Free Press reporters this week.

mills.

to-day.

Saturday, 5th October.

autumnal tints for 1895.

—Thomas Morton is again proprietor of  
the Palace Barber Shop, next Tuesday.

—Hold your face and beaming next  
Tuesday and Wednesday.

—Anton Exhibition—open to all next  
Tuesday and Wednesday.

—Mr. E. J. Vantier is relieving Agent  
Holmes at the G. V. B. station.

—The Pass Pass job department is  
crowded with orders at present.

—Short services were the order on  
Sunday. The mercury registered between  
80 and 90.

—The Brampton Courier is now  
published semi-weekly. It is a enterprise  
journal.

—Mr. Wm. Hemstreet secured second  
prize on his team of roadsters at Guelph  
exhibition last week.

—A number of our citizens have attended  
the Hunter and Croasley meetings at  
Geolph during this week.

—The biggest mangolds reported thus  
far this season have been grown by Mr.  
Robert Wallace. They measure 22 inches  
in circumference.

—The new sidewalk on Park Avenue  
from Mill Street to the park entrance will  
be appreciated by the public generally and  
the residents of Smith's survey in par-  
ticular.

—Mr. James Matthews has a great yield  
of white wax beans. The product of one  
stem was brought to this office Monday  
which had 117 pods averaging six beans to  
the pod.

—Mr. George Leslie, Erin, has a frank  
in his featherbed which is a common  
species which is at this autumn season  
industriously engaged in laying an egg  
every day.

—Friday, Saturday and Sunday were  
among the hottest September days on  
record. 92° was registered in the shade,  
and over again. It was a common  
feature in the Western States and the mercury  
dropped to 28°.

—Mr. R. B. Jermy has bought the  
stock of clothing of J. St. Lawrence, of  
Niagara Falls, amounting to \$215.00, at  
50 cents on the dollar. Mr. Jermy will  
remove to the Falls but will continue his  
business at Caletodons.

—Children's day will be observed to  
Knox Church Sunday next Sabbath.  
The Children's day service arranged by  
the General Assembly will be used. It is  
very interesting, includes responsive read-  
ings, frequent singing and several brief  
addresses to the children and young  
people.

—In conversation with Mr. Robertson,  
editor of the Hamilton Tribune, last week  
at Guelph he volunteered the information  
that his town had owned a Donald Steam  
Fire Engine for fifteen years and that  
there has scarcely been a year since the  
parade that it has not saved the cost over  
and over again. It was instrumental  
during the fire last week in saving one of  
the best 'locks' in town.

—A gambling den exists in town which  
should have the attention of the proper  
authorities. Gamblers from Georgetown  
Milton and other points frequent the place  
as well as local sports. A young man, who  
recently arrived in town, and who imagined  
he was smarter than he proved, was  
refused of \$50.00 one night last week.  
Cash was not particularly plentiful with  
him either. Similar instances are said to  
be frequent.

—Advertisements Wanted—Immediately  
Apply to Miss Armstrong, Dressmaker,  
Henderson's Block, Acton.

—Last Friday evening, a grey  
woolen shawl, on Mill or Main street, be-  
tween the Grand Trunk tracks. Finder  
will much oblige the owner by leaving it at  
the Pass Pass office or by bringing it to  
Walker Melness & Co., Georgetown,  
respectfully announce to the ladies of Acton,  
and vicinity that their Fall and Winter  
apparel of Latest Styles in Millinery,  
Mantles, and Hobby Dress Goods took place  
Tuesday, Sept. 25th, and will continue dur-  
ing the week. A cordial invitation is ex-  
tended to all to call and inspect.

**THE NEWS AT HOME.**

Mostly of a Local Character, and  
very interesting.

**Our Exhibition Next Week.**

Highly interesting to a big exhibition  
here next week, under the direction of  
Acton Horticultural and Agricultural  
Society, if good weather prevails. The  
prize list is the most attractive in the  
exhibition's history. Not only is the list  
of specialties unusually large, but considerable  
additions have been made to the ladies'  
work and horticultural departments, which  
will attract exhibitors. The directors  
have their several sections well in hand  
and with the supervision of the patron-  
ing officers this popular exhibition will no  
doubt this year excel its predecessors.

**Additional Farm Insurance.**

The directors of the Acton Horticultural and  
Agricultural Society are in the following seasonable  
fashion: "Take out some more fire insur-  
ance now that your farm buildings are  
crowded with the season's crops. A policy  
for a reasonable amount will cost you six  
months in addition to the insurance you  
carry regularly, will not cost much and in  
case of fire will partially reimburse you for  
the loss of the season's labor. We make  
this suggestion because we are aware of the  
great losses and expenses which the  
majority of farmers carry but a limited  
amount of insurance and seldom increase it  
during the fall season."

**Another Sen. and Corp.**

Inspector Reynolds of Oakville, was in  
town last week and shortly after his arrival  
the well-known blues papers, so much de-  
scribed in some quarters, were put into circu-  
lation. The papers were published at  
James P. Mullen, proprietor of the Com-  
mercial Hotel, was charged with violation  
of the license law, and invited the lovers of  
the ardent who had connived with the  
hotel man in said violation, to attend a  
lower level local Justice and give evidence  
as to the verity or otherwise of the charge.  
Mr. Mullen acknowledged that he had  
received the law, however, and paid the  
above fine and costs, and his patrons were  
consequently not required to present them-  
selves in Court. This is the second fine  
paid in a year.

**"Go Ye Into All the World, etc."**

At the annual meeting of the Women's  
Missionary Society the officers for the  
ensuing year were elected as follows:

President, Mrs. Thos. Easton, Vice-Presi-  
dents, Mrs. (Rev.) W. Bryers and Mrs.  
Johna Morrish; Corresponding Secretary,  
Mrs. H. P. Moore; Recording Secretary,  
Mrs. James Moore; Treasurer, Mrs.  
Anthony Stephenson; Executive, the  
officers and Mrs. James Brown, Mrs. A.  
Christie, Mrs. Jos. S. Coleman and  
Mrs. A. H. Brown. The past year has  
been a successful one financially with the  
Acton auxiliary. The total receipts were  
\$104.20, this, however, included three life  
memberships. The annual meeting of the  
Hamilton Auxiliary Branch will be held  
at St. Catherine's on Tuesday, Wednesday  
and Thursday. Mrs. Bryers will attend  
as the delegate from Acton.

**Fair Night Concert.**

A combination of talented artists will  
give the concert for the entertainment  
in the town hall at the close of the  
exhibition next Wednesday evening. The  
programme will be of a most diversified  
character. Miss Anna C. Lauder, honor  
graduate and medalist of the Hamilton  
Ladies College and Toronto Conservatory  
of Music, will sing a selection of numbers:  
Jim Fae, the well-known humorist, will  
render the latest character songs and  
songs in his inimitable manner. Green-  
leaf P. Kleiser, elocutionist and impersonator,  
will edify the audience with a variety of  
selections; the Shand Sisters, of London,  
and Mr. G. A. Matheson, of Hamilton, will  
give exhibition of Scottish dancing in  
costume. The programme is a worthy young man,  
Miss Fanny Lee, of Rockwood, has kindly  
consented to act as accompanist during the  
evening. The committee will no doubt be  
favored with a full house.

**Another Wedding at St. John's Church.**

The glove manufacturing centre of the  
United States at Gloversville and John-  
stown N. Y. and of Canada at Acton, have  
been responsible for numerous life partner-  
ships between Canadian young men and  
United States maidens and vice versa.  
The following from the Gloversville Standard  
gives particulars of the latest union:

"At the residence of Councillor George  
Johnson, 317 West Main street, Tuesday  
evening, 17th inst., his son, daughter,  
Ejra, was united in marriage to Samuel  
Laird. The knot was tied by the Rev. C. H.  
Merrill. There was a large number of  
friends present and the gifts were numer-  
ous and substantial. The happy couple  
left after midnight, amid a shower of  
ruses and slippers, for a two weeks' tour in  
Canada, the objective point being Acton. The  
bride is a most estimable young lady and  
the bridegroom is a worthy young man.  
They expect to make Johnstown their  
home."

**The Baptist Evangelistic Services.**

The special services held by the Baptist  
Church, now in its third week, are pro-  
ceeding in a most promising manner. The  
people who attend them are found to be  
too small to accommodate the people  
who desire to attend, and the town hall  
has been in use since Friday evening.  
Each evening it has been well filled and  
the best attention is given to the earnest  
and clear presentation of the truth by  
Rev. J. J. Whyte and O. G. Lauffer,  
pastor of the church. Miss Whyte has  
been present each evening since Thurs-  
day and plays skillfully the accompaniment  
to the hymns on her magnificent  
harp. She also sings with much symphony.  
It is hoped that the results of these meet-  
ings may be the sowing of spiritual life  
among the Christian people of the town,  
vicinity, and the awakening of many who  
have hitherto been thoughtless concerning  
religious affairs. The meetings will con-  
tinue in the town hall every evening this  
week and there will be three services on  
Sunday.

**We Can Well Afford Fire Protection.**

A few property owners, but very few  
indeed, are opposed to the passage of a  
law to provide Fire Protection for this  
municipality, on the ground that we can-  
not afford the expense. These citizens  
have surely not looked into our financial  
standing as compared with other munici-  
palities in the county. The annual report  
of the Hamilton Board of Industry of Ge-  
ology issued, gives the ratio of taxes per head  
of population for all purposes in the  
various towns in the county of Hamilton last  
year, as follows: Oakville, \$3.04; Geor-  
getown, \$1.72; Burlington, \$1.07; Acton, \$1.11.  
Indeed all the rural municipalities, except  
Nasagaweya, are in advance of Acton in  
the amount of taxes per head. Nelson tax-  
payers pay \$4.77; Trafalgar, \$4.00; Essex, \$2.10 and  
Nasagaweya, \$2.13. The average amount  
for towns throughout the province is \$2.30.  
We can well afford the expense of a  
first-class steam fire engine equipped  
with the by-law, and the payment  
for same will still leave us average below  
all the other towns of the county. Vote  
for the by-law.

They cheeks, laughing eyes, and teeth of  
pearly whiteness. Bright smiles with a  
background of teeth not supple of  
whiteness and purity—impossible. Beauty

Ivorine, the newest, best, and most frag-  
rant preparation for the teeth. Ivorine is  
no mere tooth-powder, refreshing. It  
purifies the mouth, which it renders sweet,
