THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

Called to Matrimony. A quiet wedding took place at the Presbyterian Manse on Tuesday morning when Wallace A. Leiby, second son of Joseph Leiby, Esq., and Josephine daughter of Peter Anderson, all of Acton, were married by Rev. J. W. Ross. The bride and groom were accompanied by a large number of friends to the manse for a trip to London and other points west.

The New School Building. The brick work of the new school has just been completed and the lock pointers have finished their work. The walls present a handsome appearance. The deck on the roof is neatly finished and work on the interior will now be pushed forward. The painters have commenced their work and the carpenters are not through with it yet.

Do Your Part to Arrest It. The cholera scourge is marching westward very rapidly, and has already reached New York. There is no telling how soon it may be reported as having secured a foothold in Canada. It therefore behooves all our citizens, especially those who are to decayed vegetable and allowed to remain there or elsewhere, also to undertake the frequent disinfecting of all out buildings.

A Sine Ad to Profit. At the annual convention of the National Association of Retail Shoe Dealers held in Boston the other day, a good deal of time was devoted to the discussion of the subject of advertising. For a good hour the members expressed their views, circulated papers, putting their name on country fairs and bars, decorating so-called advertising cards in hotel bar-rooms with their name—all these methods, and many more, were discussed. But the ultimate conclusion of the gathering was that good legitimate newspaper advertising was the only profitable means of getting before the public.

The Apple Crop Here. The splendid apple crop in this section this season has induced Messrs. Cook & Cook of Clinton, a prominent firm of apple buyers, to come in and our farmers are disposing of their apple crops to better advantage than usual. Already some 9,000 barrels have been purchased and the buyers are now busy packing and shipping. A large number of experienced men are employed in this work. The first car was shipped from Acton on Monday. The first shipment is of the tall varieties. The entire crop will be shipped to Liverpool for the British markets where Canadian apples are the favorites and bring the best prices. The same firm will ship from Norval and Georgetown.

Roller Mill Donors. The committee appointed to canvass the farmers of this section with a view to securing subscriptions to the amount of \$1500 in order to meet Mr. Harvey in his proposition to put in a full roller process in his mill, have been at work the past week with considerable success. Several hundred dollars have been secured. This week two or three of our business men wanted upon a number of citizens and secured subscriptions aggregating upwards of \$300, which will probably be largely augmented. This action on the part of the people of Acton, whose interest is not nearly so direct as that of the farmers, is a practical manifestation of sympathy in the movement and should stimulate our farmer friends to push the matter to a successful issue.

The Provincial S. S. Convention. The annual convention of the Sunday School Association of Ontario will this year have more than usual attraction for the reason that it is to be held in Guelph many will have the privilege of attending who cannot usually do so. The officers who have the programme in hand anticipate one of the best conventions this year in the Association's history. The list of speakers is not yet quite complete, but we submit among others the names of Rev. Dr. Schaeffer, of New York, a prominent and efficient as a Sunday School man is attested by his superior article in every issue of the Sunday School Times; Dr. Barbour, of Montreal; Dr. Sutherland, of Hamilton; Principal Caven, Toronto; possibly Wm. Reynolds Esq., of the World's S. S. Association, Chicago, there is ample guarantee that an exceptionally interesting meeting may be expected. Mr. and Mrs. Harry Blight, of Toronto, whose musical ability is well known, will have charge of the singing. A strong local committee was appointed last week from the various Sunday Schools at Guelph, to arrange the building and other local details, and a worthy reception and hearty welcome is assured from the Royal City. Six hundred delegates are being provided. For the date of the convention is 25th, 26th and 27th October.

THE MUNICIPAL COUNCIL.

The Semi-Monthly Budget of Business Transacted. Council met on Monday evening at eight o'clock. There was only a small amount of business before our local legislators. Members absent: Howe, Lowry and Councilor Beardmore. Minutes of last meeting read and confirmed.

The clerk read a communication from the head office of the Bell Telephone Co., stating that arrangements have been made for installing the poles in town, and their painter would commence work in a few days. The sixteenth report of the committee on finance was presented and adopted, the following accounts being therein passed:—

J. Grant, express and cartage \$ 40 G. A. Richardson, cotton rope 1 20 G. Hynds, stationery 2 00 C. Brown, work on streets 1 20 D. Mills, teaming 2 00 H. Morrow, work on streets 3 00 A. Cook, garage 12 50 H. P. Moore, printing and advertising 15 00 49 80

Mr. James Brown, farmer, intervened the Council as to the re-building of the sidewalk from the G.T.R. track to the limits on Main street. Councilor Beardmore explained that it was the intention to lay a gravel walk where the old plank walk had been removed. It will be attended to forthwith.

The necessity for a few loads of clean gravel around the pump in the town hall square was referred to and the gravel ordered to be put down. The town hall committee reported that a new tin roof was ordered to be put on the deck of the roof at a cost of \$40.00. George Hill has the contract.

Councilor Beardmore entered at 8:25 and took his seat. The council adjourned before nine o'clock. —Just arrived a fine assortment of Flower Pots—T. H. Harwood's Grocer. —D. Striton, E.D.S., will insert (each at 10c and 8c per set for next three months) in the Free Press. Special care given to filling. Office Matthews' block, Acton.

THE COUNTRY AROUND.

News Items Supplied by Correspondents and Exchanges.

BRIN. Mr. D. Doherty, of W. U. Matthews & Co., Toronto, will purchase grain here this fall. The Rev. J. A. Key, of Dundas, preached the anniversary services in the Methodist Episcopal church last Sabbath. Rev. H. Fowle, who has returned from his trip up the lake, preached a forest sermon to the children of the Illinois church congregation on Sunday morning.

MILTON. The town council has decided to discontinue the quarterly payment of \$15 towards the salary of a night watchman. The committee of Grace Church concert for the evening of Friday evening, 7th of October (last night of the fair), have secured the services of Mrs. Caldwell, soprano, Mr. W. B. Ramsey, the baritone, solo singer and Mr. G. Deuston Barrie, soloist, of Hamilton.

There is now a prospect of securing telephone connection for Milton. A session of the Judge's court of Revision was held on Monday. Mr. W. R. Bell returned to Milton last week from a visit to Dakota. He says he prefers Illinois to Dakota.—Champion.

GEORGETOWN. The 6th annual fall fair of Equipping Agricultural Society will be held here next week. Arrangements are about complete, and all that is necessary to make the fair of 1902 one of the most successful ever held here in the county. A large number of Georgetown citizens and others in this locality attended the Exhibition at Toronto last Wednesday. It was "Farmer's day."

The High School Board is advertising for a fourth teacher at a salary of \$500. Mr. J. Grant and family arrived home last Saturday evening after a two-months' trip to Scotland. Mr. Grant reports that they had an enjoyable trip and are well pleased with the "old country."

Miss Anna Ruddy, superintendent of Italian Girls' Home, New York City, visited our friends in town last week. The discipline has about completed the repairs on the Wesleyan Methodist Church recently purchased by them. The church presents a very creditable appearance. The opening services will be held the first Sunday in October and will be conducted by the Rev. Mr. Carpenter.

Harvest Home services were held in the English and Presbytery churches last Sunday. They were well attended. The Elms harvest club's second twelve went to Streetsville last Saturday and crossed sticks with the local team of that place. They were defeated by four goals to one. This is the first time the J.inas have met defeat this summer.

Hop-picking is finished in this locality. The crop is good and is an excellent sample. KNATCHBULL. On Wednesday one of our residents borrowed a neighbor's horse and rig to go to Acton with apples. After he had sold his load and done his shopping he visited some of the hotels and got loaded with tangle leg and started for home. When near Knatchbull his head got too heavy for the rest of him and pulled him out of the rig with the seat on top of him. He wasn't much hurt, but had a little shaking up. This ought to be a lesson to him to leave whiskey alone.

A painful and what may prove a fatal accident, occurred to the eldest son of Mr. Jonathan W. Adamson of Streetsville, the other day. The little fellow was playing around a sawing mill when he got his left hand into the one wheel crushing his fingers badly. The doctor was summoned and dressed the wound and he seemed to be doing well for a day or two. But last night he is in a doubtful no whether he will recover.

The Rev. Mr. Wyloughby, of Aberfoyle, preached in the Ebenezer church last Sunday morning. His sermon was listened to with great pleasure and was appreciated by all who heard him. The apple buyers have been around and bought up nearly all the fall and winter apples. The price paid was \$1.00 per barrel all round.

Mr. Thos. Wilson lost a fine yearling heifer on Sunday morning. The animal was all right in the morning feeding in a clover field, and at noon when one of his boys went out it was lying dead in the field. The loss is considerable as was his best yearling.

Some of the farmers are brushing up for the Guelph Central Exhibition which comes off this week. Mr. Gibson, of Erin, has completed moving the agricultural hall and a fine large horse ring has been laid out. These will give increased accommodation to the exhibition. Mr. and Mrs. George Clarkson, spent Sunday in Acton. Pincus Council R. T. of T. continues to prosper. It has about 50 members, over 80 of whom have the select degree. There are initiations every month. One day last week Miss Edith McFarlane daughter of Mr. John McFarlane, Erasmus, while playing at No. 1 school house, York Road, fell from the fence and broke one of her arms.

On Wednesday evening of last week Miss Anna C. Roddy, superintendent of Italian missions, New York, delivered an illustrated lecture in the Methodist church for a charitable purpose. The Bell Telephone Co. has a large staff of men at work bringing their telephone line into the village. Messrs. Chas. and Edwin Harris have come to attend Pickering College during the present term. Mr. John Small, collector of customs at Toronto, requested to the department at Ottawa, that passengers from the United States be inspected at Lewiston instead of on arrival by boat at Toronto, and the suggestion was concurred in. The fifth General Council of the Alliance of Reformed Churches holding the Presbyterian System was opened yesterday morning by public worship in St. James' square, Toronto. Emminent theologians from every country will take part in the proceedings.
