The Young Folks.

IF MOTHER WOULD LISTEN.
I never would listen to you, dear,
It's a waste of time to be so kind.

Reading as Education.
Many young people (especially those
living in the country) have not had as
many educational advantages as they would
have appreciated; but they may themselves
do much to remedy deficiencies in this
respect.

The mind, like the body, needs exercise
to keep it in health, and if you never give
attention to sharpening the faculties of your
mind you will soon have no powers of thought
left. It does not mean that for the sake of
the exercise you should read on abstract and
difficult subjects in which you feel no
interest, or that you should choose an
author who expresses his thoughts vaguely
and obscurely.

But if you have an interest
in history or botany, if you feel any
curiosity about the people of other times,
take that as a starting point, and you will
find that one book introduces you to
another, and that to still another, and that
to still another, till you will be surprised
to discover how far you have wandered on
the wide field of knowledge.

This sounds a very desultory plan
of reading to recommend, but it is often as
appreciable as it is unpleasant to read on
subjects in which you have no interest;
and in this way you will certainly learn a
great deal. Of course if you have some
reason for desiring to read in one particular
line, and have little time to devote to
its acquisition, some more definite plan of
study will be necessary; and you will be
obliged to leave unlearned almost all that
does not bear on the one subject.

But whatever you choose, don't allow
yourself to read in a haphazard
fashion. Get a good book on an interesting
subject, and take it to the justice to
read it well. Take pains to understand it.
If a page puzzles you on a first reading
give it a second, or even a third, if necessary.

Nothing so suddenly obstructs the perspiration
as heat, and the heat, quickens the
circulation and increases the perspiration,
but when these are suddenly checked the
consequences must be bad. The most common
cause of disease is obstructed perspiration,
or what commonly goes by the name of
catching cold. Coughs, colds, sore
throat and so on, if attended to in time, are
easily subdued, but if allowed to run their
own course, generally prove the forerunner
of more dangerous diseases. Nine-tenths
of the consumptive date their affliction
from a neglected cold, and the diseases that
are caused by wet feet, damp clothes, or
exposure to more or less draughts are
generally supposed. One of the most efficacious
medicines for all diseases of the throat and
lungs is Bickel's Anti-Consumptive
Syrup. It promotes a free and easy
evaporation, which frees the lungs from
viscid phlegm by changing the secretion
from a diseased to a healthy state.

What a Friend Can Do.
I was confined to my bed by a severe
attack of lumbago. A lady friend sent me
a part of a bottle of St. Jacobs Oil, which I
applied. The effect was simply magical.
In a day I was able to go about my household
duties. I have used it in time after time
for neuralgic toothache. I would not
be without it." Mrs. J. HENNING, Kin-
caid St., Brockville, Ont.

NOTES HERE AND THERE.

Items of General Interest to Free

Our greatest glory is not in never falling,
but in rising every time we fall.
Millions of Deaf, Dumb and Blind are recom-
mended by Physicians as the best.

Those who are honest, as "the best policy"
are half-way to being rogues.
Dr. Low's Worm Syrup removes worms of
all kinds in children or adults. Children

Extract of Wild Strawberry in my family
for a number of years, and find nothing so
good for diarrhoea and sick stomach as it
has proved itself to be.

Mrs. D. A. Wilson, Ripley P. O., Ont.
"The prisoner works like a charm."
"How's that?"
"O' the end of a chain."

A Liberal Triumph.
Scores of men and women who have al-
ways suffered their prejudices to blind them
to the merits of Berdock Blood Bitters
now use and praise this wonderful tonic
as the best remedy known for dyspepsia,
constipation and all blood diseases.

There needs but one wise man in a com-
pany, then all are wise so rapid is the
conclusion.
In old times it seemed to be thought that
a medicine must be pleasant to be effective.
Now, all this is changed. Ayer's
Sarsaparilla, one of the most powerful
alteratives, is agreeable to most palates, the
flavor being by no means medicinal.

Style pervades the subject, manner flows
on the surface.
Oh, My Head.
That splitting headache, aching brow
and irritable feeling can be immediately
relieved and permanently cured by Ber-
dock Blood Bitters, the remedy for head-
ache, constipation and all disorders of the
stomach, liver, bowels, and blood.

Nonsense—Sense that happens to differ
from our own.
Canada is being congratulated everywhere
on the excellence of her manufactures.
Art Stained Glass is prominently in the
front rank of her improvements, thanks to
the excellent Stained Glass Company, who for
40 years have labored not only to accumu-
late money, but to make Stained and Orna-
mental Glass of all kinds a credit to the
Dominion.

Wife.—How can I make a cake, John?
We are short of flour and sugar.
Hubband.—Then make a shortcake.

To Dispel Cold.
Headaches and Fevers, to cleanse the
system, effectually, vigorously, when obtuse
or bilious, or when the blood is impure or
stagnant, to permanently cure habitual con-
stipation, to awaken the kidneys and liver
to a healthy activity, without irritating or
weakening them, use Syrup of Figs.

There is nothing more necessary than to
know how to bear the most tedious mo-
ments of life.
"Excuse me, George, but when I saw you
a year ago, your face was covered with
pimples; it seems to be all right now."
"Yes, sir; that's because I stuck to Ayer's
Sarsaparilla, the greatest blood medicine
in the world. I was never so well in my
life as I am now."

The search after the great is the dream
of youth, and the most serious occupation
of manhood.
Gives Good Appetite.

Sh.—I think your valuable medicine
cannot be expressed, according to the bene-
fits received from it. After suffering from
headache and loss of appetite for nearly
four years, I tried B. B. B. with the great-
est success, finding it gave me great relief
and good appetite. I now enjoy good health
which I owe to your valuable medicine.

Mrs. MRS. BROWN, London, Ont.
Vices sometimes, virtues often, make us
sore ridiculous.
Edward Lintel, of St. Peter, C. B., says
—"That his horse was badly bitten by a
pitchfork. One bottle of MINARD'S
LINTMENT cured him."

Lively Stable men all over the Dominion
tell you agents that it would be worth
out MINARD'S LINTMENT for twice the cost.

There is no evaporation or Deterioration
in strength about Dr. Theobald's Eucalyptic
Oil. The ingredients of this incomparable
anti-rheumatic and throat and lung remedy
are not volatile, but fixed pure and imper-
ishable. Pain, lameness, and stiffness are
relieved by it, and it may be used with
equal benefit externally and internally.

The make-up of the soul is as much seen
in leisure as in business.
Every Testimonial.
In behalf of Hood's Sarsaparilla is strictly
true and will bear the closest investigation.
No matter where it may be from, it is as
reliable and worthy your confidence as if
it came from your most respected neighbor.
Have you ever tried this excellent medi-
cine?

For a general family cathartic we confidently
recommend Hood's Pills. They
should be in every home medicine chest.

Absent Minded.
David Drew was a very absent minded
man. Once he started for the Erie train
and thought he left his watch at home.
First he thought he would go back after it.
In an absent minded way he took out his
watch, looked at it, and exclaimed:—"
"Then I five o'clock, and the train goes
but five, I won't have time."
Then he put his watch back in his
pocket and telegraphed his wife to send it
to Albany by express.

"But Horace Greeley," said Dewey,
"was more absent-minded than Drew."
"Do you remember the instance?" I
asked.
"Yes," Whitehead said when Gree-
ley left the Tribune office one day he put a
card on his office door, "Will return at
three o'clock."

"Happening to return at 1:30 and seeing
the sign, I sat down in the hall and wait-
ed for himself till three o'clock. Greeley
was absent-minded!"

CONSUMPTION CURED.

An old physician, retired from practice
having had placed in his hands by an East
India missionary the formula of a simple
vegetable remedy for the speedy and per-
manent cure of Consumption, Bronchitis,
Croup, Asthma and all throat and lung
affections, also a positive and radical cure
for Nervous Debility and all Nervous Com-
plaints, after having tested its wonderful
curative powers in thousands of cases, has
felt it his duty to make it known to all his
suffering fellow-men. Admitted by this motive
and a desire to relieve human suffering, I
will send free of charge, to all who desire it,
this recipe in German, French or English
with full directions for preparing and
using. Sent by mail by addressing with
stamp, naming this paper, W. A. Ross
and Powers Block, Rochester, N. Y.

He is great who it what he is from
nature, and who never commits us of others.

No article takes hold of Blood Diseases
like Northrop & Lyman's Vegetable Dis-
covery. It is the only medicine known to
Throat, writes: "I have to thank you for
what Northrop & Lyman's Vegetable Dis-
covery has done for me. I had a sore on
my knee as large as the palm of my hand,
and could get nothing to do any good until
I used the Discovery. Four bottles com-
pletely cured it."

Moderation is generally firm; and firm-
ness is generally successful.

The tongue of a fool is the key of his
conscience, which, in a wise man, wisdom
hath in keeping.

Fear.—We sometimes hear a man boast
of never having known fear; but it is an
idle vanity. It cannot be true; but, if it
were, it would beget him low, not more,
namely, One of the bravest soldiers con-
fessed to having felt tortures of fear in his
first battle; yet he afterwards overcame an
inch, and his comrades thought him utterly
fearless. His courage kept him firm in the
path of duty despite his fears.

The lots of nature is on idle quality, it
is rich in the best results.

When Baby was sick, we gave her Castoria.
When she was a child, she cried for it.
When she became a woman, she clung to Castoria.
When she had children, she gave them Castoria.

People are not supposed to gulp down
everything they read in the newspaper any
more than they are to sign a hotel bill of
fare, neither is it good sense to sign a
paper when something distasteful appears
any more than to taste the table because
you are unable to read the peculiar
taste is found among the viands.

Oh, What a Cough?
Will you heed the warning. The signal
perhaps of the rare approach of that more
terrible disease Consumption. Ask your
self if you can afford for the sake of
saving 50c. to run the risk and do nothing
for it. We know from experience that
Shiloh's Cure will cure your cough. It
cures all.
