NOTES AND COMMENTS.

Ontario has recorded a majority of from 70,000 to 80,000 in favor of Prohibition, by the plebiscite, a larger popular majority than any political party has ever had in a general election in the province.

Nominations for the Local Legislature are being made here and there and throughout political activity all along the line.

Dr. Kille's municipal governors evident in his business on a big scale and are profitable to the bankers.

While the winter has been an open one in Canada it is exceptionally rigorous in Europe.

It has been widely claimed that those who abstained from voting on the prohibition plebiscite were opposed to prohibition.

Speaking upon education at Liverpool on the 10th January the Earl of Derby, our late Governor General, emphasized the necessity of a better education.

"Whatever is the result of the plebiscite," says "When the result is in favor of prohibition, we suppose, like taxation to be the only suggestion that at least two of the liquor licenses should be cut off this year on the ground that it would make monopoly for some time, we explain that the benefit to the community and not to any one liquor seller was our object.

**THE WILLIAMS MURDER.**  
The prisoners begin to show the effect of imprisonment.

Deputies, Feb. 6 MacWherrell and Walker, the two men held in Brampton Jail, charged with being implicated in the Middle road murder, are beginning to feel the effects of their solitary residence.

George W. Childs died at 3 o'clock Sunday. Never in the history of Philadelphia was the death of one of its citizens so much widespread regret this has the death of this eminent publisher and philanthropist.

### PROHIBITION PROMISED.
