## TERRIBLE CONDITION OF MR. JOHN IRVINE.

Friends expected him to Die.

Medical Men Did not Understand His Case.

### PAINE'S CELERY COMPOUND MADE A PERMANENT CURE.

A wonderful story comes from Heckston, Ont. It is full of comfort, assurance, and glad, welcome news for the sick and those whom physicians cannot cure.

Mr. John Irvine, of Heckston, Grenville Co., Ont., writes as follows:

"Three years ago I had a severe attack of influenza, which left me in a very weak and debilitated condition. The next autumn I had another attack which left me in a very bad state. My health was nearly wrecked. I had no strength, and felt tired all the time. I was so weak that my legs would not support my body, and I have often fallen to the ground when trying to attend my work both in the field and in my barn, and would be compelled to lie where I had fallen, until I could muster sufficient strength to rise.

My appetite was all gone, and when I would try to eat, in order to gain strength, I would suffer until misery for hours. It seemed to me that I was slowly starving to death.

I tried different doctors, but did not derive any benefit from their treatment. My friends thought I was going to die, and I really believe I would have died had I not tried your Paine's Celery Compound. I bought six bottles, and can conscientiously say I received more benefit from it than I ever dreamed of. It was worth more to me than one hundred dollars worth of medicine from the doctors. I began to improve in health before I had finished the first bottle, and to day I am completely restored to health. I can do as good a day's work as I ever could, can now eat any kind of food without experiencing trouble afterward, and can sleep as well as when I was a boy.

"I have not had to use any of the Compound for months, which convinces me that the cure is permanent. I feel it my duty to let every suffering human what Paine's Celery Compound has done for me, and it seems impossible for me to say all I should in its favor. My wife, who has been a sufferer for years with chronic rheumatism, was greatly benefited by the use of your medicine. I send you this testimony unhesitatingly."
