THURSDAY, JUNE 7, 1894.

LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of Free Press Reporters this Week.

—The sixth month June.

—Mr. Joshua Norrish is building a stable on the rear of his premises.

—Halton County Council opened its June session on Tuesday at Milton.

—Worth Knowing. If you drop banana peelings on the sidewalk, somebody is liable to get hurt.

—A new sidewalk is being laid along Willow street, much to the pleasure of pedestrians there.

—The farmers of Waterloo county picnic at the Ontario Agriculture College to-day. This will be the first of the season.

—The Entrance Examination for admission to High Schools will take place at Georgetown on 28th, 29th and 30th of June.

—Mr. W. H. Storey has improved the appearance of his premises by removing a number of the trees in the front of his residence.

—The writs for a new election having been issued, Mr. D. Campbell, registrar, Milton, has been appointed returning officer for Halton County.

—A lacrosse match is arranged to be played at Georgetown to-morrow afternoon between the Limas of that place and the Dufferins of Orangeville.

—The latter part of the month of May has been characterized by its abundance of rain and the cold weather accompanying it. We are still hoping for a warm wave that we may doff some of our winter clothing.

—The Patrons of Industry of Esquesing are preparing for a grand picnic to be held in the bush of Mr. McDonald on Wednesday next. An afternoon of sport has been arranged for. For further particulars see posters.

—Mr. Jno. Husband, Reform candidate for the Local Legislature for Halton County, will address the electors at Acton to-night. To-morrow evening he will speak at Glen Williams, and next Wednesday at Georgetown. Col. Kerns has been invited to attend.

The 20th Battalion Rifle matches will be held on the Georgetown range to-day and to-morrow, when over $130.00 will be offered in prizes. If the weather proves favorable, an interesting time may be expected. Some of our boys will be in attendance.

—During the heavy storm that passed over this section on Sunday afternoon, the barn of Mr. Daniel Wingrove, of Nassagaweya, was struck by lightning and burned to the ground. The stock and implements were saved. The building was covered by insurance in the London Mutual.

At the regular meeting of the Ladies Aid Society of the Methodist church, on Tuesday afternoon, the following officers were elected for the coming year: President, Mrs. H. P. Moore; Vice President, Mrs. A. Stephenson; Secretary, Mrs Jas McLam; Treasurer, Mrs. Isaac Francis.

An operation was performed on Flossie, daughter of Joseph Holmes, when a cystic tumor the size of an egg, was removed from her neck. The little child, who is about four or five years of age, is doing remarkably well now. Mr. John Harvey was also operated upon. Drs McKeague and Lowry were the attending physicians.

Arrangements have been made for a grand concert to be given in the town hall, on Monday, July 2nd. The following noted talent have been secured for the evening: Miss Maggie Taylor, violinist of College of Music, Toronto; Miss Lily Moulding, contralto, Brantford; Mr Jas Fax, comic, Toronto; Mr John Strachan, Rockwood, and others. It is needless to say that this will be the concert of the season.

—A subscriber, of Ohio, in renewing his subscription to the FREE PRESS, says: "I do not feel as though I could afford to lose one copy of the FREE PRESS, for I value it as much as I do a letter from home." In referring to the mercantile aspect of that state, he adds: "Our business is good, and that is saying a great deal for this country just now, and I have come to the conclusion that there are other countries in the world as well as that of the United States."

—In view of the fact that smallpox has again visited this continent the authorities have recommended, and in some places ordered, the populace to be vaccinated. Would it not be advisable to have the pupils of our public school undergo the little ordeal of vaccination too? It is quite evident that if the government see the necessity for taking such precautions in certain parts of the Dominion, there is no guarantee of our being spared from an infringement of such an epidemic; a stitch in time saves nine.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

A New G. T. R. Time Table.

A new G. T. R. Time Table has been issued and came into force on Sunday last. The changes effecting us are few there being but one in trains going west; and three going east. The train, west bound, due at 1.38 p. m., arrives at 1.51; going east, the morning express formerly due at 7.07 arrives at 7.17; 9.35 a. m. at 9.21; and 9.56 p. m. at 10.15.

A Test of Character.

An exchange says a man's lawn, or front yard, is a good test of his character at this season of the year. If it is neat, well mowed, with tasty vines and flowers about the edges, he may be set down as a man of good order and good taste. A good phrenologist can find out nearly as much about a man by examining his yard as by examining his head. Acton, then, has scores of men of good order and good taste, but there is still room for improvement. A well kept lawn, front yard or boulevard not only improves the appearance of the property adjoining but renders it more valuable and adds to the attractiveness and good name of the town.

Church Items.

The congregation of St. Joseph's Church are making arrangements for holding a picnic in the near future.....Sunday last was the fifth anniversary of the incumbency of the Rev. Geo. B. Cook, of St. Alban's Church. During the sermon he referred to the fact, and spoke of the various blessings that had attended the ministrations, also deplored the loss the parish had lately sustained in the removal of several of its faithful members. Allusion was also made to the deplorable carelessness and indifference of some on the holy Sabbath, who absented themselves so frequently from the church services. Rev. Mr. Rae occupied his own pulpit on Sabbath morning, and in the evening he preached in the Methodist Church, there being a union service. He delivered an excellent address, choosing for his text, Romans 8th chap. and 24th verse.

An Enjoyable Evening.

The home of Mr. and Mrs. R. B. Johnson was made the chief centre of attraction last Friday evening, when the members of Knox Church choir resorted thither for the purpose of expressing to the newly married couple the high esteem in which they were held by the members of the young people of the church. As a slight recognition of Mr Johnson's services, as bass singer of the choir, he was made the recipient of a beautiful ebony wood mantle clock, accompanied by a neatly worded address. Mr Johnson made a very suitable reply, thanking the donors for the memento. Mrs Johnson then prepared a sumptuous repast, the viands of which would tempt the appetite of an epicurean. These having received ample justice, the rest of the evening was devoted to social amusements in which all heartily engaged. Altogether a most enjoyable time was spent.

The Re-Union of Pupils From 1867-72.

There is no abatement in the interest which the pupils have manifested regarding the proposed re union. This week Mr. Thos Kennedy, of the Registry Office, Parry Sound, expresses his views on the question, as contained in the following:

DEAR MR EDITOR—Your grand idea hinted at some days ago, in reference to a re union of the old Acton boys of 25 years ago, and more particularly the pupils of the late esteemed R. Little, Esq., is, in my opinion, a grand move. I would be delighted to have the pleasure of meeting a large number of the boys and girls of days long past. Many of them I have not seen for years and some of them, not since leaving school. If any arrangements are made I will do my best to be in attendance. With kind regards I am yours truly,

THOMAS KENNEDY.

Mr. J. A. Matthews, of Orangeville, writes to the FREE PRESS, expressing his approval of the proposed re union and intimates his intention of being present at the gathering, which he hopes may take place at an early date.

Consumption—Low Condition

Wonderful Results From Taking Hood's Sarsaparilla.

Miss Hannah Wyatt
Toronto, Ont.

"Four years ago while in the old country (England), my daughter Hannah was sent away from the hospital, in a very low condition with consumption of the lungs and bowels, and weak action of the heart. The trip across and water to this country seemed to make her feel better for a while. Then she began to fail worse, and for 14 weeks was unable to get off the bed. She grew weaker and weaker, and lost the use of her limbs and could not stand. and if she sat up in bed had to be propped up with pillows. Physicians

Said She Was Past All Help

and wanted me to send her home that she might die among friends. But I said as long as I had my hand up she should not go. We tried Hood's Sarsaparilla Cures

to give her Hood's Sarsaparilla. She is getting strong, walks around the house, has no trouble with her heart, has no cough, and her heart seems to be strong and easy. She has a first class appetite, and Sarsaparilla has done as much as nothing short of a miracle." Mrs. W. WYATT, 82 Marion Street, Parkdale, Toronto, Ontario.

B. Ryan & Co's Millinery Department. Shoppers are quicker to find out these things for themselves than is frequently imagined, and the greater the business intelligence generally the more rapid our business growth becomes.

There is no need to say more than this that we can supply every possible want of women and children to their very great advantage. Our Millinery Department is in able hands, and the stock is constantly being replenished with the late novelties imported direct from the fashion centres of Europe.
