THE NEW SYSTEM.

To-day we put into force the new system requiring all subscriptions to be paid in advance. Without partiality of any kind we have discontinued every paper upt prepaid. The list of subscriptions unpold is not large but it includes members of parliament, county councillors, Justices of of the Peace and others in positions honor and trust, so that we have made no distinction. We know of none whose majority to do so, and of course must attribute the failure to do so to oversight

or neglect. We will promptly renew the weekly visite of FERE PRESS to all who comply with the terms of the new system, which have been frequently explained to our readers during the past year.

He said : "I'll marry-the girl of your club, whom, on a secret vote, you elect to be my wife." There were nine members of the club. Each girl went into a corner, and used great caution in preparing her ballot and disguised the handwriting. The result of
