The arbitration regarding disputed Dominion and Provincial accounts will be resumed at Montreal on September 5th.

The return issued by the British Board of Trade for June shows that the imports increased £30,000 and the exports £110,000 as compared with those for June last year.

A meeting of the Privy Council, of England, attended by Lord Salisbury, Premier, Lord Haldane, Lord High Chancellor, and the Right Hon. A. Asquith, was held at Windsor, Monday, when the Queen signed the proclamation dissolving Parliament.

A statement has been made that the deal between the Toronto, Hamilton and Buffalo Railway Company and the C.P.R. will be consummated during next week, by which the C.P.R. will operate the line between Toronto and Hamilton, and have connections with the Vanderbilt system for the remaining portion of the road.

It is said that large quantities of American silver are again coming into Canada at the border towns, and thence into general circulation. American silver at the border is only worth 60 cents on the dollar. Yet it passes muster, and is taken by merchants and used generally. It will not pass in England, nor on the continent of Europe, save as a large hoard, and our Canadian silver will not be received at par with our American neighbors.

The British Free Trade League, with reports from all portions of the Empire, and Canada, says that all States east of the Mississippi and north of the Ohio will not produce 50 per cent. of an average crop, in the provinces of Quebec and Eastern Ontario industries, and the French Ministry has a short yield, and that country has buyers in Canada now, and will divert the supply which would naturally go to the United States to that country.

The British League of London has issued a manifesto declaring that the depression in trade is due to the fall in price. It says it is also noticeable that the transference of productive industry from gold to silver standard countries is meeting many of the chief manufacturers here, yet Great Britain alone blocks the way to any international attempt to re-monetize silver. The manifesto asks the dealers to give monetary reform the foremost place when they are deciding how to vote.

Canada gets a large share of the benefit from Britain's naval strength, with the peace and protection which that strength insures to our commerce. Canada gets the benefit of the diplomatic services of Britain. Canada has used British consuls in every quarter of the globe. Canadians have the respect and guarantee which British consular officers everywhere ensure to return for all that. It may be sleep through to let the Government's ordinary show. We don't pay anything else.

The Ontario Loan is an extraordinary work for Ontario for the Province, to cost \$1500, and says that some of the taxpayers of that town oppose it on account of the expense. Milton and Thompson both revealed a sewerworks within the last few years, and spent a great deal more than \$1500 each in getting them. They now have abundance of the best of water, not only for fire protection, but for general purposes, and it is doubtful whether a single taxpayer can be found in either town who will say that the money was badly invested.—Milton Chronicle.

Since the United States prohibited as usual and proper immigration, the British American Republics have been the ground for the refuge of Europe. These countries relieving the situation, are now following Uncle Sam's example, and are securing themselves out all who cannot show that they are of their own country and without assistance of individuals or firms. It is noticeable that since the strict enforcement of the law in the United States, a better class of immigrants have arrived, and nearly all of them are with sufficient means to purchase homes, which is the best class of settlers for any country.

The following new companies have been incorporated under the Ontario statutes: The Cheese Friebs Ltd. (capital, \$2,000); The Metropolitan School of Music of Toronto, capital, \$1,000; the Wallaceburg Flax Company, capital, \$10,000; the Hoop Norway Iron and Steel Company, capital, \$50,000; the Light, Heat and Power Company of Lindsay, capital, \$70,000; the Haggly Harrison Publishing Company, of Brantford, capital, \$25,000; the Toronto Dressing and Contracting Company, capital, \$50,000; the Home Journal Publishing Company of Toronto, capital, \$50,000. The capital stock of the Wallace Brewery Company of Toronto is increased from \$250,000 to \$500,000, and of the Toronto Lock Company from \$25,000 to \$125,000.

### NO REMEDIAL BILL NOW.

This Announcement is Accompanied with the Resignation of the Quebec Ministers.

### A CRISIS AT THE CAPITAL.

Ottawa, July 10. Mr. Foster made the long expected announcement of the Government's policy in regard to the remedial order in the House on Monday afternoon. Matters looked serious before this statement but they have since advanced the form of a crisis. It is reported that in consequence of the Government's postponement of legislation in a special session to be called in January, Messrs. Ouellet, Angers and Sir Adolphe Caron have resigned. There is excitement in all quarters and the position is felt to be a critical one.

### THE FOLLOWING IS THE STATEMENT MADE BY MR. FOSTER:

The following is the statement made by Mr. Foster:—

The Government has had under its consideration the reply of the Manitoba Legislature to the remedial order of the 21st March, 1905, and, after careful deliberation, has arrived at the following conclusion:—

Though there may be sufficient grounds of opinion as to the exact meaning of the reply in question, the Government believes that it may be interpreted to holding out some hope of an amicable settlement of the question.

On the basis of possible action by the Manitoba Government and Legislature, and the Dominion Government is most unwilling to take any action which can be interpreted as formalizing a precedent of a doubtful nature.

The Government has also discovered the difficulties to be met with in preparing and perfecting legislation on this subject.

It is not without regret that a question during the hours of the present session. A communication will be sent immediately to the Manitoba Government on the subject, with a view to ascertaining whether the Government is disposed to make a settlement of the question which will be reasonably satisfactory to the minority of that Province, without making it necessary to call into requisition the powers of the Dominion Parliament.

A session of the present Parliament will be called together, to meet not later than the first Thursday of January next. If by that time the Manitoba Government fails to make a satisfactory arrangement to remedy the grievances of the minority, the Dominion Government will be prepared at the next session of Parliament, to be called as above stated, to introduce and press to a conclusion such legislation as will afford an adequate measure of relief to the minority.

The announcement of the policy of the Government on the Manitoba question, the resignation of the three Ministers from Quebec, Sir Adolphe Caron, Mr. Ouellet and Mr. Angers, charged the air with political excitement. It was supposed that the Government, who was summoned from Quebec, and in the afternoon the three French Ministers also talked over the situation with Lord Aberdeen.

It is without doubt the desire of His Majesty's Government to bring about a settlement of the matter, but so far his efforts have not been successful.

When the House adjourned last night it was learned that the crisis was over, and that the Government had accepted the terms of the remedial order, and that the three French Ministers had resigned.

It is reported that the Government has accepted the terms of the remedial order, and that the three French Ministers have resigned.

### A STORY FOR MOTHERS.

WHICH MAY SAVE THE LIVES OF THEIR DAUGHTERS.

A young lady at Morrisville, New Brunswick, who was brought about by Allom's Peppermint Cure for Croup, Cough, and Whooping Cough, is now happily recovered.

From the Ottawa Citizen.

Perhaps there are no healthier people on the continent of America to-day than the residents of the picturesque village of Morrisville, situated on the Hudson river, and the reason is not so much in its salubrious climate as in the wise precaution taken by its inhabitants in warding off disease by the use of a simple and effective remedy.

The greatest favorite is Dr. Williams' Pink Pills, and many are the testimonials in regard to their virtues. Your correspondent on Monday last called at the residence of Mr. J. E. Eaton, and interviewed their daughter, Miss Letitia Eaton, a handsome young lady of 20 years, who is known to have been very low and is now restored to health by the use of Dr. Williams' Pink Pills, and is now a healthy and happy young woman.
