'TAINT SO.

Don't believe that the world is goin' to the dogs
'Tain't so!
That all woman are peacocks, and all men are hogs.
'Taint so!
Ain't it ugly most tells you the world to despise,
An the honor of all men is sold for a price.
Look upside in his face 'an just talk him to his face!
'Taint so!

For he thinks the world is fashioned awry
And is made from the pattern they cut him out by!

Is Toothache

an exclamation heard every hour of the day. Toothache is the most common ailment of young and old, and as the aggregate inflicts more suffering than perhaps any other single complaint. A one minute cure is just what every person desires to possess. Nerviline nerve pain cure—acts almost instantly in relieving the agony, and a sample bottle affords a quantity sufficient for 100 applications. 10c cents fills the bill. Polson's Nerviline is the only positive remedy for toothache and all nerve pains. Sold by all dealers in medicine.

The most charming attribute of friendship is the right of candor.

Mr. Joab Scales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, sour stomach and lame back, in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle and the permanent manner in which it has cured and made a new man of me is such that I cannot withold from the proprietors this expression of my gratitude."

There may be pride in even confessing mistakes.

Parents Must Have Rest.

A President of one of our Colleges says: "We spent many sleepless nights in consequence of our children suffering from colds but this never occurs now. We use Scott's Emulsion and it quickly relieves pulmonary troubles."

Licenses are blinkers on the eyes of the public.

A wonderful new combination is R. Stark's Headache, Neuralgia and Liver Powders, nice to take and perfectly harmless. Mr. Alexander Ramsey of the Imporial Bank, Welland, writes: "I have much pleasure in testifying to the excellence of R. Stark's Headache, Neuralgia and Liver Powders, and have no hesitation in recommending them to those who suffer from headache. They have been used in my family with the most satisfactory results, giving almost immediate relief." Mr. John R. Glass, of the well known firm of Glass Brothers & Co., London Pottery Works, writes "I have given your Headache, Neuralgia and Liver Powders a thorough test, and find they never fail in giving almost instantaneous relief. I have much pleasure in recommending them as being superior to anything I have ever used." Price, 25 cents a box. Sold by all medicine dealers.

A HALIFAX MIRACLE.

INTERESTING STORY OF A LADY WELL KNOWN IN THE CITY.

After Two Years of Suffering She has Fully regained her health, and tells Her Story that Others May be benefitted—The testimony of a Leading Druggist.

From the Halifax Critic.

Camille Flammarion, the great French astronomer, in his new story "Omega: or the Last Days of the World," which is now being published in the Cosmopolitan Magazine, gives the press of the future a very hard hit. Whether or not the great astronomer may be right in his view of the press of the 24th century, one thing is certain, the world of to-day is more largely indebted to the press for efforts to promote the highest civilization, than to any other human agency. Great discoveries in all branches of scientific research are chronicled with a faithfulness that enables the multitudes to enjoy to the greatest extent the benefits accruing therefrom. The newspapers of our land have for many months past contained accounts of miraculous cures effected, through the agency of that marvelous medicine known to the world as Dr. William's Pink Pills for Pale People. A large number of these stories have been published in the columns of the *Critic*, and have no doubt been read by the majority of our readers with full assurance of the truthfulness thereof, and yet we imagine there have been a few who have doubted, and who have not been so much interested in the experiences of people miles away from Nova Scotia as in those of their own province. Now, however, the *Critic* can give an account of a perfect cure, the facts of which we can guarantee as being true in every particular.

One day some time ago, some members of the *Critic's* staff were discussing in the editorial sanctum the merits of Dr. Williams' Pink Pills, of which so much is being heard nowadays, when one of the company said, "By the way, did you ever hear of a cure anyway approaching the miraculous being effected by Pink Pills in Halifax?" "No," confessed the others, "we never did. Of course there have been many cases in which the medicine has undoubtedly been very beneficial, but hardly miraculous." "Well," said the first speaker, "you know Robert Ainslie of this city, do you not? His wife was one of the sickest women in Halifax at one time, and is now hale and hearty and gives all the credit to Dr. Williams' Pink Pills. Keeping this conversation in mind, one of our reporters having a little leisure time one afternoon last week, called upon Mrs. Robert Ainslie at her home 20 Blowers street, and after making known his errand, was invited into the comfortable sitting room and was cordially welcomed by Mrs. Ainslie, who said she was only too happy to make known to others the wonderful properties of the medicine which had done her so much good.

"How long were you ill, Mrs. Ainslie?" asked the reporter.

"I was taken with a severe attack of pneumonia, some years ago," said the lady, "which lasted for about three months and left me a wreck of my former self just seventeen weeks from the time I was first prostrated until I could put my foot on the floor, and even after I was able to walk about I was but a shadow of the woman I had been. "Death of the nerves," was the name the doctors gave the disease from which I was then suffering, and indeed it seemed at one time that I would not be long for this world. Pale, thin, weak and emaciated, I was but an object of pity to all who saw me, and a source of much anxiety to my family and friends. While in this condition I travelled through out the province, hoping thereby to regain my health. I visited the Spa Springs at Middleton, drank the mineral water and took the baths, but all to no effect. Finally I was advised by a friend, who herself had been greatly benefitted by Dr Williams' Pink Pills, to try this wonderful remedy. Although I confess, I had little faith in this or any other medicine, I purchased a box of the celebrated Pink Pills and began taking them according to directions, and took box after box, until I had taken eight, when I found I was becoming fat, and as I was then in excellent health I took no more, and have since then been well and strong."

Mrs Ainslie's story, although given in her own words, conveys but a faint idea of the faith she has in Dr. Williams' Pink Pills, to which she owes her present excellent health. Mrs Ainslie informed the *Critic* representative that she had recommended Pink Pills to some twenty-five or thirty of her friends throughout the Province, (in which she has an extensive acquaintance), and in some cases had purchased several boxes of the pills in Halifax for people living in country places.

"I understand, Mrs. Ainslie that you yourself manufacture a medicine which is highly spoken of?"

"Yes," said the lady, "I do. My dyspepsia cordial is well known in Nova Scotia, and even further away." This struck us as a case in which "physician heal thyself," might have been applied, but it goes to prove that Dr Williams' Pink Pills have a power to strike to the root of the disease that other medicines, be they ever so good in their place, have not. After thanking Mrs Ainslie for her kindness in giving us the above hearty recommendation of the medicine, we proceeded to interview Mr Hamilton, of Messrs Brown Bros & Co. druggists, of this city, from whom Mrs Ainslie had purchased the Pink Pills. This course was taken not that we in the least doubted the statements made by Mrs Ainslie, but simply to satisfy any sceptical ones among the readers of the *Critic*, who, not being acquainted with the lady, might feel that they would like assurance made doubly sure. Mr Hamilton said he remembered Mrs Ainslie when she purchased the first box of Dr Williams' Pink Pills. She was then much debilitated and had been very ill. He also remembered her coming in him when she had taken a half dozen boxes and testifying both by her words and appearance to the good they had accomplished in her case. Mr Hamilton stated that there was more of Dr. Williams' famous Pink Pills sold by him than any other medicine, and that they were very frequently hearing from their customers of the wonderful beneficial results of the treatment.

The Dr Williams' Pink Pills for Pale People are manufactured by the Dr Williams' Medicine Co. of Brockville, Ont., and Schenectady, N. Y., a firm of unquestioned reliability. Pink Pills are not looked upon as a patent medicine but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific for all diseases arising from an impoverished condition of the blood or from its derangement in the nervous system, such as loss of appetite, depression of spirits, anaemic chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, palpitation of the heart, pain in the side, chest, limbs and muscles, rheumatism-like pains, the after effects of la grippe, all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry and overwork of any nature. These pills are not a purgative medicine. They contain only life giving properties and nothing that could injure the most delicate system. They act directly on the blood, supplying its life giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood becoming "built up" and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions and thus eliminate disease from the system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink.) Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address at 50 cents a box, or six boxes for $2.50. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

The great results which have attended the regular use of Quinine Wine, by people of delicate constitution and those afflicted with a general prostration of the system, speak more than all the words that we can say in its behalf. This article is a true medicine and a life giving principle a perfect renovator of the whole system in vigorating at the same time both body and mind. Its medical properties are a febrifuge tonic and antiperiodic. Small doses frequently repeated, strengthen the pulse, creates an appetite, enables you to obtain refreshing sleep, and to feel and know that every fibre and tissue of your system is being renovated. In the line Quinine Wine prepared by Northrop & Lyman, Toronto, we have the exact tonic required; and to persons of weak and nervous constitutions we would say, Never be without a bottle in the house.
