ONE AND ONE.

Two little boys can make the fun,
Two little hearts can bound a fine nest,
Two little arms pull love mother's head,
Two little feet run a race to a spank,
Two little paws use my little man
Two little eyes go open and close,
Two little ears and one little nose,
Two hard elbows dimpled and sweet,
Two little knees on two little feet,
Two little lips and two little chin,
Two little cheeks with a rose shut in
Two mote shoulders chubby and strong,
Two little legs running all day long,
Two little eyes never has my darling seen
Twice does he kneel by my side each day?
Two little hot feet he sets soft and bared,
Two little eyelids coat quickly down,
And two little angels guard him in bed,
One at the foot and one at the head.

A PASTOR'S EXPERIENCE.

THE TROUBLES OF A CANADIAN CLERGYMAN.

Attacked With a Disease Unknown to Physicians He had Almost Given up Hope When the Hand of Relief was Stretched Out to Him!

Rev. S. J. Cummings, the pastor of the First Baptist Church of Delevan, New York, has had an experience that makes him one of the most talked of men in Chautauqua county. To a reporter of the Buffalo *News* who called upon him, Mr. Cummings made the following statement, which he put in the form of an affadavit.

"I am now feeling so well that I am entering on a series of special meetings, and am returning to work with all my old time vigor. I was prostrated in June last and was treated by three physicians, one near this place and two in the city of Buffalo, but received no benefit or encouragement from them. They all were of the opinion that I would have to resign my pastorate and quit preaching. Nevertheless I now feel entirely recovered.

"I cannot give you the name of my disorder. It baffled the physicians, and they could not agree as to the nature of the trouble. After the slightest exposure, as in the damp of the morning, or after the dew fell in the evening, my limbs would swell and become discolored and my body would be racked with pain. These attacks would last three or four hours, but they would usually leave me helpless for at least a day after the acute pain had passed. At night I was unable to sleep. The strain upon my nervous system was tremendous. I became so prostrated as to be unable to take exercise. I could do scarcely any work in my study, and frequently could not preach to my people. Sometimes for a week the muscles of my arms would be so affected that I could not write a letter or pen a discourse.

"On the recommendation of the physicians who examined me, my church granted me a vacation for a month and I went to my old home at Oakland Ont., north of Toronto for a rest. On reaching home my father urged me to try Dr. Williams' Pink Pills. I protested on the plea of having taken so many medicines that I had lost all faith in them. But he had heard of their efficacy and insisted on my giving them a trial. He brought me two boxes and I commenced to take them. I soon found my health improving so rapidly that I returned to my home and family at this place. Some of my friends insisted that the benefit was only temporary that I would soon have a relapse and be worse than before, but I have continued to take them and now feel like a new man. The sudden attacks of pain which formerly prostrated me on my bed do not recur and I have exposed myself many times in a way that would have formerly brought them on.

"In my family I have found them very beneficial. My wife finds them more helpful to her than anything she has ever taken. I have spent hundreds of dollars in doctors' remedies and patent medicines, but all to no avail until I tried Pink Pills.

S. J. Cummings.

Subscribed and sworn to before me this 19th day of September, 1893.

John Hyde, Notary Public.

Druggists everywhere bear witness to the firm hold this wonderful Canadian medicine has taken upon the public, and to the vast good it has accomplished in relieving suffering, and thousands of grateful people like Rev. Mr. Cummings, cheerfully testify to the benefits derived from its use, often after skilled physicians had absolutely failed to help them. If you are ailing cast prejudice aside and give this marvel of modern medical science a fair trial. An analysis of Dr. Williams Pink Pills show that they contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, that tired feeling resulting from nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, or overwork of any nature. There are no ill effects following the use of this wonderful medicine, and it can be given to children with perfect safety.

These Pills are manufactured by the Dr. Williams Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box or six boxes for $2.50, and are never sold in bulk. There are numerous imitations and other so called blood builders, against which the public are cautioned. If your dealer does not keep Dr. Williams' Pink Pills they will be sent post paid on receipt of above price.

Physicians,

the world over, endorse it; babies and children like the taste of it. Weak mothers respond readily to its nourishing powers.

Scott's Emulsion

the Cream of Cod-liver Oil, is the life of the blood, the maker of sound flesh, solid bones and lung tissue, and the *very essence of nourishment*.

—the great, griping, old-fashioned pill. Not only when you take it, but unpleasant, from first to last, and it only gives you a little temporary good.

The things to take its place are Dr. Pierce's Pleasant Pellets. One of these at a dose will *regulate* the whole system perfectly. They're tiny, sugar-coated granules, scarcely larger than mustard seeds. They act in Nature's own way. No reaction afterward. Their help *lasts* and they do *permanent* good. Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured.

They're the cheapest, for they're *guaranteed* to give satisfaction or money is returned. Nothing can be "just as good."

You Can't Say Too Much

Of a good thing. This is eminently the case with Polson's Nervaline and great pain cure. It is an honest remedy for it contains the most powerful, the purest and most certain pain subduing remedies known to medical science. It is honest for it does all it claims to do. It is honest because it is the best in the world. It only costs 25 cents to try it and you can buy a bottle at any drug store. Nervaline cures toothache, neuralgia, pain in the back and side. All pains are promptly relieved by Polson's Nervaline.

A craving for sympathy is the common boundary line between poverty and sorrow.

Out of Sorts—symptoms. Headache, loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develop into acute disease. It is a trite saying that an ounce of prevention is worth a pound of cure, and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmalee's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.

Every observer who walks the streets of a great city, and scans with intelligent eye the colorless faces of more than fifty per cent. of the people he meets, can easily agree with us in the statement, that this age, which makes such drafts upon the working agencies of the greater part of them in the intense pursuit of business, has destroyed in a proportionate degree the animal health and robust constitution Nature, in this stage of exhaustion cannot be restored of itself, but requires some stimulating tonic, to strengthen and keep the system in regular order, and in Northrop & Lyman's Quinine Wine we have the exact remedy required. The peculiar operation of this medicine, in cases of general debility and nervous prostration, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered. Prepared by Northrop & Lyman, Toronto, and sold by all druggists.

The Cause of Rheumatism.

An acid which exists in sour milk and cider, called lactic acid, is believed by physicians to be the cause of rheumatism. Accumulating in the blood, it attacks the fibrous tissues in the joints, and causes agonizing pains. What is needed is a remedy to neutralize the acid, and to so invigorate the kidneys and liver that all waste will be carried off. Hood's Sarsaparilla is heartily recommended by many whom it has cured of rheumatism. It possesses just the desired qualities, and so thoroughly purifies the blood as to prevent occurrence of rheumatic attacks. We suggest a trial of Hood's Sarsaparilla by all who suffer from rheumatism.
