> Finest Public School Building in Halton In his annual report to the County Council, recently presented by Inspector Deacon, he was pleased to make the following complimentary reference to our new new public school building : "Acton furnished the most gratifying improvement during 1802. For a number of years the fourth department had been located in a small room at the Town Hall. The attendance became so large that increased accommodation was an imperative necessity. 'Iustead of adopting half-way measares, the Board pulled down one of the old rooms and built a beautiful and commod ions four-roomed building in front of the remaining two. Acton has now the most ample accommodation and the finest public school building in Halton. The structure is of Terra Cotta brick, with deck roof. closed porch and basement. The rooms properly lighted, well ventilated, and are

heated by furnaces. The ceilings of the first floor are of matched boards, the others are plastered. The cost was nearly \$6,000." The Christian Endeavor Convention. The annual Convention of Halton Christian Endeavor Union will be held in Knox Church, Acton, on Thursday and Friday, 22nd and 23rd June. The President of the Union, Rev. W. B. Smith, of Trafalgar, Rev. Dr. Brethour, Burlington, and the local members of the programme committee met in the Methodist Church on Torsday and arranged the programme for the Convention. A very interesting time is anticipated. All the Young People's Societies of Christian Endeavor

the county and vicinity, and those affiliated with them or desirous of becoming affiliated are invited to send delegates the Convention. In addition to the popular evening sessions the history, constitution and purpose of Christian Endeavor Societies will be presented in series of papers and addresses by young people and others interested. The sunrise prayer-meeting, the pledge, and the

consecration service will be interesting features. A service of song will be given each evening by a united choir of local singers. The Convention will embrace much of interest to the young people of the ted lecture, "From Ocean to Ocean" in churches and a profitable occasion is in store A joint meeting of the young people's societies here will be held on Monday even-
