**THE NEWS AT HOME.**

**Mostly of a Local Character, and Every Item Interesting.**  
**Grave Offences.**  
 A number of the youth in town have laid themselves open to a very serious charge. Last Sunday the new school was visited, a window raised and the desks in all the departments ransacked. Pencil knives and other school requisites were stolen and the floor and window sills disfigured with mud. This conduct is reprehensible and the authorities are determined to get a stop to it. The constables have the names of half a dozen or so of the boys believed to be concerned in the matter and an example may be made of the guilty ones. It is reported that other boys have lately been sending themselves by throwing stones through the windows on the south side of the school.

**THE ACTON FREE PRESS**

THURSDAY, JUNE 15, 1910.  
**LITTLE LOCAL BRIEFLETS**  
 Which Caught the Eyes or Ears of Free Press Reporters this Week.

-Grand growing weather just now.  
 -Hay is coming very shortly.  
 -June is the favorite month for tourists.  
 -Mrs. A. Morrison has opened her new store on Mill Street.  
 -General repairs are being made to sidewalks and crossings in town.  
 -New steel rails are being laid on the G. T. R. west of the station yard here.  
 -The new buildings of Messrs. Havill and Perryman are being pushed forward.  
 -There is no likely to be any public demonstration in Acton on Dominion Day.  
 -Mr. R. J. Kennedy, of Flint, Mich., has kindly sent the Free Press copies of the Columbus edition of the Flint Journal.  
 -Sergeants Laing and two others were left on Tuesday morning for camp at Niagara. The Acton contingent will be attached to Stewartstown Company No. 2 this year.  
 -A large number of Free Press subscriptions expire with the present month. Examine your label and see that the date is advanced to that no numbers be sent to you to neglect to pay.  
 -Little sets for nickels, open mounted, but dumb, give the jaxons school girls, weeks of cheering gum. Little three line local in the Free Press shine, give the boy merchant wads of good old coin.  
 -A spirit of improvement prevails to an unusual extent in Acton this spring. Besides the new buildings in course of erection we note renovations and restorations on all sides. The carpenters, plasterers and painters are busy.  
 -If a mower were run over the sides of the street now the appearance would be improved. The grass is growing tall as a result of the strictly enforced animal by-law. Couldn't this be done before the Convention next week?  
 -A team which was unmercifully tried away from the Methodist Church shed on Tuesday forenoon and smashed the street lamp opposite the church. They were caught, before any further damage was done, by Mr. F. Hillyer.  
 -The Williams Green & Home Skin Co. are packing up and leaving for Berlin, and have notified the Mayor of their intended departure. Their agreement with the city will come up at the next meeting of the Council - Guelph Mirror.

**THE WORK OF REBUILDING**

"Go on space, and every day makes shopping with us more easy and comfortable. The delay beyond the time intended is owing to the extent of the changes and improvements we are making. Each day's work unfolds more and more the perfection of our new premises will have. We are sure our friends will bear with a little inconvenience for the sake of what will be. We are building up a great Dry Goods centre, and are sparing neither labor nor effort to make the premises worthy of the business. Patience, then, a little more patience, and our store will have on its new habitations."
