### The Young Folks.

#### TWENTY TIMES A DAY.

Twenty times a day, dear,  
Twenty times a day,  
Your mother thinks about you,  
At school or out at play.  
How busy is the kitchen,  
Or the garden, or the stairs,  
But like a song her heart is within  
How love is there.  
There's just a little thing, dear,  
She wishes you would do,  
I'll whisper, "Hush, it's time,  
Now, now, I'll tell it you.  
Twenty times a day, dear,  
And more, I've heard you say,  
I'm coming in a minute,  
We're all here, we're all safe.  
All come to soldiers, in an instant,  
As the motion of command,  
Once, as soldiers passing,  
The captain warning band,  
You old, good mother, happy  
By me to the last.  
Twenty times a day, dear,  
Twenty times a day.

It is proposed to erect a monument to Tommies at London, as a tribute to "one of the noblest acts of Britain."

### MAGNIFICENT WORK ACCOMPLISHED IN ST. ANNE'S PARISH.

#### The Sick and Diseased made well.

Well by Paine's Celery Compound.

#### Hannocks in the Community.

Metropoli know what the Great Spring Medicine Has Done.

The great archdiocese of Montreal has a church of St. Anne's in one of the largest parishes in the country. The parish is a populous one, and the work of a dozen or more clergymen who devote their time and their talents to the spiritual and charitable interests of the people, is heavy and never ending.

In this thickly-settled and compact parish the sick and the suffering are numerous, but Christian help and consolation is never far in the bogs of danger. In scores of sickness and disease this great parish has been blessed by an agency that has saved hundreds of lives throughout other parts of our Dominion. We now refer to that marvelous medicine, Paine's Celery Compound, so well and favorably known in every Canadian home.

The popular clergymen of St. Anne's have, from time to time, heard wonderful reports from their parishioners of the magnificent work accomplished by Paine's Celery Compound. Fathers, mothers, brothers and sisters have been raised to health and strength. Those pronounced incurable by physicians have been restored from the jaws of death.

The Rev. Dr. Jones, one of St. Anne's most popular clergymen, having learned the good work done by Paine's Celery Compound, and having experienced most satisfactory results from its use in his own case, writes as follows:

"I am fully convinced both by personal experience and by the statements of many parishioners intrusted to my care, that the Celebrated medicine, Paine's Celery Compound, deserves a high recommendation. I therefore, willingly endorse the testi-monial already given in behalf."

When Others Fall.

Judd's Harpalus builds up the shattered system by giving vigorous action to the digestive organs, creating a better and purifying the blood. It is prepared by modern methods, possess the most wonderful record of actual cures of any medicine in existence. Take only Judd's.

Judd's Pills are purely vegetable, and do not purge, pain or gripes.

New And Old Methods

The rapid growth of discoveries in all branches has developed no more valuable improvement on old methods than in the means of treating chronic troubles of the digestive system. It is now generally known that the original and frequent cause of such trouble is the overeating, and especially when chafing, jalap, aloe, etc., eat, react and permanently injure their victims. The newest discovery for the treatment of constipated and bilious conditions is Buelby's Liver Laxatives, they do not react and are consequently a triumph of medical science.

A mind conscious of integrity soaring to greater than it means to perform, Burns.

There is danger in neglecting a cold. Many who have died of consumption dated their trouble from exposure followed by a cold which passed them by. This short time was beyond the skill of the best physician. Had they used Buelby's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds, and afflictions of the throat and lungs.

In that sweet mood when pleasant thoughts bring sad thoughts to the mind. Wordsworth.

Don't Wait for the Sick Room.

The experience of the physician and the public prove that taking Houttuyn's Emulsion produces an immediate increase in flesh. It is therefore of the highest value in Wasting Diseases and Consumption.

I will often wait what I believe to day, if it should contradict all I said yesterday. Wandal Phillips.

Catarrh Relieved in 10 to 60 Minutes.

One short puff of the breath through the flower, supplied with each nostril of Dr. Buelby's Anti-Consumptive Powder. Dose: Powder over the surface of the nasal passages. Painless and delightful to a man to be a "good fellow" and a good father and husband at the same time.

Don't Put It Off.

The necessity of a spring medicine is universally admitted. This is the best time of year in which to purify the blood, to restore the lost appetite, and to build up the entire system. The great popularity attained by Houttuyn's Emulsion owing to its real merit and its remarkable success, has established it as the very best medicine to take in the spring. It cures catarrh, asthama, rheum, and all humors, biliousness, dyspepsia, headache, indigo and liver complaints.

Houttuyn's is not a potion we can take when he is gone, let us honor him with truth and clearness of heart while he is passing. Goethe.
