THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

Acton Union Exhibition.

The prize lists and posters for Acton Union Exhibition are out and the exhibition will be held on the 4th and 5th October. From the interest manifested on all sides the exhibition this year is likely to be an unqualified success, and only good weather will be necessary to secure results of the most satisfactory character. Acton has always been a popular point for exhibitions and the extensive list of special prizes shown in the list is good evidence that it has many friends willing to aid in making this year's show complete in every respect.

A Sensible Conclusion.

A level-headed contributor to one of our contemporaries says:—"I believe in sticking up for your town and sticking up for your country, just the same as every man who is worthy of the name will stick up for his wife. If you are living in this town, you ought to be married to it, as it were; the same with our beloved Canada. If you don't think enough of either, toget married to them, you ought to quit courting, part company with both, dig out and make room for more worthy suitors, for I notice that the fellow who is a good citizen of a town, works for its interests and helps it along in every way he can, is also a friend to the land of which that town is a part—the two attachments cannot be separated."

Women's Missionary Society.

The annual meeting of the Women's Missionary Society was held in the Methodist church last Wednesday when the business of the year was completed and the officers for the ensuing term were elected as follows:—

President—Mrs. Thomas Easton,
Vice-President—Mrs. M. A. Christie.
Recording Secretary—Mrs. James Moore,
Corresponding Secretary—Mrs. H. P. Moore,
Treasurer—Mrs. Anthony Stephenson.

Mrs. James Moore was elected delegate to attend the annual convention at Woodstock on the 4th, 5th and 6th October. On Thursday evening a public meeting was held and Miss Williams, evangelist, gave an interesting address appropriate to the occasion.

United in Hymen's Bonds.

Last Thursday afternoon a quiet wedding took place at the home of Mr. James Brown, Main street, the brother of the bride, when Miss Anna M. Brown, daughter of the late Alex. Brown Sr., and Mr. J. P. Brown, of Her Majesty's Customs, at Niagara Falls, were joined in matrimony. Rev. J. Edge performed the interesting ceremony. Miss Maggie Matthews, neice of the bride, attended her, and Mr. Harry Brown, son of the groom, was his father's best man. The bride was the recipient of many handsome gifts. The guests were confined to the immediate friends of the bridal party, and included the following from out of town:—Mrs. Joshua Freeman, St. Marys; Mrs. D. B. Freeman, West Lorne; Mr. and Mrs. W. P. Brown, Toronto; Mr. and Mrs. C. G. Murray, Stewarttown; Mr. and Mrs. Thomas Somerville, Esquesing; and Mr. and Mrs. W. Brown, Ashgrove. Mr. and Mrs. Brown left on the evening train on a trip to Detroit and Chicago, after which they will settle in their home at Niagara Falls.

A Phonographic Concert.

The Epworth League has arranged with Rev. Byron Laing for a grand Phonographic Concert in the Methodist Church on Monday evening, 26th inst. The phonograph to be used on this occasion is one of Edison's very latest instruments many of the improvements on which have only recently been added. No rubber tubes are used. A large funnel upon the platform throws the sound over the whole audience. The phonograph is run by electricity and you hear the beautiful strains of the United States Military Bands at New York and Washington, the voice of the singers and the mellow tones of the piano upon the platform with remarkable distinction while sitting in your seat. The programme is very entertaining and will comprise some twenty numbers. The phonograph is one of the greatest marvels of the age. The Ingersol *Tribune* says:—"The Phonographic Concert last evening drew a large and select audience. Those present enjoyed a rare treat." Over 1000 people gathered in the Central Church, Woodstock, to hear this instrument. In order that all may have an opportunity of enjoying this unique concert, the League has decided to fix the admission at the very low price of ten cents, and family tickets at thirty-five cents.

The Roller Mill Meeting.

The meeting called for Saturday evening to consider Mr. Harvey's proposition for the establishment of a roller flour mill was fairly well attended by farmers, but very few citizens were present. The chair was taken by Mr. Robert Johnson, Erin, who explained the object of the meeting and stated that he, with several other farmers, had requested Mr. Harvey to make a proposition, which, if carried out, would give the farmers a roller mill at home and not necessitate their driving to outside points. Mr. Harvey agreed that if a subscription list were circulated through the community and the sum of $1,500 secured, he would proceed at once to reconstruct his mill and put in a full roller process mill of forty barrels capacity, he to receive the $1,500 when the mill was in good running order and turning out a satisfactory grade of flour. The scheme was regarded as equitable and reasonable by some of those present, others promised to support it if they would receive back the value of their subscription in gristing, while a few were not in favor of becoming responsible for any part of the assistance asked. After addresses by Messrs. D. Henderson M. P., John Warren and others, pro and con and an amount of general conversation and asking of questions it was decided that Messrs. Johnson and Davidson be a committee to wait upon the farmers and others of the vicinity to obtain their views more definitely and ascertain their willingness or otherwise to give the movement financial support. The establishment of a roller mill here would be a boon, especially to the farmers, and would no doubt be of some considerable benefit to the people of Acton as well. Mr. Harvey's proposition is not an unique one, for similar action is being taken in other places, and is accepted by those who have not had the comfort and convenience of a good roller mill at their own market town. In fact, Mr. Freure, who sold his mill here a few months ago, was given the equivalent of $1,500 by the farmers of the vicinity to establish such a mill as Mr. Harvey proposes at Pt. Rowan. Mr. Harvey has upwards of 150 customers for whom he does gristing and chopping. Ten dollars from each of these would secure them first-class flour at home and in one season save them more than that amount in wear and tear and time. No doubt many of our citizens will assist in making the project a success if canvassed.

THE COUNTRY AROUND.

News Items Supplied by Correspondents and Exchanges.

NORVAL.

During the storm Saturday morning Mr. R. F. Leslie's bank barn was struck by lightning, and, with its contents, was destroyed. Mr. Leslie is an extensive and well-to-do farmer, living about two miles north from here. His barn had lately been improved by the addition of a windmill, etc., and, besides the implements and other things, contained a quantity of oats and hay. The insurance was $1,000 in the Peel Farmers' Mutual.

OAKVILLE.

Last Thursday morning Patrick Fitzgerald, an unmarried man 30 years of age of this town, was struck by a Michigan Central express a few miles west of Welland, and thrown 30 feet, having both arms broken and being otherwise injured. He had been walking on the double track, and stepped to one side to let a freight pass, and on account of the heavy fog did not see the express until it was upon him. His friends at Oakville were telegraphed to and he was taken to St. Catherines hospital.

ERIN.

The Church of England here is being repainted and improved.

Everybody in Erin and vicinity is brushing up for the Fall Fair.

The sportsmen now spend their leisure in duck shooting.

The trout fishing is over.

Mr. James Sharp, of Tweed Hill Farm, Caledon, lost two valuable cattle during the past week with a disease called "Black Quarter," and several others are also affected with the disease.

KNATCHBULL.

The Harvest Home Festival, held under the auspices of the Ladies aid society of the Ebenezer church was a decided success. The evening being fine only a little cool. There was a large crowd present. The society is to be congratulated on the success they have attained and the way in which the programme was carried out. The proceed amounted to a considerable sum and are to go towards the rebuilding of the new sheds which are to be erected as soon as possible.

The mail contract for the carrying of Her Majesty's Mail between Knatchbull Acton and Speyside was let to Mr. Jas. Martin, post-master at Speyside. But the way in which it has been carried will either have to be changed or Mr. Martin says he cannot fulfil his contract.

Some of the farmers around Knatchbull went to Toronto Industrial exhibition on Tuesday. It was Patrons and Germania day.

The Rev. J. Hough, formerly pastor of the Nassagaweya circuit, preached in the Ebenezer church last Sunday morning and evening. His sermons were well appreciated by all who heard him.

The boys around Knatchbull have great times now at nights racoon hunting. The season is about right now for the fur.

The fall wheat that was sown early is up green and will undoubtedly have lots of top to stand the cold frosts of winter.

Vandals continue to steal flowers from the graves at the cemetery.

License Inspector Brothers has left Milton for San Francisco and has removed his furniture from the house which he occupied. It is said that he intends to settle on the Pacific coast.

We were pleased to learn last week that Mr. Fred Deacon had received his Toronto University matriculation certificate. Owing to an error at the Department his name did not appear in the list recently published.

Five youths were paraded before Mayor Dice on Tuesday charged by Chief Bradley with disturbing the peace on the streets of Milton and making the night hideous by blowing tin horns. They were convicted and fined $1 each and costs; but nevertheless the discordant sound of a tin horn went ripping through the ear drums of the people of Milton again on Tuesday night. If there are any more parades of the tin horn brigade $1 and costs won't pay the bill, and they had better restrain their unmusical ardor.

One of the resorts of Miltonians when they "take their walks abroad, particularly on Sundays, is the reservoir, and a subscriber says that dogs that accompany the pedestrians frequently jump into the water there. Good as the reservoir water is, it is not pleasant when drinking it to think that dogs have washed in it, and the waterworks committee should either put a high railing around the reservoir or take measures to keep parties accompanied by dogs away from it.—*Champion.*

GEORGETOWN.

The Young Peoples' Societies of the several churches are thriving.

Rev. J. W. Rae, of Acton, addressed the young people of the Presbyterian church on Thursday evening. His topic "The coming Renaissance" was handled in a very interesting manner.

Quite a lot of stock from this section is on exhibition at the Toronto Fair.

There are 125 pupils in attendance at the High School.

The officers elected by the Y.P.S.C.E. of the Presbyterian church for the ensuing year are as follows:—

President, Rev. D. M. Buchanan; Vice-President, Miss Carter; Rec.-Secretary, Miss Robertson; Corresponding Secretary, Miss Tena Young; Treasurer, Miss K. McDermid.

The annexation of Glenwilliams is becoming quite a burning question.

The monthly literary meeting held by the Epworth League in the Methodist church last week was very successful. The attendance was good and a profitable programme was given as follows: Address, "Christian Manliness," Rev. W. E. Norton; Duett, Miss and Master Williams; Essay, "Sabbath Observance," R. D. Warren; Quartette, Messrs. Tindal and Wilson, Mrs. McCrea and Miss Tindal; Recitation, Miss Bradley; Recitation, Miss Carrique. The programme was interspersed with hymns in which the audience joined. Rev. Thos. Geo occupied the chair. The evening was regarded by all present to have been a very interesting and altogether successful one.—*Herald.*

The Fall Assizes.

The fall assizes for the County of Halton were held at the court house, Milton, last Wednesday, Justice McMahon presiding. There were no civil cases on the docket, but on the criminal docket no less than fifteen separate indictments were preferred against Mr. Henry Lawson by John McGeoch. The grand jury considered them and found "no bill." No presentment was made.

A CAREER OF USEFULNESS.

Miss Emma M. Moore Leaves to take a Position in Toronto General Hospital.

Some time ago Miss Emma M. Moore, daughter of Mr. Thomas T. Moore, principal of the public school, applied for a position on the staff of nurses at Toronto General Hospital, and was accepted. She left yesterday morning to enter upon her duties. For years Miss Moore has been one of the indefatigable workers in connection with the Methodist Church, her services being especially valuable in the choir and the Sunday School. At the close of the meeting of the Epworth League on Tuesday evening the members of the choir and congregation took occasion to express their appreciation and esteem in the following address which was accompanied by an elegant gold watch and chain:—

DEAR FRIEND:—

It was with feelings of very great sadness that we learned last evening of your intended removal from Acton, necessitating the severance of your connection with us in your various capacities, in the choir, the Sunday School and the Epworth League. You have given your services so willingly and freely wherever you could aid in the services of the sanctuary and the social circle that we have all learned to love and esteem you, and consequently feel your departure the more keenly.

You have grown up among us from childhood and many of us have been blessed by our association with you, and have recognized your growth in the christian graces with great satisfaction.

As members of the choir, the congregation, the Sunday School and the Epworth League, we desire to unite in an expression of our appreciation of your services so long and faithfully rendered, especially in connection with the service of song. We are aware that your efforts have all been contributed without any expectation of reward, except so far as the Giver of all good will bestow upon his faithful children through life and when the work of life is over; but this need not debar us from expressing our gratitude and showing in some fitting manner our appreciation of work so ably and generously performed.

Will you then kindly accept this watch and chain as a token of love and esteem from your many friends and associates in the church of your church. We hope you may long live to use the talents with which God has so richly endowed you in speaking and singing His praises, and perhaps in your new field of work and influence He may use you not only to cheer and comfort the sick and distressed but to lead to the blessed Saviour the dying and rendering their last moments full of joy and peace and confiding hope. And when you have done singing on earth we pray you may with us sing the Songs of Zion in the sweet bye and bye.

Miss Moore was entirely overcome, and the presentation was evidently a complete surprise. Her father spoke a few words in her behalf thanking the friends for their kind words and valuable present. Short complimentary addresses were also made by Rev. Mr. Edge, Messrs. I. Francis, J. C. Hill, W. Williams, Dr. Urén and H. P. Moore, each of whom gave testimony to the value of Miss Moore in her various positions in the church, and expressed the deepest regret at her departure.

The church never lost a more able and devoted worker and her removal is very keenly felt in all circles. The heartiest wishes follow Miss Moore to her new field.

In addition to the presentation above Miss Moore was the recipient at the hands of a few of her friends of a beautiful chased gold ring. The presents were purchased from Mr. George Hynds, jeweller.

H. C. Aikens, the Tottenham private banker who disappeared a few days ago, is believed to be in Mexico. The Sheriff is now in possession of the bank. There are numerous creditors besides the bank of Hamilton and the total indebtedness will reach fully $25,000. Aikens is believed to have lost heavily by speculation in Chicago stocks.

Ayer's Hair Vigor

Is the most elegant and popular hair-dressing in the market. It quickens into renewed activity the hair-roots and thus restores to the hair all that has been lost by sickness, old age, or neglect. It imparts to the hair a silken texture, keeps the scalp clean, and cures itching and troublesome humors. When the hair becomes thin, faded, or gray, the use of Ayer's Hair Vigor brings out a new growth of the original color, fullness, and beauty. It is positively without equal.

The Best Hair Dressing

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."—Wm. Henry Ott, alias "Mustang Bill," Newcastle, Wyo.

"My hair began turning gray and falling out when I was about 25 years of age. I have lately been using Ayer's Hair Vigor, and it is causing a new growth of hair of the natural color. It is a wonderful dressing, and has been of great benefit to my wife in removing dandruff, with which she was very much troubled. She considers it indispensable to her toilet."—R. J. Lowry, Jones Prairie, Milam Co., Texas.

"This is to certify that for many years I have had an itching of the scalp, and my hair had nearly all fallen off. I was induced by Dr. T. J. Gossett to try Ayer's Hair Vigor. By so doing, the itching was entirely cured and the hair grew out on the top of my head, where it was bald."—J. W. Harp, Deputy P. M., Mullinville, Kans.

It is stated that the town of Hagersville has thrown off all taxes on improvements and proposes in future to collect the revenue from the land alone. An impetus has been given to the building trade already. Speculators have held property without improvements while the neighboring owners have built and added to the value of vacant lots. Under the new system this will not be encouraged. The vacant lot owner will have to turn his property to account or sell it to some one who will, or he will lose by the transaction. It does appear unfair to tax a man for improving his property and incidentally the general appearance of the town, while his less enterprising neighbor is allowed to hold vacant lots and have them assessed very low while their value is increased by the enterprise and expenditure of the man who builds on and improves his property and then has to pay an increased tax to make up the deficiency of revenue. It is time a radical change was made in the mode of raising civic revenues and encouraging men to build on and improve town lots, instead of favoring holders of vacant lots.

SUMMER WEATHER has got the biggest half of it. So has the sale of Summer goods. Still there are attractive lines which we are anxious to totally wipe out. In such we are offering startling and tempting money value. Not a piece of goods or article of any kind is to be carried over if we can help it. We need to specially specify lines, the rules applies to every department. Wherever there is a piece of Summer goods, out it goes at a bargain price.

NEW GOODS have been and are fast coming to hand. Old Country invoices and advices of shipping are coming to hand thick and fast. In a very short time the whole of our place will have put on the more sombre hues of Autumn. Mr. Bollert's European purchases are very large and comprise the highest novelties to be obtained from the producer. Buying from first hands as we do the values are sure to be right and the best obtainable for goods of equal merit.

TABLE LINENS are having a sale with us. Special Bargain Numbers, RETAILING at WHOLESALE price are forcing sales. We can show you the best Table Linen value to be had any where in decent new goods.

HOLIDAY MAKING and holiday taking, a trip amid the salt or fresh sea breezes, a respite from business and labor, this is what nearly everybody is after just now. We have found it the hardest thing to be able to have our Dressmakers share in the general enjoyment of this kind. In order to do it at all we have had to divide our large staff and let off one set, while the other attended to the numerous Dressmaking orders that even at this dull season of the year crowd this busy department. Talk of closing even for a day, it was impossible. But with this arrangement we are attending to the daily orders and giving our hands in turn a rest. If you have any Dressmaking to do, remember our rooms are open, and a part of our staff at work.

CASH is what we are after even in the dog days, and if we refuse credit or insist on ready payment, remember that it is simply our way all the year round, and the benefit comes to you by getting all the better goods for the money. We'd have to ask you to help to pay for a lot of bad debts if we sold on credit. We're cash very cash. The most accommodating people in the world in everything but the matter of selling without the ready cash.
