies' Aid Society of the Presbyterian church is an entertainment last evening. Proceeds in aid of the organ fund.

MILTON. Messrs. Hoff & Rodler have purchased the Dominion Hotel on Tuesday from Mr. Chas. Knox. The peach festival on Tuesday evening last was not very well attended on account of the cold weather, but the present spent a very enjoyable time.

Our town fathers have been keeping poor lately. It is nothing to hear them coming home in the evening, in the "dark" too, after talking for six or eight hours on "electric light."

If you are going to the exhibition call and see our dynamo which will be here to give an electric light.

Any one taking a walk down Main street and seeing placards "sugar 25 lbs for 4, cut nails 2 1/2, per lb, coal oil 14c, gall, Spec. 10c, after talking for six or eight hours on "electric light."

A very daring burglary was committed in the Post Office here on Monday night of Tuesday morning. Tools were obtained from Mr. Wm. McKinnon's blacksmith shop. The door was forced open, which was supposed to have been done by some one but not thinking anything of it turned out and went to sleep. Next came a load crash of the banking of the safe which brought several of our prominent citizens out of bed but would they do it? They did not know where the noise was. Our theory is in this: The burglar started work about 1 o'clock a.m. and it took about two hours to drill that hole. They did not use powder but dynamite. They took three registered letters, which it is said to contain \$5 and about \$2 in silver. They had no use for stamps, cards or croppers. They retired to the town hall where they opened and left the letters minus the contents.

GEORGETOWN. Division Court here Oct. 15th. Our volunteers are preparing for camp. Col. Kerens was in town on Tuesday looking bright and cheerful. Rev. T. Geo attended district meeting at Etora on Tuesday, 15th inst.

Our young men are inaugurating a series of cross-country runs and races. Mr. and Mrs. G. McEneaney have left Georgetown and have again made a home in Toronto.

Tuesday was the first day encountered by the waterworks. All hands were put to work the day.

The Waterworks started work formerly of Stewartstown, and now of Chelvey, visited friends in town a few days this week. We extend sincerest sympathy to Mr. and Mrs. A. D. McKinley who are mourning the loss of an infant daughter, buried last Saturday.

The top season has commenced and all the corners in this vicinity are employing large numbers of hands in taking off an exceptionally fine harvest. We notice the name of Rev. A. W. Richardson reported as President of a football club newly organized in Bradford. "First in love; first in war; first in the hearts of his people."

Pash Carter (Deacon and Alderman) Kears never so proud and happy as when showing the open mouthed, wondering citizens the splendor of the water works system, of which each claims to have been the sole originator.

The Trustees of Brampton, did not hesitate to any great extent in the panic here on Wednesday last with our visitors as they were detained in four straight. However, there was some good increase put up, and the janitor here bid fair to bring back the old time glory of lacrosse to our town.

The funeral of the late John Miller, of Georgetown (deceased on Friday last), was very largely attended, there being some 750 strangers in the funeral cortege. Services were conducted by Rev. Mr. Norton, of the Baptist church, with which body deceased was long connected. In Mr. Miller's death the Township loses one of the oldest residents and the community generally an earnest, upright citizen.

On Friday boys organized a Rugby Association foot ball club, with Messrs. Hewitson and Aldous as captain, respectively, and Mr. B. McLeod as sec-treas. They announce themselves as ready to oppose any team in the county for the championship, and would like to get on a game with Milton at once. Practice on Thursdays and Fridays at 8:30 p.m., and on Saturday morning at 6 o'clock.

Mature on the waterworks are still on the boom. On Friday operations were started down at the end of Main st., and now Main st. is all laid with the mains. Some rocky spots have been met, the drill and gunpowder having to be resorted to in some instances.

Mr. F. Bolton, of Ingersoll, spent a day or so here this week in charge of his father's drug store during that gentleman's absence in Toronto. On Monday Messrs. W. G. Hook and Thos. Watson left for Preston, where they propose spending a short time at the springs. Mr. Miller, for some years foreman at the paper mill, and now a resident over the line, was in town this week looking as gay and festive as ever. Mr. Wm. Barrow, another rail driver of Uncle Sam's domain, is here on a visit to his brother Mr. Chas. Barrow, of Revere.

If you want first-class Geolph cash and goods at Geolph prices, T. Emmons can fill your order, at his pleasing mill, 401-403 Main st., Acton.

Choice poultry used at T. H. Hanson's, Acton.

COMING AND GOING.

Visitors to and from Acton and Various Other Personal Notes. Miss Annie Broomer left last week for Bloomberg.

Miss Sadie Torton left week to call on friends in Toronto. Mrs. W. Forbes visited friends at Parkdale during the week.

Mr. and Mrs. John Chisholm, jr. were in Toronto over Sunday. Miss M. McKerscher, of Milton; visited friends in Acton last week.

Mr. George Nicklin, of Oshawa, N.Y., is visiting friends in his old home. Mrs. Dr. McLeod, and Miss Lavinia, of Point Edward, are guests of Miss Catherine, of Acton, a couple of days this week in Acton.

Misses Carrie Hault and Lillian Stone returned to their situations at Trenton last week. Mrs. Joseph McClure arrived home from Etora last week. Her trip was very enjoyable.

Mr. Abram Matthews, who has been in Toronto for some months, is visiting his friends here.

Rev. Joseph Edges, and Ash Hall, Esq., were the delegates to the District Meeting at Etora on Tuesday. Rev. J. W. Holmes, President of Geolph Conference, and Mrs. Holmes were guests at the home of Mr. Ash Hall, on Monday and Tuesday.

Mr. Arthur Perkins, son of our esteemed fellow-citizen Mr. John Perkins, arrived in Acton from Worcester England, last Thursday morning.

Ask your druggist for Dr. August Koenig's Hamburg Drops for the blood.

IMPERIAL BAKING POWDER. PUREST, STRONGEST, BEST. Contains no Alum, Ammonia, Lime, Traces of Lead, or any injurious.

Summer Clearing Sale. We specially invite close buyers and people with money to call and see and examine our immense stock. We have determined to clear out summer goods even at a loss as we consider that better than to allow themselves to be eaten up with interest. The purchasing public cannot afford to forget the fact that we will give them genuine bargains so that it will mitigate the scarcity of money and hard times.

Purity Your Blood.

The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have carefully more blood. The salt of serum, salt rheum, or other food humor is deposited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the blood.

It is food we eat, or the water we drink, which is the cause of the blood. This medicine, when fairly used, does expel every trace of serum or other food humor, restores the light which passes earth, neutralizes rheumatism, drives out the germs of disease, restores the blood, etc. It also restores and regulates the blood, thus removing that first feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

Hood's Sarsaparilla. Sold by druggists. 25c. per bottle. Prepared only by C. L. HOOB & CO., Lowell, Mass. 100 Doses One Dollar.

Monday, Sept. 17th, 1921. Every Department open and ready for business. Dressmakers, Mantlemakers, Milliners, Tailors are at their post and busy at work. Will our Dress Goods talk interest you? Will you see the great price of new fabrics we have opened you will think we are expending a big Dress Goods trade. So we are. It is no more than the history of the past years. Dress Goods—No Dress Goods always have been a big trade with us. Every lady who has an acquaintance with our business is all naturally turns her thoughts to Boston's when she thinks about Dress Goods. We always have been the Dress Goods house of Geolph, and, if facilities for purchasing, readiness to adopt new styles, freshness and extent of stock will do it, we shall be so until the end of the chapter. Dress Goods are a steady with us. We take pains to get them right. Shall we tell you of the many beautiful goods we are showing? You'd find it a pretty long story, bigger than our advertising space many times over. There's no use in trying it. You only need to be reminded that a large part of our fall purchases are in. You know what that means. You are cordially invited to see them. If you are, you'll take, and you're to take away, if you feel so inclined. If not, you will know we won't worry you into buying.

A word about Dressmaking. The Dressmaker has grown to very large proportions. So busy have we been that we have found it impossible to close for even a day, but have kept our hands going, right along. Our help have only been able to take short holidays, and that in form. The prospects are all well, shall be better than ever. Now, will you receive our respectful suggestions to favor us with your orders as early as possible? It will be to your advantage as well as our own. Not that you will find newer material now, for we have novelties coming in continually, but it will prove a great advantage in the making. Our anxiety is to give every order the most careful execution, which, when they come in sporadic like a flood, takes us severely.
