### The Young Folks.

**THE HUSBAND.**  
At the dinner time, on the other evening the lady who responded to the toast, "Our Husband," gave the following response:  
Who works because we are so dear,  
And then forgets when it's over?  
This answers every question.  
The husband.  
  
Who, when his clothes are all worn out,  
Would with an angel come to them,  
And into the whole house hear his woes?  
The husband.  
  
Who sometimes makes us feel so good,  
With value about the home and care?  
His husband need to make and take?  
The husband.  
  
Who calls the laundress with a frown,  
And then slips off when she comes down,  
While she takes that laundry down?  
The husband.  
  
But when the clouds are dark and gray  
And rain seems not very far,  
Who takes the halo and saves the day?  
The husband.  
  
Who gives lots to all we know,  
Let his heart be glad its so?  
The husband.  
  
And so, in water pure and clear,  
Fit emblem of our sisters here,  
I drink the health of those so dear.  
Our husbands.

### PHILOSOPHY FOR THE BILL COLLECTOR.

A collector of unpaid bills has a hard time of it, but one met a philosophical dabbler recently who convinced him of some astounding facts says the *Assessment Journal*. The collector said that he had been chasing the said philosophical debtor for about six months and was getting tired. It was always "Come around to-morrow," or "I haven't got it now."

"Say," he said, "when I made up my mind to get this bill, I try to pay it off."

"Why, yes, some day?" the philosopher replied.

"But look here, young man, I want to show you a thing or two. How many bills have you in that pack?"

"About forty," said the collector.

"How long does it take you to visit all these people?" the philosopher inquired.

"About a day."

"What if all paid up promptly?"

"Why, that would be great."

"Would it? What would you do for a living if all these debtors paid up in one day?"

The collector looked blank for a moment.

"Great! Jerusalem! I'd be out of a job."

"Well, then, don't be so anxious to collect every penny due to your people. One bill a day is enough. As for me, come around some time next week and I may do something for you, and the philosopher faded away.

### PAT'S CERTIFICATE.

I hope, sir, you will assist a poor man whose honest and everything that was to it including my family, nor, was burned up two months ago yesterday, now."

The merchant to whom this appeal was addressed, while very philanthropic, is also very cautious, so he said, "I'll have you a letter of credit to show that you lost anything by fire."

"I did have a certificate, nor signed be-

for a notary public, to that effect, but it

was burned up, nor in the house with me

family and the rest of me effects."

### SCHOOL TEACHERS BEWARE!

A Profession Not Overpaid that has Many Dangers.

### BADLY VENTILATED SCHOOLS AND CON- TACT WITH DISEASE.

Paine's Celery Compound Cleanses the Blood and Keeps up Strength and Vitality

It Banishes Langor, In- pendency and In- tability

The majority of our public school teach- ers, male and female, have many dangers to face in a profession that is never overpaid.

Many teachers are suffering to-day from maladies and diseases contracted in crowded and badly ventilated school buildings; the result of which is that they are taken into the system from imperfect drainage, and contact with children who carry infectious disease from their houses.

At this moment hundreds of school teachers are invalids, or go about the performance of their duties in a half dead way! Nervous troubles are prevalent amongst teachers, headache, dyspepsia, languor, irritability and despondency are common troubles, and make life truly miserable.

The school teacher's friend and life- long pal, Paine's Celery Compound, has done a wonderful work in the ranks of the afflicted ones. During the year 1894 scores of cases have come before our notice, of sick and suffering ones having been restored to new life, energy and activity through the use of nature's wonderful medicine.

Paine's Celery Compound has been a true blessing to every teacher who used it. The great medicine has done its work promptly and efficaciously. It always begins its operations at the great nerve center; it cleanses and purifies the blood, and takes all impurities from the system; it strengthens every digestive organ, and builds up the entire system. Every school teacher in the land, male and female, should use Paine's Celery Compound if sound health and perfect bodily strength is desired.
