The mere mention of Black Silks is suggestive of richness and elegance. It is also suggestive of no small disappointment on times in wear. Makes the Weak Strong. The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, continually proves the claim that this medicine "makes the weak strong." It does not cure the disease, but it imparts strength from within, and thus drives out the disease from the system.

That Tired Feeling creates an appetite, purifies the blood, and in short, gives great bodily, mental and digestive strength.

I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite. Ed. J. Jones, Mt. Vernon, N.Y.

Fagged Out. Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly stand on my feet. I took Hood's Sarsaparilla, and it cured me. It is nothing like the R. C. Sarsaparilla, which I had taken before.

Worn Out. Hood's Sarsaparilla, not only cures the disease, but it imparts strength from within, and thus drives out the disease from the system. I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite. Ed. J. Jones, Mt. Vernon, N.Y.

STYLISH MANTLES. The real test of our German Mantles knows no statement. Extraordinarily high quality, facilities style, and extremely moderate prices are the three factors that keep our trade thriving. We show the greatest variety of this season's newest goods, give best possible service, and sell at prices which are a source of astonishment to our competitors. The reason is, we bought right.

We do not think there has ever been brought into Guelph such a variety of Ladies and Children's Wreps as we present for your inspection this week. Virtually controlling the market in these garments, and enjoying a growing and appreciative Mantle trade, we have this season surpassed all previous efforts not only in our selection of an immense variety of styles, but also in the volume and rapidity of our sales in this department. We would ask the ladies of Guelph and vicinity not to do themselves the injustice of buying a Jacket or Wrap before taking a look through our stock of these garments.

You will find our Mantle Cloths new, stylish, handsome, and prices right. We keep a large assortment of these goods on hand, ask to have them shown to you.

We bought our stock of Furs early in the season, at a time when we were certain of getting the choicest quality in the market. Anyone postponing their purchases of Furs till the present, at every one familiar with these goods, will admit, have a stock consisting mainly of pelts and articles of inferior quality. You will be delighted at the quality of our Furs.

ONE PRICE ONLY. G. B. RYAN & CO. GUELPH.

A Few Lines. Will tell you something you ought all to know about our DRESS GOODS.

It is a cheap thing to say that a thing is cheap, but they represent a saving of from 20 to 25 per cent. - every purchaser. As to competition it is nonsense to talk of it. Competition is not in it. If there is any one desirous to be done we propose to do it ourselves, right here. And when we talk about competition, we don't mean local competition, and we don't draw the line any where between Halifax and Victoria.

You will understand the force of these remarks when you know we are selling.

There's no excuse for fear here. The fence is high and the chain is strong, and sense of safety and satisfaction comes over the woman; something like that which comes to her when she sees "Faintly" Soap, and sees how it does away with hard work and "tiring" into ease. That she is safe in the knowledge that this Soap cannot harm the tenderest skin is a fact. For purity it has no equal. Try it.
