LITTLE LOCAL BRIEFLETS
Which Caught the Eyes or Ears of Free Press Reporters This Week:

—Plains fishing parties are now thefad.
—Council meeting next Monday evening.
—Fare have been rescheduled again this week.

—It is believed that in some places the grain has been injured by the frost.
—The heavy frosts this week were very trying to fruit bloom and young plants.

—Messrs. McEwen Bros. left on Monday to take possession of the Clark house, Georgetown.
—The mercury dropped on Saturday after the thunderstorm from 74° at noon to 49° at 8 p. m.

—It is easy to sell goods the virtues of which are known—therefore advertise the virtues of your goods.
—The Council of the Township of Nassau, Guyana, will meet on Monday, 27th May, at a court of session.

—The snow storm on Tuesday was as unprecedented as it was unwelcome. About two inches of snow fell.
—Improvements to many of our homes and their surroundings continue to keep carpenters and painters busy.

—The store should keep its advertising department busy if it expects its advertising department to keep the store busy.
—Mr. J. Crippie is now running his portable shingle mill at Brown's saw mill. He will cut a stock of pine and cedar shingles there.

—Mr. J. J. Kelly, of Plattville, visited in town this week removing his household goods. He reports business good in his line at Plattville.
—Mr. George Wilds has in his possession a splendid specimen of a wild goose. He caught it the other morning on Agnes street near his residence.

Parasols.
Miss Leahy, of Ploverville, visited friends here the past week.

The "Road" Working Machine, manufactured in Bradford, is the best water blade. It took the first prize—amongst all at the World's Fair, and was successful in taking the first premium and gold medal for sale by John Matthews, Wilton street, Acton.

The 25th of Georgetown. The horse races at Georgetown on the 25th promise to be even more successful than those of former years. The track there is in the best condition and the excellent grand stand and grounds make it possible to witness the events with great pleasure. The celebration procession will be a wonderful affair and the increased and large number of spectators will be a most interesting sight. The committee are hard at work to their efforts to make the day so successful that every body that goes will be delighted. The railway give single fare, 20¢ going 25th and 24th and returning up to 25th—40¢.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

A New Hotel House.
Mr. Donald Hume has returned to Acton from Hillsburgh, and is now engaged in building a residence for himself on the farm south of "Merry Lake." It will be a four-story house, built in the style of a castle, and will be completed in about six months. Mr. Hume intends to work his farm himself next year.

News of the Churches.

The Acton Cornet Band will be present during the day and will render an attractive programme of music. In the evening a popular entertainment will be given in the town hall.

General Remarks.
There were several degrees of frost experienced in many parts of Ontario on Saturday and Sunday. Flowers, fruit trees and vegetables were this season ruined by the general and kindly showers. Many of the vines were in advance of other years by a week or two. Over- confident gardeners, in many cases trusting that the cold winds and frost were all over for a season, planted out early vegetables and delicate flowers that for some time yet should be under glass. Monday morning they found the plants of vegetable and flower beds blackened by frost. The plum and pear, peach and grape crops are almost ruined. The usual June frost has come early, and has done greater damage than it could possibly do at its proper time.

Rev. Dr. Paton's Success.
Many of our readers will remember the well-known address of Rev. Dr. Paton the venerable missionary to the New Hebrides, in Knox Church some time ago. Dr. Paton has arrived at the scene of his labors again and a letter to the press tells the result of his efforts during his last tour. His many friends are glad to hear that from his recent tour in America and Great Britain he has used of God so to draw forth the liberality of His people that he enabled him to hand over to our church and mission nearly \$25,000—\$120,000—on return, including \$2,000 toward the support of the new mission vessel, as well as a subscription of \$3,000 to be paid yearly by Christian friends for the same purpose. I had joy in so working for Jesus, my church and mission, and of getting the sympathy, prayers and help of very many of his dear servants in all branches of the church, to whom I feel forever grateful.

News of Him.
A sharper is working successfully a number of the western towns. His mode of procedure, says an exchange, is to visit a furniture store, first telling a story of being newly married, and select a supply of furniture, sometimes valued at \$100 worth, retaining the bill, stating his intention of returning shortly to settle, and asks to be directed to a jeweler, piano dealer or hardware merchant. The first place he visits after making the first purchase, he will be the same sale, shows the bill of his first investment, and requests the location of another place of business he is in search of. He shows no coin of the realm with which to pay his substantial bill, and does not ask the delivery of the goods. After making a tour, he returns to one of the stores where he thinks he can pull the proprietor. A tale of money in the bank does duty but as the banks are closed he is willing to pay in cheques. In making out the cheque he suddenly displays a small sum of money and after counting it, remarks he is short of enough to meet incidental expenses, and pleads with the merchant to advance him \$10 or \$15 which he will include in the cheque before him. If the merchant is foolish enough to accede to his request he is just out the amount for an afterwards transparently false cheque, the account whatever it may be to do with him. He has the satisfaction of doing business and still retaining possession of the goods. The sharper is fairly well dressed and of an undeniable Hebrides appearance. He signs the cheque as Wm. McKay.

NASSAWAYEA.
The annual meeting of the Nassawayea Association was held in the Nassawayea Hotel on Monday evening last under the auspices of the Fire Brigade. The hall was crowded with the members of the Nassawayea Association, and the meeting was very successful. The speakers were very complimentary, and of superior quality. The sudden change in the weather has put quite a different look on the crops. The frost on Sunday evening has damaged the fruit crop, and some of the past year's very sympathetic, and of superior quality.

ASHGROVE.
The song service on Sunday afternoon was enjoyed and we will have more of them. The singing of the work done by Mr. Hugh Smith with his new combly shuttle loom, is bringing him many customers. He is able to weave considerably over twenty yards per day, but still cannot keep up with the rush.

The Hons of Temperance will hold an open meeting on Friday evening and an enjoyable time is expected. Good talent has been engaged from Milton, Georgetown and other places. Members of the division will render choice music and the programme will close with a short farce, entitled, "The Humors of the Strick." Three candidates were initiated on Friday evening.

RUCKWOOD.
Mr. John Humpcock has gone to Toronto where his business is to give his orders. Friends wish him success in his new line.

St. John's congregation are very well pleased with Rev. Mr. Gordon's new pastor.
Mr. John Gibson, agent for the Grand Cycle, has been forced by pressing orders to go to Bradford to give his orders for the grand demand for the wheels at present. Those who are forced to do without their wheels can afford to be assured that when the wheels arrive they will be worth having.

The directors of the Franchise Agricultural Society are improving the race track in the exhibition grounds, and it will be in good condition for the annual exhibition. The next improvement should be a cinder path for the bicyclists.

The cold snap we have had was as strange as the hot weather of last week.
Mrs. T. West is spending a few weeks with her friends.

Mr. M. P. Barry has returned from Montreal where he had been attending the funeral of the late Judge Barry.

MILTON.
Mr. J. B. Brown, P. M. has been elected High Constable of the Metcalfe and Bay Street School. He was presented the other evening by the Bible Class, of which he was for eight years the teacher, with a complimentary address and a very handsome table.

Division Council will be held next Friday.
Natives and old time residents of the Zimmerman neighborhood will hold a reunion at the old school house, Zimmerman, on Dominion Day.

Pte. Robeson, of the 57th Batts, formerly of the 30th, will be a member of the Bibles team this year and come to England to enter the competition.

V. P. B. CONVENTION.

First Convention Under the Authority of Quorum Presbytery.

The first Christian Endeavor Convention under the authority of the Presbytery of Quorum, was held in Hillsburgh, on Tuesday, 7th May, and was a most successful one, both in respect to the amount of money raised and the manner in which the subject appointed for consideration were presented by the different speakers, and afterwards discussed by the representatives in attendance in order to carry out the programme, very wisely in connection with congregations in the bounds were represented; in some cases several delegates having come.

The Rev. Dr. Dickson presided at the formal opening of the convention, and the Rev. H. Macdonald, R. A., pastor of the church in which the meetings were held, in the evening, and both discharged their duties in a pleasant manner, and contributed to the interest of the proceedings. In the morning, the Rev. Dr. Dickson, in his address, the subject of "Mission Bands," how fostered and developed, in a paper, full of wise suggestions and remarks. In the afternoon Mr. Mullan took up the subject "What shall I do for my own church?" Mr. Atkinson, "The relation of the pastor to the Society." Mr. Glasford, "What more can we do for our associate members?" Mr. McLaren and Mr. Smith, followed by Mr. McIntosh, "The Christian Endeavor Society."

The General Assembly: At the evening meeting "The Possibilities of the Society" was introduced by Mr. Rice. Reports as sent in were read in condensed and classified form, and the following address was given by Dr. Dickson.
The different speakers presented the subjects assigned them in an able manner, keeping up the attention of the hearers. All looking to the benefit of the Society, their deep interest in the points raised. The meetings throughout were most successful, and an application will be made to the Presbytery to appoint a similar convention next year. A proposal was made which is under consideration, that the Society in the bounds to unite in supporting a foreign missionary for a term of years.
Great credit is due to those in Hillsburgh having charge of the arrangements for the reception of delegates for the hospitality extended to them.

GEORGETOWN.
The Georgetown High School team played a friendly game with the Collingwood Club at Georgetown on Monday night. They had been on for about ten minutes when they stopped for the rain, which however, did not stop the game, as play was resumed after the rain had stopped on a very muddy ground. The Collingwood team was victorious, but the Georgetown team did very well, and the game was a most interesting one. The Collingwood team was composed of the following players: Fred, John, George, Harry, and Tom. The Georgetown team was composed of the following players: John, Harry, Tom, and George.

The next meeting of the Pharmaceutical Association of N. T. district will be held here.
The bulk of the accounts passed at last meeting of the Council were for water works and streets.
