—The new firm of A. E. Gurney & Co. opened a new and attractive stock of dry goods, gentlemen's furnishings and groceries, in the store recently occupied by Kelly's music emporium, on Saturday. Their advent was characterized with gratifying success and the enterprising young firm is in a fair way of doing a good share of business.

—An interesting match of blue rocks between the gun clubs of Acton and Milton was held on the range of the latter club on Saturday afternoon. Acton won by several points. The teams were composed as follows:—Acton—T. J. Moore, C. C. Speight, W. Jeans, W. Stark and J. J. Pearson. Milton—Freeman, Campbell, Tuplan, Somerville, and Rodler. The Acton men speak highly of the courteous treatment they received at the hands of the Milton club.

THE NEWS AT HOME.

Montly of a Local Character, and Every Item Interesting.

C. P. R. Wreck at Guelph.

About midnight last Friday a shunting C. P. R. engine, while shunting cars for Selly Bros. cream, broke through the trestle work near Goldie's Mills. The engine and tender kept gradually sinking from 12 p. m. until about 4 next morning, when it keeled over and fell on its side, partly in the river and partly on the bank, twenty feet below the level of the rails. A wrecking gang took several days to repair the break.

Harvest Festival Service.

The annual Harvest Festival service in connection with St. Alban's Church will be held on Friday evening of this week at 7.30 o'clock. The Rev. Dr. Sweeny, of Toronto, will be the preacher. The church will be very prettily decorated and the music exceedingly good. The offertory will be a special thank offering toward the new debt on the parsonage. The harvest services will be continued next Sunday. There will also be special offertory at the Sunday services.

A Halton Man Killed at Hamilton.

Last week the FREE PRESS referred to the untimely death of Mr. John B. Burns, formerly of Acton, on the H. & D. R. R. there. Saturday's papers gave the news of the death of James Owen, of Oakville, who was run over at the King street station the night before. An inquest was held at the City Hospital. The spectators of the affair say it was purely accidental and every effort was made to save the man's life. His leg was crushed and death followed after amputation at the Hospital. *Labor Day.*

Labor Day is a statutory holiday. It was instituted on behalf of the Labor Union, but the laboring classes do not as a rule desire it. Labor Day is the least regarded of all the holidays in the year, and many think there were plenty without it. Though a statutory holiday its observance is purely voluntary, and while government offices generally were closed throughout the Dominion, business men and others did not as a rule close their places of business. The Public School here was closed except in the first department.

Church Chimes of the Week.

Rev. J. K. Godden preached in Guelph on Sunday occupying the pulpit of St. James' Church in the morning and of St. George in the evening. Ex Mayor Dice, Lay reader, of Milton, conducted the service in St. Albans in the pastor's absence.

Rev. W. Bryers preached in the Methodist Church on Sunday morning and in Knox Church in the evening. Rev. J. W. Rae preached an eloquent and very impressive sermon in the Methodist Church on Sunday evening. Rev. R. J. McIntyre will preach next Sunday in the Methodist Church morning and evening.

Important to all Concerned.

At this time of the year there seems to be such a temptation among some people to deceive the purchaser in the fruit line that we deem it advisable to quote a clause from the statute of 1895. Every person who shall knowingly and with intent to defraud, so place or arrange apples, pears, plums, peaches, nectarines, cherries, apricots, grapes, or berries of any description whatever, in any box, crate, barrel bag, basket or other article, as to conceal defects in size or quality in any portion of such fruit by covering the same with fruit of larger size, or better quality or otherwise shall be liable on summary conviction, therefor, to the penalty of not less than $1 nor more than $5 and costs."

Acton Electric Light Company.

Negotiations have been finally consummated for the location and operation of an electric light plant in Acton. Mr. Thomas Ebbage, with commendable enterprise, has, in partnership with his son, Mr. W. H. Ebbage of Butte City, Montana, gone into the matter and arrangements are already under way. A first class electric outfit for arc and incandescent lighting will be put in by the National Electric Co. and contracts have been let for a new 60 h.p. engine and 80 h.p. boiler. A brick power house 20x30 will be erected on Mr. Ebbage's property, corner Willow St. and West Bower Avenue. Work will be proceeded with this week and in all probability the plant will be in operation about the middle of October. Our citizens will give Mr. Ebbage every encouragement in this matter.

The Close Season for Game.

Hon. Mr. Gibson, Provincial Secretary, has favored the FREE PRESS with a copy of a pamphlet, just issued, containing the Ontario game laws for 1895. The close season for deer is from November 15 to November 1, 1896, and no moose, caribou, elk, or reindeer shall be hunted before October 1st 1900. Hounds found running deer in the close season may be killed by any person on sight. Not more than two deer shall be taken in one season by one person. The close season for all game birds except quail, wild turkeys, and ducks is from December 15 to September 15. Quail and wild turkeys cannot be killed between December 15 and October 15, nor ducks of all kinds between December 15 and September 1. Wild turkeys cannot be killed before Oct. 1st, 1897, nor can prairie fowl or English or Mongolian pheasants before September 15, 1897. Snipe, woodcock or partridge must not be sold, exposed for sale or given away before September 1, 1897.

A Successful Lawn Social.

The agreeable weather and the delightful moonlight evening were among the influences which contributed to attract a large attendance at the lawn social given at the home of Mr. Thomas Somerville, Esquesing, on Monday evening. The Epworth League, of Acton, under whose auspices it was held, provided a large number of conveyances but the demand was greater than they could accommodate. Others were secured at the last moment but still a number who intended being present were disappointed. The grounds of Mr. Somerville were brilliantly illuminated with camp fires and Chinese lanterns and presented a very pretty aspect to the assembling guests. Acton Garnet Band discoursed an abundance of sweet music on the lawn and the Sunday School Orchestra delighted a large company in the parlor with their selections. The instrumental numbers with which Miss Laidlaw, of Georgetown, favored the audience were also much appreciated. A most pleasant social evening was spent and all felt that the hospitality of Mr. and Mrs. Somerville and family was cordial and dispensed with a view to ensuring the comfort and pleasure of every guest.

IVORINE MAKES DISCOLORED TEETH WHITE.

Ivorine, the new dentifrice, displaces all other preparations from use, because it does good work. Discoloration and rough acids are speedily removed and the teeth rendered white and highly polished. Ivorine is fragrant and refreshing, preservative to sound teeth and decay retarding. Ivorine removes tartar and discolorations and makes the teeth look beautifully white.

John Adams, grocer, is very low with consumption.

ROCKWOOD.

The annual harvest home [illegible] the grounds of the Methodist Church last evening was quite a success. The social side was fully developed while the literary and musical part of the programme was most enjoyable.

A number of our citizens attended Sells' circus in Guelph, last Friday, and were well satisfied with it.

The London freight which passed here a little after midnight, met with an accident near Rockwood, on Saturday. The train was just pulling out of the village when a horse belonging to David Matthews got in the way of the engine and was run over. The engine and the cars next it, which were heavily loaded, passed over the obstruction without leaving the rails, but an empty some distance back, jumped the track and took three others with it. The Stratford auxiliary got the road cleared by nine o'clock Sunday.

The annual harvest festival services will be held in St. John's Church, on Friday evening, 13th inst. Special offering towards painting the exterior of the church.

MILTON.

Mr. J. W. Elliott, has sent in his resignation as town solicitor. It is probable Mr. W. J. Dick will be successor.

The *Reformer* says the curfew by-law is most satisfactory. Not only are children of "11 and under" reminded that it is time to go home at the ringing of the Curfew, but grown up people are also reminded of the flight of time, and profit thereby.

The assizes next Tuesday at the Court House.
