The Young Folks.

HIMSELF.

Once it was the blessing,
Now it is the Lord;
Once it was the feeling,
Now it is His word.
Once it was what I wanted,
Now Himself alone;
Once I trusted for healing,
Now the Healer own.

Once 'twas painful trying,
Now 'tis perfect trust;
Once a half salvation,
Now the uttermost.
Once 'twas careless holding,
Now He holds me fast.
Once 'twas constant doubting,
Now my faith is cast.

Once 'twas busy planning,
Now 'tis trustful prayer;
Once 'twas anxious entering,
Now I'm in the care.
Once 'twas what I wanted,
Now 'tis what I want;
Once 'twas constant looking,
Now 'tis rest in praise.

Once it was my working,
His at best to bless;
Once a little service,
Now a full-time Bliss.
Once the power I wanted,
Now the Mighty One;
Once I asked for glory,
Now His wife alone.

Once I hoped in Jesus,
Now I know He's mine;
Once my lamps were dying,
Now they brightly shine.
Once for death I waited,
Now His coming hail.
And my hopes are anchored
Safe within the veil.

Life Mistakes.

When will well-meaning parents cease trying to make their children the exact counterpart of themselves? Of all the millions of human beings who now exist, or who have existed on the face of the earth, God has created no two in form and feature alike; at the grave of each personality is forever destroyed. This is as true of the minds as the bodies of men and women.

Why, then, seek to undo His work, and force nature violently and needlessly into contrary channels? Save the father, "When I was a boy, I felt so and so;" and without any more knowledge of his son's inner life than his neighbor may have of him, he forthwith stretches him on this narrow bed of precedent, cramping, disfiguring, lopping off what if trained and allowed to grow, judiciously and healthily, would have proved an aggregate of vigor, appropriateness and usefulness, such as the maimed and crippled victim of blunder can afford but a faint idea of.

What is more common than a father's deciding that his son shall be a farmer, or lawyer, or clergyman, or doctor, because—he himself is? Society groans with these unfortunate mistakes. Its machinery cracks and jars, and hitches and breaks, on account of them; and middle life goes back to A, B, C, to retrace its forced steps, retrieve, if possible, lost time, and begin anew. This ought not so to be. How much wiser and better it would be would parents but measure capacities in the beginning.

Going to Work.

Every year boys are leaving school and going to work. Nine times out of ten they think it will be great fun to leave exacting school duties behind, and enter upon a careless life.

Sometimes wonder if they realize just how unequal the exchange has been. They leave behind comparative freedom for an occupation that will demand constant energy and application. The great inventor, Edison, once said to a boy just beginning his business life: "Never look at the clock."

Just think what that means. Ninety out of every one hundred men fail once during their business career. If you would be among the few that do not fail, you will be obliged to put forth every effort.

The old Romans had a common saying that a "man was able because he seemed to be able," which is to say that there is no known rule by which a man can win success. It is that happy combination of qualities, chief among which come honesty and fair dealing, which makes men powerful among their fellowmen.

The need to-day is for boys who are willing and not afraid of hard work; boys who feel enough interest in their work to improve in it and advance their own interests by pushing the business of their employer. A boy of this kind can soon find a good position.

No Use Wishing.

"You see," he explained to the inexperienced young thing as he showed her the wishbone, "you take hold here and I'll take hold here. Then we must both make a wish and pull, and when it breaks the one who has the biggest part of it will have his or her wish some time."

"But I don't know what to wish for," she protested.

"Oh, you can think of something," he said.

"No, I can't," she replied, "I can't think of anything I want very much."

"But we must n't spoil the fun that way," he remonstrated. "I'll wish for you."

"Will you, really?" she asked.

"Why, yes, if you can't——"

"Well, then, there's no use fooling with the old wishbone," she interupted, with a glad smile. "You can have me."

Only too True.

A very old Scotch woman had a serious quarrel with her minister—a scotch quarrel about church matters—but to the surprise of the pastor she continued her regular attendance to worship. He expressed his gratification as well as surprise at her conduct upon which she replied, "Oh, sir, my quarrel was with you, and not with my Lord." What a blessing it would be if all were offended, fault finding, ministers, instead of disturbing church members would include the Lord in the quarrels with their pastors and each other.

SURPRISE SOAP

While the best for all household uses, has peculiar qualities for easy and quick washing of clothes. It does away with that boiling and scalding—the clothes come out sweet, clean and white. Harmless to hands and fabric—lathers freely—lasts long.

Corn Sowing

Is a process conducted by the agency of tight boots all the year round. Corn sowing is best conducted through the agency of Putnam's Painless Corn Extractor, the only safe and sure pop corn cure. Putnam's Extractor is now widely imitated. Beware of all poisonous and sore producing substitutes; they are dangerous to use and are sold simply because they afford the dealer large profit.

The only way to free the farm from weeds is to cut them always before they go to seed.

Long Worms, Pin Worms, Round Worms or Tape Worms are promptly destroyed and removed by Dr. Low's Worm Syrup.

The best success with sheep is attained only by those who believe in both wool and mutton.

Rich Plum Pudding.

This delicious confection is nicely calculated to produce dyspepsia, heartburn, biliary troubles and headache. Burdock Blood Bitters is equally well calculated to cure these troubles and has proved its power in hundreds of cases. B. B. B. regulates and purifies the entire system.

Mrs. Barnhart, cor. Pratt and Broadway has been a sufferer for twelve years through Rheumatism, and has tried every remedy she could hear of, but received no benefit, until recommended to try Dr. Thomas' Eclectric Oil: she says she cannot express the satisfaction she feels at having her entirely removed and her rheumatism cured.

Stock that is continually tempted by weak fences should not be blamed for becoming breachy.

No other Emulsion equals Milburn's Cod Liver Oil Emulsion in pleasant taste, nourishing power or curative effect.

The B. N. A. Act.

The great British North America act nowadays is to buy a bottle of B. B. B., and cure yourself of dyspepsia, constipation, headache, liver complaint or bad blood, and it is an act that always attains the desired result.

What the plant draws from the soil will of course be found in the plant, and may be returned.

What Stronger Proof

Is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvellous cures it has effected after all other remedies had failed? Truly, Hood's Sarsaparilla possesses peculiar curative power unknown to other medicines.

Hood's Pills cure Constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

The Third page of the Toronto *Daily Mail* is noted for "Want" advertisements If you want to buy or sell anything. If you want a situation, a mechanic, a business, machinery, lodgings, if you have lost or found anything, or if you want to find out where anyone is, advertise in the Toronto *Daily Mail* and read the advertisements on the Third page of that paper. The charge is Two Cents a word each insertion. Address *The Mail*, Toronto, Canada.

The farm will never give you complete satisfaction so long as you have to buy fruit from your neighbor.

Better Than Gold.

GENTLEMEN,—I have used Fowler's Extract of Wild Strawberry for bowel complaint and can say there is no other remedy as good.

MRS. JAMES DENNISON, Lake Dora, Ont.

C. C. RICHARDS & Co.

Gents,—My daughter was suffering terribly with neuralgia. I purchased a bottle of MINARD'S LINIMENT and rubbed her face thoroughly. The pain left her and she slept well till morning. Next night another attack, another application resulted as previously, with no return since. Grateful feelings determined me to express myself publicly. I would not be without MINARD'S LINIMENT in the house at any cost.

J. H. BAILEY.

Parkdale, Ont.

If the weeds have possession of the bed this fall you can hardly expect a good strawberry crop next spring.

Worse And Weaker.

GENTLEMEN,—I suffered for three days very severely from summer complaint and could not get relief but kept getting worse and worse till the pain was almost unbearable and I became very weak. Some friends advised Dr. Fowler's Extract of Wild Strawberry, and after I had taken the first dose I found much relief and it did not fail to cure me. I do not intend to be without this valuable medicine if I can help it.

WM. T. GLENN, Wilfred, Ont.

Mr. Thos. Bell, of Messrs. Scott, Bell & Co., proprietors of the Wingham Furniture Factory, writes: "For over one year I was not free one day from headache. I tried every medicine I thought would give me relief, but did not derive any benefit. I then procured a bottle of Northrop & Lyman's Vegetable Discovery, and began taking it according to directions, when I soon found the headache leaving me, and I am now completely cured.

Walking is said to be the best exercise for brain workers, and it is worthy of note that brain workers can seldom afford to do anything else.

Burdock Pills never gripe, sicken or injure. They cure Constipation and Sick Headache.

If you have a cough or cold do not neglect it; many without a trace of that hereditary disease have drifted into a consumptive's grave by neglecting what was only a slight cold. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. Mr. A. W. Levy, Mitchell, writes: "I think Bickle's Anti Consumptive Syrup the best preparation on the market for coughs and severe colds. About six years ago I caught a severe cold which settled on my lungs, and for three months I had a cough. I had a physician attending me, but gradually grew worse, until I was on the verge of Consumption, and had given up hopes of being cured, when I was induced to try Bickle's Syrup. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for severe colds and consumption.

"Ah," she murmured, as her father hustled two would-be visitors from the front door, "I think I hear the rustling of the leaves."

Minard's Liniment is the Hair Restorer.

Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers the California Fig Syrup Company.

It is a terrible wrench to one's confidence in human nature when your family physician says he's sorry to find you ill.

Canada is being congratulated everywhere on the excellence of her manufactures. Art-Stained Glass is prominently in the front rank of her improvements, thanks to McCausland & Son, of Toronto, who for 40 years have labored, not only to accumulate money, but to make Stained and Ornamental Glass of all kinds a credit to the Dominion

What a Friend Can Do.

"I was confined to my bed by a severe attack of lumbago. A lady friend sent me a part of a bottle of St. Jacobs Oil, which I applied. The effect was simply magical. In a day I was able to go about my household duties. I have used it with splendid success for neuralgic toothache. I would not be without it." MRS. J. REGINALD, Kincaid St., Brockville, Ont.

His Reputation.—"I don't think——" began Howell Gibbon. "So I have heard," quickly responded the cruel girl.

A Family Friend.

SIRS,—I have used Dr. Fowler's Extract of Wild Strawberry in my family for years and can highly recommend it for summer complaint, diarrhœa, cramps etc.,

MRS. GEO. WEST, Huntsville, Ont.

There can be no health for either mind or body so long as the blood is vitiated. Cleanse the vital current from all impurities by the use of Ayer's Sarsaparilla. This medicine recruits the wasted energies, strengthens the nerves, and restores health to the debilitated system.

When a man pictures a heaven for himself he shows his own mansion right in the center of it.

CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East Indie missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to all his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe in German, French or English with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES 820 Powers' Block, Rochester, N. Y.

If you want to buy or sell a Farm, advertise in the Toronto *Weekly Mail*. That paper reaches 100,000 Farmers' homes every week, and your advertisement should meet the eye of someone who wants to purchase. Advertisements of this class are inserted in the Toronto *Weekly Mail* for Five Cents a word each insertion, or Twenty Cents a word for five insertions. Address The Mail, Toronto, Canada.

Comments.—"He tried to kiss 'me.' "How impudent!" "But he was interrupted." "How annoying!"

Change is Welcome.

GENTLEMEN,—For twenty years I suffered from Rheumatism, Dyspepsia, Poor Appetite, etc., and received no benefit from the many medicines I tried, but after taking five bottles of B. B. B. I can eat heartily of any food and am strong and smart. It is a grand medicine and has made a wonderful change in my health.

MRS. W. H. LEE, Harley, Ont.

The many remarkable cures of catarrh effected by the use of Ayer's Sarsaparilla is conclusive proof that this loathsome and dangerous disease is one of the blood, only needing such a searching and powerful alterative to thoroughly eradicate it.

Women never stutter. When they want to they can say "yes" without a stammer.

Highest Award.

At the Universal Cookery and Food Exhibition held in London and opened by the Lord Mayor, May 3rd, 1892, Messrs. W. G. Dunn & Co., of Croydon, London, and Hamilton, Canada, obtained the highest award for Baking Powder.

The Prince of Pectoral Remedies. Dr. Wood's Norway Pine Syrup cures Coughs, Colds, Asthma, Hoarseness and Bronchitis without fail.

Any person can get there, but the question is, what is he going to do after he arrives?

Mrs. M. Stevens, of Albany, N. Y., writes us as follows: My stomach was so weak that I could not eat anything sour or very sweet, even fruit at tea-time would cause Heartburn, fulness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of Northrop & Lyman's Vegetable Discovery this unpleasantness has all been removed, and I now can eat what suits my fancy."

It is a wise child that goes out of the room when the old man smashes his thumb.

Oh, What a Cough?

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails.

Minard's Liniment is the Hair Restorer.

IMPERIAL

PUREST, STRONGEST, BEST.
Contains no Alum, Ammonia, Lime, Phosphates, or any Injurious.

No Enemies—No Friends.

Heaven help the man who imagines he can dodge enemies by trying to please everybody! If such an individual ever succeeded, we should be glad to know it. Not that we believe in a man's going through the world trying to find beams to knock his head against; disputing every man's opinions; fighting and elbowing and crowding all who differ from him. That again is another extreme. Other people have a right to their opinions, but don't fall into the error of supposing they will respect you less for maintaining yours—or respect you more for tacking your opinions over every day to make them coincide with theirs.

Origin of Oxtail Soup.

During the reign of Terror in Paris in 1793, many of the nobility were reduced to starvation and beggary. The abattoirs sent their hides fresh to the tanneries without removing the tails, and in cleaning them the tails were thrown away. One of these noble beggars asked for a tail and it was willingly given to him; he took it to his lodgings and made (what is now famous) the first dish of oxtail soup. He told others of his good luck and they annoyed the tanners so much that a price was put upon them.—*Food*.

High Colored.

Prevarication, even when indulged in from patriotic motives, is not only improper but dangerous.

The hostess was helping her guests to lobster salad, says Crypt, and by way of making talk she ventured to say:

"I suppose, Mr. O'Finnigan, that you are not accustomed to this dish in your country?"

Mr. O'Finnigan's Hibernian pride was touched.

"Lobsters is it, ma'am?" said he, "Faith ma'am, and the shores of Oireland is red wid 'em."

A Very Much Mixed Train.

A Milwaukee tradesman recently said to a reporter: "We had a mixed train the other morning. Going down there was a corpse in the baggage car and a bridal party in the Pullman; and besides that we had more than one hundred going to the court at Winona, one murderer, and two horse thieves, and a post-office robber; and, besides these, a couple of bright little girls that were put in my charge to see them through to Portage, where their sister lives."

Differences of opinion regarding the popular internal and external remedy, Dr. Thomas' Eclectric Oil—do not, so far as known, exist. The testimony is positive and concurrent that the article relieves physical pain, cures lameness, checks a cough, is an excellent remedy for pains and rheumatic complaints, and it has no nauseating or other unpleasant effect when taken internally.

"A Little Bow of Blue."

"Very effective work was done at a meeting held in the Maryland Penitentiary, a few days since, by the use of Edward Carswell's song, "The Little Bow of Blue.' The meeting was a special praise and flower service. Over five hundred inmates were present. Near its close, white cards were passed around on which were printed "A Little Bow of Blue," and each prisoner took one. In the corner of each card a bow of blue ribbon had been tied. After singing the beautiful poem, it was requested that all who wished to join the blue ribbon army should take the bow from the card and fasten it in their button hole. Over two hundred prisoners did so. This means that when they leave the penitentiary they will leave it pledged to total abstinence."—*National Temperance Advocate*.
