The Young Folks.

COUNTING THE CHICKENS.

ANNIE HAMILTON DONNEL.

"One, two, three," counted Tessie,
"Seven, twelve eggs in a heap.
Twelve little fluffy-down chickens
All of 'em, to keep!

"But I 'spect I'd better be gen'rous,
So I'll give, as sure's can be,
The black ones to mamma, the white to Joe,
The freckled ones belong to me!"

Three patient weeks for Biddy,
Three long weeks for Bess,
And then, the end of the waiting
Who in the world can guess?

Downy and warm in the nest
Chirping for supper quick,
Dear little Bessie discovered,
Just one little freckled chick!

WEARS AN ALUMINUM EAR.

We have hail people with glass eyes, porcelain teeth and artificial whiskers, and now along comes a man with an aluminum ear. He is sixty-three years of age and was admitted into the Queen's Hospital, at Birmingham, England, in April, 1894, with an epithelioma of the left auricle.

The greater part of the diseased ear was cut off by the attending surgeon and a plaster-of-paris cast was taken of the left side of the head. Then an artificial ear was built up in wax to match the healthy one on the opposite side. This bogus ear was then made in vulcanite and aluminum, tinted and enamelled to harmonize with the complexion. No artificial contrivance, such as a spectacle frame, was made use of to support the aluminum ear, and adhesion to the head was effected by means of a saturated solution of mastic in absolute alcohol.

The man now can hear as well as ever, but he takes care to sleep on his right side at night so as not to break of his new ear.

At the same time he has no fear of having it frost-bitten, and he is probably the only man alive who could even partly comply with the request of Marc Antony: "Lend me your ear."

HELP YOURSELF.

Fight your own battles, hoe your own row. Ask no favor of anyone and you will succed a thousand times better than one who is always beseeching some one's influence and patronage. No one will ever help you as you help yourself, because no one will be so heartily interested in your affairs. The first step will be perhaps a long one, but carving your own way up the mountain you make each one lead to another, and stand firm while you chop out still another. Men who have made fortunes are not those who have had $6,000 or $10,000 given them to start with, but boys who have started fair with a well-earned dollar and you then know who it belongs to and who earned it.

DONE IT.

The most popular man in a Western American town once got into a difficulty with a disreputable rough who was the terror of the place, and whipped him in a manner eminently satisfactory to the entire community. It was necessary to vindicate the majesty of the law, however, and the offender was brought up for trial on a charge of assault with intent to kill. The jury took the case, and where out about two minutes when they returned.

"Well," said the judge, in a familiar, off-handed way, "what does the jury have to say?"

"May it please the court," responded the foreman, "we, the jury, find that the prisoner is not guilty of hittin' with intent to kill, but simply to paralyze, and he done it."

IN GREAT DANGER

A medical physician tells the following story of his early struggles in his profession:

"I insinuated to a reverend friend how advantageous it would be to me if he would notice my being called occasionally out of church, and he did. Dr. Groegrain, my chief competitor, also insisted on receiving clerical attention. The next Sunday a page-boy came running into the building, and whispered to my opponent, who left immediately. The pastor who was about to begin his sermon, hesitated, and then said:

"Brethern, let us pray for a sick man who is in great danger. Dr Groegrain has been called to see him."

This settled the doctor and left the field to me.

HOW TO SAVE BOYS

Open your blinds by day and light lights here by night. Illuminate your rooms. Hang pictures upon your walls. Put books and newspapers upon your tables. Have music and entertaining games. Banish demons of dullness and apathy, bring in mirth and good cheer. Invent occupations for your sons. Stimulate their ambitions in worthy directions. While you make home their delight, fill them with higher purposes than mere pleasure. Whether they shall pass boyhood and enter upon manhood with refined tastes and noble ambitions depends on you. With exertion and right means a mother may have more influence over the destiny of her boys than any other influence whatever. *Appleton's Journal*

GREATNESS THRUST UPON HIM

School Visitor.—"Now then, boy number one, who wrote "Macbeth"?

Boy Numbr One (trembling violently) "Please, sir, I didn't."

School Visitor "I know you didn't, but who did?"

Boy Number One (with a spasm of virtue) "Please, sir, I don't wanter be a tell tale, but it was Bob Bustuer, over in de corner-seat. I seed him a doin' of it."

SLIGHTLY TOO FERVENT

Tommy "What do you think I have in this locket, dearest? The postage stamp on your last letter. It has been touched by your lips. It often touches mine." Maggie "Oh, Tommy, I'm so sorry I mentioned that horrid postage stamp on Rover's dear, damp nose."

Neither the intellectual nor the moral character of any person stands stock still; a man improves or he declines.

A joyful spirit and a cheerful countenance shed happiness all around, while sadness and gloom create a dismal melancholy wherever they are.

We seldom repent of talking too little, but very often of talking too much. This is a common and trivial maxim which everybody knows and but few practice.

It is a fair-handed noble adjustment of things that, while there is infection in disease and sorrow, there is nothing in the world so irresistibly contagious as laughter and good humor.

To Make Pure Blood.

There is no medicine before the people equal to Hood's Sarsaparilla. It is the standard spring medicine and blood purifier and it possesses peculiar merit which others try in vain to reach. It really makes the weak strong. Do not neglect to purify your blood this spring. Take Hood's Sarsaparilla now.

Hood's Pills become the favorite cathartic with every one who tries them. 25c. per box.

Positive good is the best means of curing negative evil. When we are deliberately planning to increase the happiness of others and to further their welfare, we are not likely to injure them by thoughtless actions.

Tell the Deaf.—Mr. J. F. Kellock, Druggist, Perth, writes: "A customer of mine having been cured of deafness by the use of Dr. Thomas' Eclectric Oil, wrote to Ireland, telling his friends there of the cure. In consequence I received an order to send half a dozen by express to Wexford, Ireland, this week."

If wrinkles must be written on our brows let them not be written upon our hearts. The spirit should never grow old.

Mrs. Celeste Coon, Syracuse, N. Y., writes: "For years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Parmelee's Pills according to directions under the head of "Dyspepsia or Indigestion." One box entirely cured me. I can now eat anything I choose, without distressing me in the least." These Pills do not cause pain or griping, and should be used when a cathartic is required.

The virtues made of necessity always appear as if the material could not have been very abundant.

Burdock Pills, small, safe and sure regulate the liver and cure Constipation.

There are more men who have missed opportunities than who have lacked opportunities.

There are so many cough medicines in the market, that it is sometimes difficult to tell which to buy, but if we had a cough, a cold or any affliction of the throat or lungs, we would try Bickle's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it as it is as pleasant as syrup.

Live as long as you may, the first twenty years are the longest half of your life.

Handsome Features.

Sometimes unsightly blotches, pimples or sallow opaque skin, destroys the attractiveness of handsome features. In all such cases Scott's Emulsion will build up the system and impart freshness and beauty.

The same refinement which brings us new pleasures, exposes us to new pains.—Bulwer.

An Aid To Beauty.

Persons troubled with any of those skin diseases which often mar the finest complexions and disfigure the most comely features, such as pimples, blotches, tubercles, etc., generally indulge in many experiments before finding anything to suit their particular case, and we have known many to give up the attempt to permanently cure the annoying trouble. In looking over the many preparations for beautifying and clearing the complexion, in the drug stores, we are informed by Mr Kennawin that there is nothing better for this purpose, nor has there in his experience been any treatment equal to the use of Eneljey's Liver Lozenges. Their constant use, one or two after every meal, seems to purify the blood and build up the whole system. They are sold at 25c. a box or 5 boxes for $1 00."

No man or woman of the humblest sort can really be strong, pure and good without the world being the better for it, without somebody being helped and comforted by the very existence of this goodness.

"A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct, solidify, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion or dyspepsia.

In the Illinois Legislature the other day a resolution was introduced requesting the daughters of Illinois not to adopt the hand in marriage of any person not a citizen of the United States.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir. The very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient, what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grevious ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance. The result, improved appetite. Northrop and Lyman, of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gaged by the opinions of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

ALMOST CRAZY.

SUFFERING FROM CONSTIPATION

Expected to be in the Asylum. After all other Remedies Failed B.B.B. made a Perfect Cure. Restoring Robust Health.

Gentlemen,—To say all I ought to in favor of B.B.B. would be impossible. It has been a great health restorer to me and I do swear by it. I am a different man now to what I was ten years ago when it was expected I would be in the asylum, but now I am in perfect robust health and it was the B.B.B. that did it. I suffered for five or six years from constipation sometimes so severely that I went out of my mind. I tried various doctors, both in the country and in the city, and took medicines too numerous to name, but every thing failed to have the desired effect. When I used Burdock Blood Bitters, however, it succeeded beyond all expectations, requiring only two bottles to cure me. To make it still more certain that B.B.B. is the real cure for constipation, I may say that some two years after ward I felt the symptoms returning and took one bottle more, and from that time to this present day (over eight years) I have never had any return of the disease. I never knew any medicine to work so well. It does not seem to be a mere reliever but a sure and certain cure, as I can certify to, for hundreds of dollars' worth of medicine and advice failed to do me any good, but three dollars' worth of B.B.B. made a permanent cure that has given me years of health and comforts. Yours truly,

Toronto. C. L. Kerans.

Morgan (going through a jail): "I must say I don't believe in solitary confinement. It must be simply terrible." Warden: "Oh, I don't know. Look at that fellow in cell 79; he has been here for twelve years and he does not seem to mind it a particle." Morgan: "Very strange." Warden (frankly): "No, not at very strange. He was formerly a clerk in a store that never advertised."

CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to all his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe in German, French or English with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. Noyes, 280 Powers' Block, Rochester, N. Y.

An Old Lady of over 80 Years.

HER RIGHT SIDE WAS BADLY PARALYZED.

Her Sufferings Were Such That She Wished to Die.

PAINE'S CELERY COMPOUND SAVED HER LIFE AND RENEWED HER STRENGTH.

THE BEST MEDICINE FOR THE OLD AND THE YOUNG.

It is now an established fact that our dear fathers and mothers and our grandparents can have their lives prolonged, and their years made joyous and happy by the use of Paine's Celery Compound.

Many old people suffer from nerve troubles, rheumatism, kidney and liver complaint, sleeplessness, and terrible paralysis. With such dangerous diseases clinging to them, they are liable to drop off at any moment.

If we are truly and honestly interested in the welfare of the old people, we will anxiously seek to use the agency that will best meet their trouble. In the past, thousands of our aged people have been rescued from death by Paine's Celery Compound, and are now enjoying a happy old age. Every week now testimony is received from old people, as well as from their friends and relations, lauding the strengthening and rejuvenating powers of earth's best medicine.

Mrs. James Cain, of Perott Settlement, N. S., now in her eighty-first year, has just sent in convincing and cheering testimony regarding the value of Paine's Celery Compound, she writes as follows:

"I am happy to state that Paine's Celery Compound has been a great blessing to me. In November, 1893, the whole of my right side was paralyzed, and the doctor said I was too weak to take much medicine, I managed however, to use a little, and was able to sit up for a short time, but felt so bad, that I wished to die, as I thought death would be a great relief to me. In my weak condition I began using Paine's Celery Compound. The first bottle gave me relief. I continued to use the Compound, and I gained health, strength and flesh and my friends say I look quite healthy. Although in my eighty-first year my limbs are getting stronger, and I hope soon to be quite myself again.

I would advise all who are suffering from paralysis and other troubles to use Paine's Celery Compound and the Wells' English Pills that accompany the compound, and if properly used, they will surely cure."
