The Acton Free Press

THURSDAY, OCTOBER 22, 1891.

LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of Free Press Reporters this Week.

—Inspector Deacon visited the Public Schools this week.

—The volunteers returned home from Camp on Saturday afternoon.

—The Free Press from now until the first of January, 1893, for $1.00.

—The provincial ploughing match will be held at the Model Farm, Guelph, to-day.

—The Robert Kennedy farm was sold here last week to Mrs. Hugh Ryder, for $2020

—The moon shines best when she is full. It is not so with the leading lights of society.

—Large box stove and quantity of good stove pipe 6c. per length for sale.—Mrs. S. A. Secord.

—With a plentiful supply of beech nuts this fall black squirrels are more numerous than usual.

—A meeting of the Board of Trustees of Acton Public School will be held on Monday evening next at 8 o'clock.

—The chilly days are drawing nigh when Autumn shall be dead—when butter will be hard to buy, and likewise hard to spread.

—An enterprising dentist in an Ohio town has in the window of his office the sign "Your teeth pulled while you wait."

—New and improved machinery has been placed in the tanneries of both Beardmore & Co. and Acton Tanning Co. the past week.

—Rev. Mr. Edge's lecture on "Return Things you borrow," will be given to-morrow evening, instead of this evening as previously announced.

—The Hamilton Saengerfest was a howling success, but the executive committee are now working their brains to make up a deficit of $800.

—A good many of our citizens went to Erin last Thursday to help swell the proportions of the big crowd who attended the World's Fair.

—Mr. D. Henderson, M.P., went to Osgoode Hall last Friday to stand his preliminary examination in the Halton election petition.

—Prof. Shaw, of the O. A. C. Guelph, has received a tempting offer from the Michigan Agricultural College to become Professor of Agriculture in that institution.

—A memorial service, having reference to the late John Stewart, was held in the Methodist Church on Sunday evening. Rev. Mr. Edge preached an eloquent and appropriate sermon from John 14: 3.

James McKenzie, Esquesing, was arrested at Acton fair by Constable Bradley for stealing a Brown Leghorn cock from Jno. Bradley. Mayor Dice sent him up for trial by the Judge.—*Milton Reformer.*

—It isn't very easy to tire a woman's jaw, it isn't easy to agree with your ma or ma-in-law; it's not an easy thing to wear a shoe that's not your size; but it's very easy to get rich, if you will but advertise. —*King's Jester.*

—The soldier boys returned home from Camp Niagara on Saturday afternoon. They were all in good health and spirits, were apparently well treated at the front, none the worse for the cold weather, and well satisfied with their outing.

—Mr. Briggs Nicklin has decided to open a merchant tailoring establishment in Acton and will have his splendid stock of fine goods open for the inspection of the public on Saturday. He will be found in the new store next to Arthurs' Grocery.

—The Free Press is pleased to learn from Mrs. Secord that her building on the corner of Mill and Main streets is only intended as a temporary structure, as far as the corner is concerned. It is built so that its removal could be effected at any time.

—Mrs. Nicholas Dalton, for many years a resident of this vicinity, died at the home of Mr. John Cummings, Eramosa, on Friday. She was sister of Mr. James Gibbons. For several years she has resided with Mr. Cummings. Her remains were interred in St. Joseph's cemetery on Sunday afternoon.

—The new building which I have just completed has cost me considerable outlay. I have just sent out a large number of accounts and the customers who owe me will much oblige by prompt settlement. From this time out flour and feed will be cash in all cases except to monthly paying customers.—John Arthurs.

—Mr. Joel Leslie has been very successful with his horses at the fairs this fall, and "ended the season at Erin with red ribbons all round. His two year carriage filly has won nine first prizes. His road mare cuts non first prize at Acton, but an error in the directors' book failed to show it in the prize list as published last week.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

A Painful Accident.

Mrs. Thomas C. Moore met with an accident one day last week which will require rest from active duties for some considerable time. With other friends she was driving to Erin and the horses became frractious and almost beyond control. In the excitement Mrs. Moore was jostled out of the carriage and in the fall fractured the small bone of her left leg about an inch above the ankle joint. She was also badly bruised and has suffered a good deal from her injuries.

Next Year Will be Leap Year.

February, 1892, will have 29 days; in other words, 1892 will be a leap year. The rule is that *all years* whose figures, or date numbers, are divisable without remainder by four are leap years, excepting the century years, which are leap years only when they are divisable without remainder by 400. For instance, 1800 was not a leap year, and 1900 will not be, but 2000 will be. The old maids may rest in patience. There's opportunity for them yet as the latter year to open their proposals.

Prosperity Continues.

Acton's population continues to extend. The recent census gave us credit with being the most rapidly increasing municipality of the county during the past decade and the new census period promises equally encouraging results. During the past three months quite a number of new families have come into town and taken places as citizens. During the year a number of new houses have been built, but to-day there is not a desirable house to be had for love or money. A satisfactory feature of local affairs is the fact that we have no unemployed men who want work.

Our Local Government.

The Municipal Council met in regular session on Monday evening. The Reeve and all members except Councillor Anderson were present. The twentieth report of the Committee on Finance recommended payment of accounts of George Hynds, $1.44 for stationery; Adam Cook, $3.00 for filling in at spring on Main Street; John Cameron, $4.66 for lumber for Park. Sergeant Cameron, of Company 6, Lorne Rifles, waited upon the Council and presented an account of $6.28, representing the amount expended by the Company for milk and butter during the recent Camp at at Niagara. Upon motion of Councillors Havill and Pearson the account was ordered to be paid. Council adjourned at an early hour.

Death of John Stewart, Sr.

For months Mr. John Stewart of lot 22, con. 2, Esquesing, had been ailing, and, although at times he rallied his strength was not renewed, and last Wednesday morning, after a period of great weakness extending over several days, he peacefully passed away. The allotted duration of life had been passed, the old gentleman having reached seventy-seven years. Mr. Stewart was born in Ireland and when twenty-seven years of age,—just half a century ago—in company with his two brothers bid adieu to his old home and came to Canada, settling on the farm where he spent the remainder of his life. He was a quiet and industrious farmer and by his frugality and care earned for himself a competence. His wife preceded him to the tomb twenty-three years ago. Four sons and a devoted daughter remain to mourn the departure of a father who was always deeply interested in their welfare.

An American Bridal Party in Town.

Mr. Logan Payne, of the *Journal*, Mount Pleasant, Iowa, with his newly-wedded bride, have been guests at Sunderland Villa the past week. Mr. and Mrs. Payne were married on the 14th inst., at the home of the bride, and after the ceremony accompanied Mr. and Mrs. Alex. Secord and Miss Edith Storey, who were guests, to Acton on a honeymoon tour. From Iowa papers we notice the wedding was a brilliant affair and was attended by 350 guests. Among the invited guests were Hon. J. A. Bingham of Ohio, ex-minister to Japan; Hon. A. J. Sampson, U. S. Consul to Mexico; Hon. Leigh Hunt, of Seattle, and Hon. Frank Hatton, all friends of the family. Referring to the interesting affair that well known journal the Burlington *Hawk-eye* says:—"There is nothing so solemn and at the same time so supremely happy as the wedding day and nothing productive of so much happiness as a purely love match, as the affair of this evening certainly was, and many friends here and elsewhere wish the young people all the happiness possible, a long life and continued prosperity." The young people are evidently enjoying their visit to their Acton friends to the full and it is to be hoped they will have volumes of good things to say of Canada and Canadians when they return home.

Two Well-Known Railway Men.

Saturday's *Globe* contained portraits and sketches of a number of prominent railway men, among whom are conductors D. Holmes, father of our esteemed fellow-citizen, Mr. H. S. Holmes, agent G. T. R., and W. K. Snider, a native of this county. The *Globe* says:—"Mr. Holmes was born in Lincolnshire, Eng., in 1825. At the age of 22 he began in the capacity of guard on the Great Northern. In 1851 he came to Canada, and at that period there was no railways here. In 1854 he entered the service of the Northern as brakeman, but was soon promoted to the charge of his train. Then he went to the Buffalo & Lake Huron, and finally to the Grand Trunk before amalgamation. On January 1st, 1889 he was transferred to London, and now his route is from London to the Falls. Mr. Holmes has grown grey in his work, and no wonder, for he has had a record of 37 years and has travelled over 1,800,000 miles. * * * Owing to the fact that Conductor Snider does duty on the railway and also aims to be a spiritual guide in the journey of life, his name is familiar throughout Ontario. He was born in Trafalgar, Halton County, Ont., in 1852, went to work as brakeman in 1870, was promoted to a conductor's position in 1874 and up to 1886. Billy was "one of the boys." In that year he was converted, and his good-fellowship is now of another character, though none the less hearty. Of his usefulness there can be no doubt for he has preached in nearly 100 different pulpits, from Montreal to Windsor, and always to deeply interested congregations. He is now on the Lindsay, Bracebridge & Muskoka division, Bracebridge & Bruce.

—Special services have been in progress in the Methodist Church, Bellinafed the past week. The meetings are well attended.

—Get your envelopes, bill-heads, letter-heads, notes, checks, receipts, statements, circulars, posters &c. at the Free Press office.

—If you want first-class Guelph sash and doors at Guelph prices, T. Ebbage can fill your order, at his planing mill.

—D. Stirton, L.D.S., will insert teeth at $6 and $8 per set for next three months. Extraction free. Special care given to filling. Office Matthews' block, Acton.

—Ask your druggist for Dr. August Koenig's Hamburg Drops for the blood.

LUNDY'S LANE HEROES.

Re-interment of the Remains Recently Unearthed at Drummondville.

Niagara Falls, Oct. 19.—The military reinterment of the remains of the 11 soldiers of the 89th and 103rd regiments, killed in the battle at Lundy's Lane, July 25, 1814, took place on Saturday. The event was witnessed by 5,000 spectators.

Three troops of cavalry, A, B, and D, troops of the 2nd regiment, commanded by Lieut.-Col. Gregory, arrived at 10.30, and about 1 o'clock the 44th battalion of infantry, commanded by Major Raymond, and two companies of the 80th Norfolk Rifles, in command of Major York, arrived by special train from Niagara. The troops were all served with lunch in the Drummondville Town Hall by the Lundy's Lane Historical Society. This mixed force was in command of Lieut.-Col. Morin, 44th battalion, with Major Vidal, of C. company, I.S.C., as staff officer. The services at the grave were performed by Rev. Canon Bull, assisted by Rev. E. J. Fessenden, B. A.

Millions for the World's Fair.

Chicago, Oct. 20.—Aside from the cost of the great World's Fair buildings, which will not be far from $7,000,000, the following are among the sums which have been or will be spent in preparation of the Exposition grounds: Grading and filling, $450,000; landscape gardening, $325,500; viaduct and bridges, $125,000; piers, $70,000; waterway improvements $295,000; railways, $500,000; steam plant, $800,000; electric lighting, $1,500,000; statuary, $100,000; vases, lamps, etc., $50,000; lake front adornment, $300,000; water supply and sewerage $600,000; other expenses, $1,000,000; total $5,943,500. The total expense of organization, administration and operation of the exposition is estimated at nearly $5,000,000. This takes no account of the sums to be spent by the Government, the States or foreign nations.

DIPHTHERIA IN TORONTO.

A Public School Closed by Order of the Medical Health Officer.

Toronto, Oct. 20.—Gladstone Ave. Public School was closed this morning owing to the prevalence of diphtheria.

In his report closing the school, Dr. Allen, medical health officer, says that children were in attendance from houses infected with diphtheria which had not been reported at the health office.

At least one death occurred that was not reported, and an investigation is proceeding, with the view of prosecuting the physicians who violated the law, and thus aided the spread of the disease. The school will be thoroughly cleansed and, if possible, opened on Monday.

$3,000 FOR A MOMENT OF LIFE.

Unique Question Involved in Johnstown Flood Suit.

Johnstown, Pa., Oct. 20.—A $3,000 estate willed to Mrs. Conrad Hoffman by her husband, who died just before the famous flood, is tied up in an unprecedented tangle of litigation. Mrs. Hoffman and her seven children were all drowned in the flood. If it shall be found that any of her children survived her, by even so much as a moment, then Mr. Hoffman's collateral heirs can get the estate, which they claim. If the mother survived all her children, though only by an instant, then her collateral heirs will inherit. They also claim the estate.

Canadian Universities.

A large sheet on which will appear, artistically grouped, beautiful engravings of all the universities of Canada, will be one of the four magnificent supplements to be presented with Christmas number of the *Dominion Illustrated* now being prepared, regardless of pains or expense. This one supplement will alone make the number of great value, especially to send abroad giving strangers a clear conception of the advantages for higher education which Canada possesses. This Christmas number will far surpass anything of the kind ever issued in Canada.

KOCH'S DISCOVERY.

A Remedy Discovered that is of far Greater Efficacy than the Noted Lymph.

The tubercle bacilli were discovered by Prof. Koch, to be constantly present in all cases of consumption. Where the blood is impoverished or impure, there results that constitutional condition known as scrofula which is characterized by the liability of certain tissues to become the seat of chronic inflammations and enlargements.

These troubles may start as catarrh in the nasal passages, throat or lungs, and as the membranes become weakened, the tubercle bacilli enter, and multiply, and we have, as a result, that dread disease—Consumption.

Find a perfect remedy for scrofula, in all its forms—something that purifies the blood, as well as claims to. That, if its taken in time, will cure consumption. It has been found in Dr. Pierce's Golden Medical Discovery. As a strength restorer blood cleanser and flesh builder, nothing like it is known to medical science. For Scrofula, Bronchial, Throat and Lung affections, Weak Lungs, severe Coughs, and kindred ailments, its the only remedy so sure that it can be guaranteed. If it doesn't benefit or cure, your money is refunded.

Guelph Business College, Guelph, Ont.

We are now offering Educational advantages and Tuition Rates such as have not hitherto been offered the Canadian people. The scope and thoroughness of our Commercial Course is strikingly shown by the fact that several of our students during the past year, have been offered situations as Book-keepers, on condition that they took the Commercial Course at the Guelph Business College.

In our Shorthand and Typewriting Department, the two leading Shorthand Systems of the present day are taught. Our method is the outcome of ten years experience in teaching Shorthand, and leads to the best practical results in the shortest possible time.

In our Modern Language Department you can get a practical course of either French or German, while pursuing the Commercial Course, and without extra charge. Both languages are taught by the Natural Method, which enables the student to read, write and speak them. This is a rare opportunity which the ambitious and energetic young man or woman will not fail to seize.

In Penmanship our work is the admiration of all who see it. Send for a specimen. Those intending to take a course this Fall should enter at as early a date as possible.

ESQUESING.

The following is a summary of the business transacted at last meeting of the township council:—James Warren has been appointed township engineer for the balance of the year.

A culvert is to be made across the town line between Esquesing and Nassagaweya at lot No. 32, large enough to allow the water in the stream free passage; provided that Nassagaweya Council will co-operate in doing their share of the work.

George Douglas was voted $28.66 for sheep killed by dogs; Theo. Cook $8.85; H. A. Reid, $2.66; Thos. Early, $16 and Mr. Melvins $12, the snug total of $62.66.

At the meeting it was moved by Mr. Warren, seconded by Mr. Lawson and carried that in the event of the Local Board of Health deeming it advisable to interview the Provincial Board of Health in the matter of polluted water by the refuse flowing from the Acton tannery, that this Council will bear any expenses incurred by them.

The township tax collectors for the year are as follows:—

Division No. 1.....C. F. Preston
Division No. 2.....Richard Dick
Division No. 3.....Wm. Moore
Division No. 4.....Wm. Hampshire
Division No. 5.....Geo. Campbell
Division No. 6.....John Bingham

and they will receive $20.00 each for their services.

The next meeting of the Council will be on Monday, 2nd November.

Mantles Again

Can't help it. We've Mantles "on the brain" just now. They're one of our hobbies. There are more people buying Mantles just now than we've known of. They want you to know that we've a big Mantle Room chuck full of the neatest, cheapest, and most beautiful Mantles that is possible to imagine. No use to attempt to tell you about the kinds. We've all kinds, all good kinds, all sizes, all shapes, all materials, all everything that's desirable and worth having in Mantles. We want you to see them, we want you to buy them, we want you to have a nicer Mantle than your friend who did'nt know about our stock, and bought one elsewhere. You can easily do that by getting one from us. Try it and see.

The Patent Eureka System of Cutting Seamless and Dartless Waists, and elegant Skirts is becoming very popular, and causing a great rush in our Dressmaking Department. Please take our advice and leave your order now. By and by you'll want your Dress in a hurry. Better give us a little extra time now. We'll appreciate it, and you'll get the better service. Besides this our Dress Goods shelves are fairly loaded with new Materials, that are going out fast. This means that you'll have the better choice.

Why should'nt we talk about Millinery when there isn't a shadow of a doubt but our Millinery Department stands *par excellence* the best of all Millinery Departments in Guelph. We don't make comparisons, but we ask you to say if it isn't true that we have the choicest and most artistic Millinery in the city. Novelties received almost daily.

Choice GOODS

Mantles . . .

Keep in mind the thought of our new stock of Ladies' German Mantles and Wraps best for our Mantle trade as yet unknown in this vicinity. The realization of this is to day but from season to season. Not a style or variety but you will find its representative in our stock, probably the largest in Western Ontario.

Dress Goods . . .

Our increase in Mantle Sales is not more marked than our complete leadership in Dress Goods. We have given a good deal of care and thought to this department. Bringing into it simply serviceable dress meterials in styles and colors of the prevailing fashion in considerable in a dress goods stock, but this is not enough for us. Our selections must have and do have a touch of jauntiness or originality about them, as well. We've looked to it that all these points are met—we've looked further still, and brought prices down to a level not reached by such goods before.

Millinery . . .

Opening Events in our Millinery department are very well in their way. We make much of them. They please, and help business. But after the opening—what? Just this, every day is the equal of Opening Day. New Conceptions and styles appear daily, and whether in Hats and Bonnets trimmed or untrimmed, Flowers, Feathers, Ribbons, Ornaments or Trimmings of any description, we think we can show you the largest stock, the most varied, and the best money's worth, as well as the best taste in combining the same.
