#### WORDS.

You know, little maid when you open your mouth,  
That's the pass to the West, North and South.  
On the wings of the wind just like bee or like birds,  
For the taste of your voice and the sounds of your words?  
Do you know, little maid that your mouth is the door,  
All the words you will say, all you have said before  
Are imperious within? Women are sweet, pleasant and wise,  
Which is more, she'll tell you, will sing just like the birds.  
There are others so cease that they no one can please...  
And when they get out they will sing just like the birds.  
Watch them close little maid; when cross words start out,  
Shut the door right up tight, and don't let them get out!

A New Remedy for Neuralgia.

Neuralgia is one of the most common and distressing complaints incidental to this climate. It is not confined to any particular season, for whilst most general in the winter seasons, yet many suffer its excruciating agony in the heat of summer. In late years this form of disease has become better known, and consequently the means of relief have greatly increased in numbers, as well as in efficacy. Among the most powerful and penetrating combinations, placed within the reach of the public for the relief of neuralgia, we can mention no remedy equal to or more certain than Olson's Neuralgia. Its power over pain is something wonderful, and we advise a trial for neuralgia, or any other painful complaint.

If you are despondent, low spirited, irritable, and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia; Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases, I now feel like a new man."

#### Are You Deaf?

Or do you suffer from noise in the head? Then send 3 cent stamp and I will send a valuable treatise containing full particulars for home cure which costs comparatively nothing. A splendid work on deafness and the ear. Address Prof. G. Cusack, Montreal.

The coughing and wheezing of persons troubled with bronchitis or the asthma, is excessively harassing to themselves and annoying to others. Dr. Thomas' Electric Oil cures all this, entirely, safely and speedily, and is a benign remedy for rheumatic, asthmatic, pleuritic, pectoral, kidney and spinal trouble.

Mr. E. M. Upson, Agent C. P. R., Toronto, Ont., writes: My wife suffered severely, from an attack of rheumatism, when I was induced to give St. Jacob's Oil a trial, with the happiest results. I can confidently recommend your invaluable remedy as a true cure for this disease." It is the best.

Canada is being gratified everywhere on the excellence of her manufacturers. Art Stained Glass is prominently in the front rank of her improvements, thanks to the *Macfarlane & Son*, of Toronto, who for forty years have labored, not only to accumulate money, but to make stained and ornamental glass of all kinds a credit to the Dominion.

Henry G. James, Henry G. James, of Winnipeg, Man., writes: "For several years past I have troubled with pimples and irritations of the skin. After other remedies failed I used four bottles of Burdock Blood Bitters and since then I have been quite free from my complaint. B. B. will always occupy a place in my house."

Joseph Ross, Percy, writes: "I was induced to try Dr. Thomas' Electric Oil for a lameness which troubled me for four years, and I found it the best article I ever tried. It has been a great blessing to me."

If you have a cough or cold do not neglect it; many without a trace of this biliary disease have drifited into a consumption's grave by neglecting what was only a slight cold. Had they but Bickie's Anti-Consumptive Syrup before it was too late, their lives would have been spared. Mr. A. W. Levy, Mitchell, writes: "I think Bickie's Anti-Consumptive Syrup the best preparation on the market for coughs and severe colds. About six years ago I caught a severe cold which settled on my lungs and for three months I had a cough. I had a physician attending me, but gradually worse, until it was on the verge of Consumption, and had given up hopes of being cured when I was induced to try Bickie's Syrup. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for severe colds and consumption."

If you want to buy or sell a Farm, advertise in the Toronto *Weekly Mail*. That paper reaches 160,000 Farmers' homes every week, and your advertisement should meet the eye of someone who wants to purchase. Advertisements of this class are inserted in the *Toronto Weekly Mail* for Five Cents a word each insertion, or Twenty-five Cents a word for five insertions. Address *The Mail*, Toronto, Canada.

## THE LADIES INTERESTED

In the Distribution of \$1,500.  
Spirit of Friendly Rivality  
Started up.

The Ladies Active to the Interests of the Great Undertaking.

The ladies of Canada are delighted; but begin not with pleasure the smiling faces of wives and daughters; indeed, the whole country is alighted up with a pleasantable excitement.

It simply amounts to this—that the manufacturers of the celebrated and universally used Diamond Dyes have organized a grand competition scheme known as the "Diamond Dye Competition," which is freely thrown open to every mother, wife and daughter of our broad Dominion.

No less a sum than \$1,500.00 will be distributed to the mothers, wives and daughters of Canada, in first, second and third prizes. This sum is really being returned to the consumers of Diamond Dyes. Every lady in Canada has earned to become a competitor, and has sufficient intelligence and ability to make up one of the articles mentioned in the long and varied list. Ample time is afforded to all for experimenting and becoming perfect as competitors, for the large cash prize offered.

It is an unprecedented act of liberality on the part of the wealthy manufacturers of Diamond Dyes, never before attempted by any similar institution in the world; and the public have the most ample proof that every "prize" will be faithfully carried out.

During the season the manufacturers of Diamond Dyes have contributed liberally to country fairs, in order to encourage Household Economy and Art. Small and a most unknown concern have tried to stimulate this character of work, by the offer of insignificant sums of from one to three dollars, that would not in any case defray cost of dyeing and the making up of goods called for. We fear these small imitators have not yet discovered the fact that the ladies value highly their time and materials, so far as this trifling and miserly price.

The fair of our country having closed for the season, the manufacturers of Diamond Dyes mean to keep the ladies busy during the long autumn and winter evenings, by offering large and substantial prizes in keeping with the character of work asked for.

The production of every competitor will form an exhibit in the large and well equipped Diamond Dye establishment in Montreal, and three of the largest and best known Dry Goods firms in Canada have promised experts to award the prizes. These well-known houses are: Henry Morgan & Co., Henry & N. E. Hamilton, and John Murphy & Co.

Graham & Co., proprietors of the Montréal "Daily Star," and "Daily Herald" and "Weekly Star," have dignified their willingness to act as judges on the various Essays sent forward for the competition.

Young and old, rich and poor, have an equal chance in this magnificent and honest competition scheme; therefore all should willingly enter. If you have not yet received a book giving full particulars of the scheme, write at once to the Wards & Richardson Co., Montreal, who will send it post free.

We are asked to remind readers of the fact that all intending competitors should at once signify their intentions of becoming competitors, by sending in the form, properly filled up, which is found on page 15 of the book referred to. We wish to impress upon people the fact that this contest is absolutely free (all). There is no cost for books, on entrance fee, and no money to be sent forward; it is as free to all as the air we breathe. We trust our people will do what they can in this competition, and thus sustain the reputation of our women and girls as adepts in honest work and art.
