NOTES AND COMMENTS.

In his speech at the opening of Parliament the Governor of Queensland suggests that Great Britain, Canada and Queensland join in laying the Pacific cable if the other colonies hesitate.

The British exports to Canada increased four per cent in May, and increased seven per cent for the five months. The imports into Great Britain from Canada increased seven and eight per cent, in the same periods.

Mr. W. F. Macdonald moved in the House in connection with the Toronto, Hamilton & Buffalo Railway bill that a two-cent a mile passenger rate be inserted in the bill. The motion was ruled out of order, but will stand as a notice of motion.

The Dominion Customs Department has decided to permit tourists to bring their bicycles free into Canada, requiring them to give an affidavit that they are not for sale, and will be taken out of the country.

Lord Salisbury has definitely undertaken the task of forming a ministry, and has announced several Cabinet appointments, including that of Mr. Chamberlain as Colonial Secretary, and that of Sir Michael Balcanquhall as Chancellor of the Exchequer.

No fewer than 1,539 estates are to be sold at auction this month by the State Bank of Ontario, which has foreclosed the mortgages. They nearly all belong to nobles who are hopelessly involved, in a few cases through a succession of bad harvests, but generally through extravagance and neglect.

The London *Morning Post*, this week, reviewing editorially the Manitoba school question, said that Lord Macleod had given his decision there remains no obstacle to Parliamentary debate, and it may be inferred the Canadian Government will go to the country on the question, provided they fail to carry the legislation advised by the Governor-General in Council.

The people of this country are rapidly getting to know that they are more generally utilizing the stations provided for the safe keeping and enhancement of their savings. In 1917 the deposits of the Canadian people in chartered banks were \$15.48 per head, in 1921 they had risen to \$25.40, in 1927 the deposits in savings banks were \$2.90 per head, in 1931, \$5.44, in 1932, \$10.12, while in 1933 they were \$11.02 per head.

It is learned that the new Loan Bill passed by the Newfoundland Legislature is all right. It was framed in and telegraphed from England. It is modelled in conformity with the English law, known as the Colonial Loans Act. This act provides that colonies raising loans in England shall appoint an agent there, who registers certificates for such amounts as are received, issuing such certificates as loaned stock, which is equivalent to debenture bonds.

The Newfoundland Assembly has introduced a bill extending the French shore and inland waters. The British Government still insists on a permanent treaty. The French warship La Clouetier and H.M.S. Clouetier are on hand to see the act enforced. On Saturday the Whitehall Government expounded from the journals of the Assembly all the records of conviction against the seventeen Whitehall members who were ousted in consequence of their trials.

There is a certain relief in knowing that the 18 Thomas murderers confessed their crime before being hanged. It will remove an argument from the philanthropist who object to inflicting the death penalty on circumstantial evidence. Under the same worthy persons are able to maintain, by other means, the safety of society and provide the necessary good accommodation for unhanged murderers, the country will no doubt continue to do all in its power with the existing system to protect itself and its fair reputation.

HOBBYBY REBORN

The Queen Requests Ballot Form a Government

London, June 24.—It is officially announced that the Hobbyby Government will resign. Lord Salisbury has been summoned by the Queen to form a Ministry, and his cabinet will proceed with the routine business of the House, obtain personal supplies, and then dissolve Parliament.

The court circular contains the following: "The Earl of Hobbyby, First Lord of the Treasury, and President of the Council, arrived at Windsor Castle, Saturday, and tendered his resignation to her Majesty, by whom it was accepted."

The second meeting of the Cabinet Saturday morning began at 10 o'clock and lasted until 12. The meeting was held to decide whether the Government should resign or dissolve Parliament. It was decided to resign.

After dinner at Windsor Castle Saturday night Lord Hobbyby gave a private audience with the Queen, and was consulted as to her decision arrived at by the Government. The length of the Cabinet's deliberations was due to the attitude of Herbert Asquith, the Home Secretary, and Herbert Asquith, the Secretary for Ireland, who strongly opposed any step involving either resignation or dissolution. They argued that, in view of the stage of the debate on the Welsh disestablishment and Irish land bills, the Government ought to pass both into law.

All the Ministers, with the exception of Premier Hobbyby, remained in town over Sunday.

After four days' interruption, navigation was resumed in the Cornwall canal on Sunday. The steamer *Orms* left for Montreal, after being repaired.

CHRISTIAN YOUNG PEOPLE

Third Annual Convention of Hallow's Christian Endeavor Union.

The annual convention of Hallow's Christian Endeavor Union of the various churches was held in Oakville last Thursday and Friday. In many respects it was one of the most successful gatherings of the kind ever held in the county. In one particular it was certainly unique. Of the twenty-six persons whose names appeared upon the programme to take part they were all present with a single exception.

This contributed much to the success of the proceedings and rendered the duties of the hostesses comparatively very light indeed. The visit to Oakville was thoroughly enjoyed by the delegates. The lakeside town is noted far and wide for its beauty of situation and environment; for the large-hearted hospitality of its citizens, and for the strength of its young people's societies. The hospitality was found to be unbounded; the beauties natural and contributed, fully sustained, and many young people gazed with enthusiasm in the work of their societies were on hand to render their quota toward success.

Delegates were present from all parts of the county, but of course the representation was larger from the lower portion. The following were representatives:

Acton—Rev. J. W. Har, Mr. and Mrs. H. P. Moore.
Georgetown—R. D. Warren.
Hallow's—Rev. C. T. Tough, Misses Silb, Rev. J. T. Marshall, Messrs. J. Howes, S. H. Craig, Sinclair, Lucy M. Smith, I. M. Wright, Misses Mary H. Anderson, L. J. Will there be a Compromise in the Manitoba School Question?

OTTAWA, June 26.—It is thought in some quarters here that there is a possibility of a compromise in the Manitoba school question being solved without the interference of Parliament. The Minister of Public Works, speaking for the Roman Catholics, held out the olive branch and it was accepted by Mr. J. M. Martin, the author of the Manitoba School Act of 1900. It is a fair presumption that Mr. Martin would have taken this important step without the consent of his leader, Mr. Laurier. What many would like to see follow is a friendly conference between the leaders on both sides of politics and a basis of agreement reached by which this troublesome question may forever be removed from the political arena.

LEADING BACK TO PROGRESSIVE. The bill of which Mr. Gray has given notice provides that no race track in Canada shall be leased by any foreign racing association for more than six days. Betting and pool-selling are illegal, in sum of the States of the Union, with the result that the operations of the racing industry are being greatly curtailed. It is reported that one track in Ontario has been leased for 60 days by an American Association, implying the influx of certain elements in the community which is generally regarded as a race track. Mr. Gray is anxious, therefore, to limit the residence in Canada of this class of citizen by restricting the duration of the racing.
