NOTES AND COMMENTS.  
It is stated on good authority that the Canadian Pacific Railway do not intend to do any construction work during the coming summer. They look upon the present railway facilities as well as the requirements of the country at present.

NOTES AND COMMENTS.  
The *Advertiser* evidently has a remarkably lively imagination. It says "Huron has it that should Mr. Kerwin, who represents the county by a good majority at the next Provincial elections, he will, at the proper time, resign and run for the Dominion, and Dr. Webster has given the nomination for his Legislature. But of course this is only a rumor, and there may be nothing in it."

NOTES AND COMMENTS.  
At the official dinner given in London, Eng., on Saturday night, the motions of the Queen's speech, were communicated to the guests. The main points of the speech concern Welsh disestablishment registration reform, relief of evicted tenants in Ireland, and amendment of the Factory Act. It is understood that the speech will contain a graceful reference to Mr. Gladstone's services and retirement.

NOTES AND COMMENTS.  
Last Thursday the nomination to the local legislature of Nova Scotia took place and there was not one election by acclamation. A political contest in every county will help to bring out the vote on the prohibition question, which is best, as far as possible, as large as possible. In two contests there are no Conservative candidates, the opponents of the government being in one case a prohibitionist and the other an independent.

NOTES AND COMMENTS.  
A vote on a petition for the adoption of the South Act in Charlottetown, P. E. I., will be held on April 19. The act was adopted there in 1871 by a majority of 104. A petition for repeal was defeated by 40 and again in 1887 by 20, but was successful in 1893 by 11. The statutory three years having expired the temperance people are going to test opinion again on a petition for the repeal of the act.

NOTES AND COMMENTS.  
A few days ago a deputation called on Sir Oliver Mowat and asked him to press legislation to give the franchise on the same terms as men. Sir Oliver said it was useless to attempt to do so at present as a section of his own party and a majority of the Conservatives were opposed to the movement. He said he was personally in favor of it, and although he could hardly hope to live to see those hopes realized, he had no doubt that some of the members of the deputation would live to see women placed on the same plane as men regarding the franchise.

**THE ACTION FREE PRESS**  
THURSDAY, MARCH 15, 1904.  
NOTES AND COMMENTS.  
A considerable decrease in the circulation of money took place in the States last month. The amount in circulation, Feb. 1, says *Headstreet*, was \$1,737,763, 51. On March 1 it had decreased to \$1,690,575,152, a decrease of \$47,188,511. This decrease appears to have been principally owing to the transaction connected with the bond issue, the Treasury money and bullion fund showing an increase to a slightly larger amount than that of the decrease in circulation. The most notable decrease in the amount of money in circulation was in the case of gold certificates, which showed a decrease of \$30,537,638. Silver treasury notes came next with a falling off of \$6,079,000.

**THE WILLIAMS' TRAGEDY**  
A True Bill Returned Against McWhirrell and Walker.  
Huron, March 11. The trial of William McWhirrell and John Walker on the charge of having in December last, murdered the aged couple, James and Eliza Williams, at their home on the Middle road, a mile and a half from Port Credit, began Tuesday morning at 7 o'clock the Grand Jury brought in true bills on two indictments against each of the prisoners, who were immediately arraigned, pleaded not guilty, and were taken back to their cells in the goal.

**THE WILLIAMS' TRAGEDY**  
A True Bill Returned Against McWhirrell and Walker.  
The case against McWhirrell and Walker is the only criminal case on the docket at this session. It is likely to last all week, as there are 65 witnesses to be examined for the Crown and 25 for McWhirrell. The jury panel was an exceedingly large one, 36 men having been summoned to attend. The challenges were by McWhirrell 20, by Walker 15, and to stand aside by the Crown 10, making a total of 49. Thus 61 were called but only 12 were chosen. The jurymen chosen were John Watson, James Hilda, Joseph Hays, Thomas B. Wain, Samuel Elliott, Win. Egan, J. Peter Smith, Robert Kieley, Wm. Dick, Sr., Fred Haines, Stewart Hunter and Wm. Caldwell.

**THE WILLIAMS' TRAGEDY**  
A True Bill Returned Against McWhirrell and Walker.  
To day's evidence would seem to indicate that there is likely to be a very different view as to the state of the weather at the time of the murder and the condition of the tracks around the Williams' house as there were persons in the vicinity.

**THE WILLIAMS' TRAGEDY**  
A True Bill Returned Against McWhirrell and Walker.  
It also indicates that there is likely to be a great deal of evidence in the stores told by different witnesses as to the weather. The theory set up by the defense that the murder may have been committed on Friday night, and to prove the probability of which they have summoned a dozen or more witnesses, received a check today, when all the witnesses were forced to admit that they could not tell the difference between tracks made in the snow and those raised upon and tracks made during a rainstorm.

**THE WILLIAMS' TRAGEDY**  
A True Bill Returned Against McWhirrell and Walker.  
The crown started out on its case by tracing the movements of the deceased on what is believed to be the last day of their life and about a dozen witnesses were summoned to-day. This trial promises to be one of the most interesting in the history of crime in Canada, not even excepting the famous Birrell case.

The Dominion Parliament will be assembled in Ottawa for their Annual Session.  
ONLY FOUR NEW MEMBERS.  
Ottawa, Mar. 11. Everything is in readiness for the opening of Parliament tomorrow. There will be an unusually small number of new members to be introduced, and they will be even fewer than the previous session. The Conservatives are Sir James Grant, Ottawa, who succeeds His Honor Lieutenant Governor Mackintosh, and Mr. E. S. Inglis, Vancouver, who was elected to fill the vacancy caused by the death of Mr. R. D. Gordon. The Liberals are Hon. Joseph Martin, Winnipeg, who succeeds Mr. Hugh John McLeod, resigned, and Mr. H. H. Harwood, Vancouver, who succeeds Mr. Hugh McLeod, resigned.

The present indications are that there will be a larger number than usual at the opening. This being Lord Aberdeen's first year, it was expected that the opening would be more than usually gay, but although there will be the customary guard of honor and escort and assemblage of Ottawa's elite on the floor of the Chamber of Commons, Lady Aberdeen's father has cast a gloom over the festivities and they will be shorn somewhat of the splendor which they were expected to assume.

**CANADA'S CAPITAL.**  
The Dominion Parliament will be assembled in Ottawa for their Annual Session.  
ONLY FOUR NEW MEMBERS.  
It is understood that Sir James Grant will move the address in reply to the speech from the throne at the beginning of the approaching session. It is usual to have a new member perform that duty, but Sir James' admirers here think that he should have the honor this year to signalize his entry into parliamentary life. Mr. Haslam, the new Ministerial member, who succeeds the late Mr. J. D. Gordon, will second the address.

According to the annual report of the Department of Indian Affairs, which has just been issued, there are in the Dominion 99,717 Indians, of whom 31,419 are set down as Roman Catholics, 25,296 as Protestants, and 25,220 as pagans. No religion is given for Indians in the remote portions of the Dominion, numbering 17,192. In his report, the Deputy Superintendent General says that although the winter of 1899-1900 was unusually cold, the Indians generally were pretty comfortable. The Ontario Indians continue to show themselves the most advanced and the readiest to take up the ways and work of white men.

Monday was a day of delegations, no less than four being here. These were here for the purpose of interviewing the Tariff Committee and laying their views before them. The delegation consisted of Messrs. C. W. Taylor, of the Toronto *Obse.*, G. H. Flint, Montreal *Witness*, Hugh Graham, Montreal *Star*, and E. P. O'Connor, Montreal *Witness*. These gentlemen were retained about their opinions, and it is reported that the object of their visit was to urge on the committee a reduction of the duties on patent medicines. It was represented that the proprietors of American patent medicines "used to be large advertisers, but that of late their advertising had been seriously reduced on account of the competition of Canadian patent medicines fostered by the present tariff. A curious feature of this deputation is that it is reported that the committee representative of newspapers unfriendly to the American "bottle patent."

A deputation of printers represented the Typographical Union of Montreal. They came to Ottawa. These latter urged on the committee a retention of the present duties on stereotype plates which the so-called "Employing Printers" some time ago asked the committee to reduce or abolish altogether. The printers claimed that there was an abundance of plate matter produced in Canada, which gave employment to a large number of printers, stereotypers and others who would be thrown out of employment if the duty on American plate was removed. It was also claimed that the moral tone of the American plate matter was greatly below that of the Canadian and calculated to injure the morals of the people, especially of the young.

An important case was disposed of in the Supreme Court yesterday, viz. the Harding Power Case. Justice Fournier, Justice Gwynne, Justice Holwick and King were on the bench. It was the case of the Attorney-General of Canada vs. the Harding Power Case. The question arose out of the constitutionality of an Ontario statute, which gave power to the province or to the Lieutenant Governor to appoint or remove judges of the court under provincial statutes. Sir Oliver Mowat succeeded in defending his legislation in all the courts below and now the Supreme Court upholds his legislation by dismissing the appeal.

**EX-WARDEN HUSBAND.**  
The Reform Convention's Nominations for the Provincial Legislature.  
The following well-known Liberals were named in nomination: John Wadell, M. P., Henry Lawson, John R. Barber, D. Wheeler, Dr. Robertson, M. P., John Hubbard, T. Grant, Dr. McMillan, Geo. E. Fisher, Henry Robinson, J. R. Lamb, A. J. Macdonald, and Mr. Wood. The candidates in turn addressed the convention. Mr. Wadell, who spoke first, said that the Liberals of Halton had the honor to elect their man, and with the help of the young men in their ranks they would do so. He stated, as did the other candidates, for various reasons. It was then suggested that, without further nominations being made the delegates ballot for whomsoever they pleased. This was agreed to, and the result was that Mr. Hubbard received the highest number of votes. The nomination was then unanimously tendered to him, and amid tremendous enthusiasm he accepted it.
