LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of
Free Press Reporters this Week.

Yesterday was Ash Wednesday.

--The Lenten season is here again.

Skates like pride in that they go
before a fall.

The mercury fell to eleven below zero
on Sunday night.

Will it pay you to advertise in
the Free Press? It has paid others why not
you?

John Talk was fined \$20 and costs of
Guelph the other day for violating the
Crooks Act.

George's School, Guelph, was
closed for a week.

A benefit concert was given by the
"Table Cutters' Quartette Club" in the
Town Hall last evening for one in need.

A spirited debate on a live topic will
be one of the attractions at the meeting of
Action Temperance Union to-morrow even-

ing. A letter just received from a subser-
ber at Indian Head, N. W. T., says
of course a dollar for another year I look
for the Free Press to appear every week.

Many firms & Co. dry goods and
general merchants have made an assign-
ment. It is to be regretted that the inter-
ness depression has so soon overtaken this
young firm.

The members of the Free Company
met again last Thursday evening and ad-
vanced the organization a step. They will
meet again this evening. All members
should be present.

An Aspinwall correspondent says
Two of our residents, Messrs. McLean and
Tremble were all smitten last week
and well they might be, for each of their houses
has been cleared by the appearance of a
fine rosy boy.

The chief of police of Chatham, Ont.,
has issued orders that the delivery of Detroit
Sunday papers in that town must be
stopped. A similar prohibition on American
newspapers which some here
would be saluted.

Friday was Canada Day. It was
clear and fair, and the bear could easily
see his own shadow. The Scottish chime
will be remembered by some.

Canada Day Day is bright and fair.

Half a winter to come and more
is the time of year for a good rest.

The last of winter goes by fast.

A call has been issued for a con-
cert on the 15th inst. of all members
of Halton Prohibition Association and of
Halton Temperance Society Union to
wind up matters in connection with the
present plebeian campaign to arrange for the
amalgamation of the societies and to con-
clude plans for a ban in the coming elections.

The re-appearance of George's School
in January was regarded with much satis-
faction by the reading public generally.
This family journal is now superior in all
departments to the productions of its
past few days before it was discontinued.
J. W. Blomfield is the man among men
in Canada who can best conduct a
journal of the character of George's and he is
doing it now to perfection.

A kind hearted manufacturer of
our robes has received a letter from a
relative in Brackbridge, Siles, with one
of two others formed of Action is employed
in Blay's tannery there in which a number
is made of their employer's kindness in in-
viting every man working for him to an
unjoyable supper and enter-
taining them with music and parlor scenes,
along with a speech by one of the
guests. The affair evidently made a
great impression on account of such kindness
from master to man.

Among the most useful as well as attrac-
tive "extra indulgences" issued by
periodicals of late are the engraved port-
raits of Washington Irving and Henry W.
Longfellow, which are to be given away
with the issue of "Hesperus Young People"
for February 21 next. This method of
vertising is common enough, but it is
seemingly the first time that such a
plan has been adopted.

The Student Innings
has tastes moderately, in keeping with
other luxuries. A remedy must be found
in composition truly beneficial in
effect and entirely free from every ob-
noxious quality. If really ill he consults
a physician, if constituted he uses the
gentle family laxative, Syrup of Eggs.

THE COUNTRY AROUND

Monty of a Local Character, and
very interesting.

THE COUNTY HIGH SCHOOL TEACHERS.
A few county teachers will meet in con-
vention at Guelph on Thursday and Fri-
day, Feb. 15 and 16. Delegates from all
parts of the country are expected to be
present. Last week an interesting program
of papers had been arranged. Wm. Houston,
M. A. Scott, Toronto, who has made educational
matters a life study, will be there
both days and give a number of papers.
The sessions will be held in the high school
during the day and on Thursday evening
the meetings will be held in the auditorium
at 8 p.m.
