NOTES AND COMMENTS.

United States Postmaster General Bissell is expected to devote considerable attention in his annual report to the projected one cent postal service. He believes that the inauguration of the service is impossible at present.

The St. Louis *Post Despatch* gives the outline of a plan of a national party, the outgrowth of the pan-American bimetallic congress recently held there. Free silver is to be the issue, and it is hoped to draw all the free coinage supporters from the old parties. A convention is to be held in Atlanta, Ga., in December, it is said, at which a permanent organization will be effected.

For the first quarter of the current fiscal year the financial statement of the United States Treasury is decidedly unfavourable. The receipts were $79,391,417, while the expenditures reached $98,459,127. This shows a deficit of over $19,000,000. Last year during the same period there was a favourable balance of four and a half millions. The national treasury has suffered as much as the taxpayers from the business depression.

The action of Lord and Lady Aberdeen in going to the steamship landing at Quebec the other day to welcome the European immigrants who arrived by the Parisian was thoughtful and characteristic. Their Excellencies have never lost an opportunity of showing their sincere sympathy with struggling humanity, and the cheering words addressed by Lord Aberdeen to the newly-arrived immigrants will serve to encourage them and to let them know that they are not without friends in Canada.

The Acton FREE PRESS complains of frequent fighting, drunkenness and general disorder at a certain hotel. The license commissioners should investigate the matter and if the statements of the FREE PRESS be proved correct, the hotel proprietor should lose his license. The Scott Act was brought upon us in 1851 by the greed of the hotel keepers, who sold liquor at unlawful times and to persons who should not have received it, and we want no such hotel-men allowed to remain in the business in Halton.—*Milton Champion.*

The action of Biggar, Pettit, et. al., v. County of Halton, in regard to the disposal of the money recovered from the Grand Trunk, was settled out of court last week, but that of Wheelihan, et. al., in the same matter, asking that the money recovered be adjudged as belonging to the County as a whole, was fought to a finish. Mr D'Alton McCarthy, Q. C., M. P., appeared for Mr. Wheelihan, and Mr Nesbit appeared for those who contend that the money should be returned to those forming the group, who paid the bonus in the first instance. The case was argued at some length, and decision reserved. *Reformer*

There is a bill pending in the U. S. Congress providing for the issuing of postal fractional currency, in denominations of 5, 10, 25, and 50 cents. This is intended to furnish the public with a convenient form of money for transmission through the mails. It is to displace the postal notes, which are to be withdrawn from sale on Jan. 1, 1894. This fraction postal currency would be furnished at its face value, and without the formality now necessary to get a postal note. There are branches of business involving small transactions which would be sensibly aided by such a currency for enclosure in letters, and Canadian legislators will find in it a suggestion well worth considering.

Ontario is now receiving some attention from the Royal Commission on Prohibition. If the commissioners are securing any valuable information, they are at the same time gathering a lot of chaff. At Brockville, for instance, the inland revenue officials were called upon to give figures that could be easily obtained from the public documents. At the same place the opinion of distillers as to the desirability of prohibition was sought. No doubt the evidence of these gentlemen touching the trade is of much value, but it may be taken for granted that they do not favour its abolition, or they would not be in it. The Royal Commission ought soon to bring its arduous labours to a conclusion. Its verdict will not carry a great deal of weight, but, whatever it is, it is nearly time it was forthcoming.—*Mail.*

The display of fireworks on the lake front adjoining the Peristile, Monday night, exceeded in magnificence anything heretofore given in the United States, if not in the world.

SUCCESSFUL EXHIBITORS

At Acton's Horticultural and Agricultural Exhibition Last Week.

A HIGHLY SATISFACTORY FAIR.

The success of Acton Exhibition last week was referred to in general terms in last issue. To day we give the official list of successful prize-takers. There were many new exhibitors and no noticeable falling off of old ones. The show was a marked success and exhibitors speak in the most complimentary terms respecting it. The efforts of the faithful President, John Duff, and the courteous and painstaking Secretary, Mr. George Hynds, contributed much to the success which was achieved. The directors who acted as counted with them also did their quota in carrying matters to this satisfactory conclusion arrived at. The awards of the judges were as follows:

EXHIBITION NOTES

In addition to the winners of special prizes there were 101 prize winners

The show of cattle is particularly praised by those who have been attending the exhibitions this fall. It was not only superior in quality but exceeded in number of entries that of any previous year.

The attendance this year was very encouraging. The paid admissions reached about twenty three hundred and with the members, between 200 and 300, the total attendance was considerably over 2500.

A meeting of the directors will be held in the town hall to-morrow at two o'clock, to settle the business of the year. Accounts and prize money will be paid at the office of the Secretary, Mr George Hynds, on Saturday.

—Among the most successful exhibitors are the following, some of whom secured about a score of prizes and none less than eight or ten:—A. Waldie, Thos. Wilson, R. Talbot, W. H. Shortill, Mrs. C. S. Smith, Miss Nettie M. Bell, Miss Jennie Cordingly, Mrs. G. B. Hall, Paul Kennedy, McKenzie Bros., E. L. Norrish, Wm. Patterson.

The concert on the second evening of Acton Exhibition was the most largely attended of any in town this year. The programme, though varied was hardly up to anticipations. Mr J. H. Cameron, gave a very full number of selections and was repeatedly encored. Miss Mortimer sang a number of Scotch songs very nicely and Prof. Mathieson's Highland dancing pleased many. Miss Lee proved herself an efficient accompanist.

The officers of the Society for the current year, who have each added to a greater or less extent in securing the success achieved, are as follows:—President, John Duff, Vice President, A. J. Currie, Secretary Treasurer, George Hynds, Board of Directors, J. H. Matthews, John Willman, John Harvey, A. Stark, John Wrigglesworth, Thos. Wilson, D. Irving, T. H. Harding, Wm. Hemstreet, Honorary Directors, Robt. Agnew, G. C. Clark, L. G. Matthews, W. H. Storey, J. E. Corry, J. Kirkwood, M.P.P., H. Swackhammer, John Elliott, John Stewart, James Logie, George Kitching, M. J. Farries, James Black.

THREE YEARS IN PENITENTIARY

Herman Ryder Proven Guilty of Forgery and Sentenced to Kingston.

The charge of forgery, upon which Herman Ryder was arrested a month ago, was heard at Brampton last Friday. The *Times* reports the case as follows:

QUEEN'S BENCH.

Herman Ryder is a young man who formerly lived at Acton, and who came to this County about a year ago. Falling in with a young lady who accepted his suit, and wishing to get married, he rented the Clifton farm, but in order to carry it on he required some money. The landlord required the rent paid in advance, and Ryder applied to Wm. Newhouse to advance the amount he required, and as security he offered a chattel mortgage on his goods, and certain promisory notes against parties at Acton. The loan was finally carried out, but it was afterwards ascertained that the notes had been forged, and Ryder was thereupon arrested. At the hearing before the Magistrates, in Sept. 1st last, he was committed for trial. The Grand Jury found a true bill against him, and he was arraigned this morning on three separate counts of forgery. Mr McKechnie appeared for the defence, and Mr W. H. P. Clement for the crown. The prisoner, who under the new Criminal Code was allowed to give evidence, denied that he knew the documents to be forgeries at the time they were handed to Newhouse. His wife, father in law and two brothers gave evidence for the defence. Mr Newhouse was the principal witness for the crown. The Jury found the prisoner guilty with recommendation to mercy. The judge sentenced him to three years in the penitentiary.

Messrs Thos Gamble and J. P. Worden of Acton, whose names were among the forged, attended the trial as witnesses.

HALTON COUNTY TEMPERANCE CONVENTION.

Editor Acton Free Press

SIR,—Will you oblige us very much by announcing through the columns of the FREE PRESS that a Convention of all temperance workers and friends of temperance in the County of Halton, will be held in the Royal Templars' Hall, in the town of Milton, on Thursday, Oct. 19th, at 10 o'clock a.m., to take such action as will lead to the immediate and thorough organization of the County for the plebiscite vote on prohibition on January 1st, 1894.

That the convention may be large and representative, we urge all congregations of the various denominations of the Christian Church in the County, the W. C. T. Unions, Divisions of the Sons of Temperance, Councils of the Royal T. of T., I. O. G. Templar lodges, Temperance Unions, and Prohibition Clubs; also all societies of Christian Endeavor, Epworth Leagues and all other Young People's Associations, to appoint representatives to the Convention. Besides a most cordial invitation is given to all friends of the cause to be present. Let the people of "Old Halton" rally once more at the call of duty to encourage themselves and one another. The life of the legalized liquor traffic is hastening to its end. Let us join hearts in prayer at the Throne of Grace and hands in voting at the ballot box, and help to roll up a grand majority for prohibition on January 1st, 1894.

D. D. BARTON,
County Organizer, pro tem.

At Middlesex Assizes Wednesday, Wilson and Harvey, the clerks employed by the Bank of B. N. A. at London, who embezzled $800 pleaded guilty to the charge.

In Lancashire alone 300,000 people are dependent from week to week on public charity as a result of the great coal strike. It is estimated that the total in England is 750,000.

Capt. Dudley Smith has just returned to Winnipeg from England, having organized a wealthy company for development of the gold mines in the Rat Portage district. Operations are to commence at once.

Mr R. H. Hemstreet, of St. Thomas drove to Aylmer the other day and while driving through the town his team became frightened, running away. He was thrown out of the vehicle and had one leg broken in two places.

At London Assizes Wednesday, in the suit for damages brought by Miss Orange against Euphemia Township, a verdict for $2,500 was given her. Miss Orange was thrown out of a buggy by a bad ditch, and is almost a helpless cripple.

At London Saturday the three Freeman brothers of Raleigh were found guilty of manslaughter with regard to the death of P. C. Rankin of Chatham, and they were sentenced to penitentiary for life. Their Cousin, Lemuel Freeman was discharged.

At Agincourt Saturday morning a waggon, in which Mrs. B. W. Matthews and Miss Richardson were driving to Toronto market, was struck by a G. P. R. train. Mrs. Matthews died on Saturday night, and Miss Richardson succumbed Sunday night.

LITERARY NOTES.

Probably the most original and forceful plea for silver that has been made in this exciting campaign, where so much has been said, is advanced in October *Review of Reviews* by Edward B. Howell. By means of carefully prepared charts showing the amount of silver and gold, of cereals and cotton and other staple products he aims to show that the production of silver keeps approximate pace with the production of cereal crops. Furthermore, his evidence goes to show that while silver does vary about as the goods which we buy with it, gold does not keep pace with them. In other words, Mr Howell's very interesting arguments would lead to the conviction that we should be talking of a $1.50 gold dollar instead of 50 cent silver dollar. While put forward in a very concise and unpretentious manner the charts which this young Western political economist has prepared form a very valuable addition to the literature of the much vexed currency question.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 75c bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Manufactured only by the

GERMAN ENGLISH

MANTLES!

We have sought for a term to apply to our Mantles this season, and we have adopted "German-English" as just covering it. Why do we say German-English? Because that is just what they are. English cloth, German make. England guarantees the cloth, Germany the style and fit; and we backed by two of the first nations, hold ourselves responsible for the good conduct of every one of our Mantles.

Not every one can afford to buy a Jacket every season, but even to those who can, quality is a very important matter, because a coat that will wear out in one season will become shabby in one week. We are not the only people in Guelph who sell Mantles, but we do claim to give more attention to their qualities. The goods are all chosen by us from the best English cloths and made by the best German manufacturers.
