It may be well for all such persons to know that by answering these circulars they commit a felony under the criminal code of 1802, and make themselves liable to five years in Kingston Peni-

There has been a marked improvement su public morality in Ontario during the past sixteen years. This is proved, as the News points out, by the jail statistics of the Province. In 1877 the number of commitments for crimes against the person was 900; in 1894 the number was only 725. During the same period there was a drop jurisprodence. (4) horticulture. (5) Africa. from 2,773 to 2,774 in crimes against property; crimes against public morals and decency fell from 415 to 827 and offences against public order and peace dropped from 8,554 in 1877 to 1,077 last year.

The Chicago papers are lond in their praise of the fine display of plants and flowers in the Ontario section of the World's Fair. The exhibit is the admiration of all who have seen it. Mr. Awrey. the Commissioner for the Province, also states, what will be gratifying to everybody, that the Canadian exhibit is forther advanced than that of any State of the Union or any foreign confitry. There is a strong probability that opening day will see the Canadian exhibit all in place, and if this hope is realized, the chances are that Canads will be alone in this respect.

RESTORED TO HEALTH AFTER BEING GIVEN UP BY FOUR DOCTORS.

he Remarkable Case of a Copetown Lady-Afflicted With Paralysis, Suffering Intense Agony and Pronounced Incurable-She le Again Restored to Health and Vigor-She Tells Her Story for

the Benefit of Other Bufferers.

During the peat two years many of our most reputable exchanges have given seconds of wonderful cures occuring in the localities in which they were published. These cures were all effected by a remedy that lies made for itself the most remarkable reputation of any medicine ever brought before the notice of the public; so remarkable indeed that it is a constant theme of conversation, and the name smont the most familiar househeld words We refer to Dr. Williams' Pink Pille for Pale People. Many of the cases published told the story of people given up by the doctors, and who were on the very threehold of the other world when Dr. Will iems' Pink Pills were brought to their notice. The cases reported were in most instances distant from Dundes and for this resson might not be considered of mon then passing interest. For the past month,

however, the report was current in town of a worderful care accomplished by these same pills in the fownship of Ancester. I was sated that Mrr. D. S. Horning, wife of a prominent farmer, residing about mile west of the village of Copetown and seven miles from Dundes, had been giren up by the doctors and that she had been cared by Dr. Williams' Pink Pille. Bo that the Star decided to investigate it and a few days ago a representative went up to the Herning Homestead for that purpose. In passing through Copetown he learned that very little else was talked of but the remarkable recovery of Mrs. Horning. remarkable recovery of Mrs. Horning. promptly for any one who wishes Possibly the fact that both Mrs. Horning to try it. Manufactured only by the LOUISVILLE, ET. HEW YORK, H.Y.

and her husband were born in the immediate neighborhood, and are presumably known to everybody in the country ground increases the interest in the case. The Star men on arriving at the Horning residence was admitted by Mrs. Horning herself. She looked the picture of health, and it was hard to believe that she was the same woman who was at death's door four month's ago. In answer to the question as to whether she had any objection to giving history of her case for publication, Mrs. Horning replied that she had not, "I consider that my recovery was simply miraculous: I give Dr. Williams' Pink Pills all the credit, and I am willing that everybody

should know shout it." Mrs. Horning then gave the following history of her re "A year ago I was taken ill with what the doctor called spinal affection, which finally resulted in partial paralysis, my legs from the kness down being completely and then to the parties from whom it was dead. My tongue was also paralyzed. On collected, and that a by-law be passed the first of July last I took to my bed, where I laid for four months. No tougue can tell what I suffered. I was rensible all the time and knew everything that was going on, but I could not cleep for the intense pain in my head. Our family doctor said I ould not live and three other doctors called in consultation agreed with him felt myself that it would only be a short time quil death would relieve me of my sufferings, Neighbors came in: 25 or 80 every day, and every time, they went away expecting that it was the last time they would see me alive. I quit taking doctor's medicine and gave up all hope. About four months ago a friend came in and read an account in the Toronto Weekly News of the mireculous recovery of an old soldier named E. P. Hawley, an inmate of the

Michigan Boldiers' Home, at Grand Rapids. The story he told exactly tallied with my condition, and it was on that account that I decided to give Dr. Williams' Pink Pillsa trial. When I begen taking Pink Pills I was so il that I could only take half a pill at a time for the first few days. Then I was able to take a whole one after each meal, and have continued taking them. After I had taken over a box I began to experience a strange tingling sensation all over my body, and from that out I began to improve. In a month I could walk with a cape or by using a chair, from one room to another. My general health also improved. In fact toy experience was like duced me to give the pille a trial. While taking the pills at the outset I had my legs bathed wifh vinegar and salt and rubbed briskly. It is now four months since I began taking the Pink Pille, and from a living skeleton, racked inocesantly with pain, I have as you see been transformed Moved by John Williams. seconded by into a comparatively well woman. I am doing my housework this week and am free

from all pain, and sleep well. When my neighbors come to see me they are amazed and I can tell you there is great faith in Dr. Williams' Pink Pills in this section, and matry are using them. When I began taking Fink Pills I made op my mind that if I got better I would have the case published for the benefit of others and I am glad you called as I am sure I would now

Mrs. Horning stated that she purchased the Pink Pills at Mr. Comport's drug store in Dandes, and Mr. Comport informed us that his sales of Pink Pills are large and constantly increasing. Dr. Williams' Pink Pills forPale People are a never-failing blood builder and nerve estorer, buring partial paralysis, locomotor steris, St. Vitus dence, rheumstlem, neuralgia, the after effects of is grippe, infinenza and severe colds, perrous beadache nervous prostration and the tired feeling arising therefrom. These pills are specific for all diseases arising from humors in the blood, such as scrofuls, chronic ery-SEN .- James Tovell, 246 ; Wm. Garney,

sipelas, sto. As a remedy for building anew the blood, enabling the system to successfully resist disease, Dr. Williams' Pick Pills stand far in advance of any other remedy known to medical science. Pink Pills are a specific for the troubles peculiar to the female system, giving a rosy, healthy glow to pale or sallow complexions. In the case of men they effect a radical care in all

These Pills are manufactured by the Dr. Williams Medicine Company, Brockville, Ont., and Schenectedy, N. DRESS GOODS

The fact that impresses you most forcibly in inspecting our stock of Dress Materials is value. Merely a low price doesn't imply good value, nor does first class quality, of itself alone. But the desirable combination of these two mark the house that has made a study of buying a well as selling. We have spent much time and thought in getting together a satisfactory stock of the newest makes and shades in Dress Goods, produced. Every day these days is like a dress good opening here. The new faucies follow each other in quick succession, and we place before you goods, the majority of which you will not succeed in getting elsewhere, either as to make or tints.

UARPETS.

It is known throughout this city and district that the cream of the season's noveltied in Carpets is to be found in our Carpet Room. The collection didn'thappen there by chince. This department is under management well qualified to keep it a step or two ahead of other houses in this line. And another point well worth remembering is, that in buying your Carpets here at any time you face the smallest profit of any store. We do not do things by halves in Carpets or House Finnishings.

It is time, too, for Oildloths and Linoleums, of which we can show you an extension range at all prices. We make it pay you in hard cash to deal with us.
