BRETHREN FAREWELL.
Rev. Mr. MacKenzie's Farewell Sermon in Knox Church, on Tuesday Evening, April 22nd, 1906.
MANY KIND WORDS AT PARTING.
The farewell services launching the removal of Rev. J. W. Hill from the pastorate of Knox Church were occasions of much interest. The attendance on Sabbath, both morning and evening, was large; and the large number of congregations that would like to hear Mr. Hill again, being present. Many members of the congregation over which this faithful pastor has ministered for the past nine years were very visibly affected by the tender words of farewell so eloquently expressed.
The text of the morning discourse was Phil. 1: 27-28: "Only let your conversation be as it becometh the gospel of Christ; that whether I come and see you, or else I do not come, ye may know that I stand fast in one spirit, with one mind striving together for the faith of the gospel; and in nothing terrified." After an introduction describing the tender relations existing between the great apostle and his church in Philippi, which he called his "joy and crown," the speaker asked attention to three great exhortations in this wish of the apostle for his much loved church. 1. **Conversion.** This term, used but once in the apostle's epistle, is found in 1st Cor. 1: 2, 1, looks at the kingdom of Christ upon the earth, and is a call to religious statesmen, not to win a kingdom, but to guard an inheritance already possessed. "This kingdom which we possess includes for us, Our country, Canada, 'the land of the free and the home of the brave,' and an heirship in the glory of Great Britain; 2. Personal liberty; 3. An open Bible; 4. A Sabbath rest; 5. A church heritage; the stream of blessing from Christ, through the apostles, martyrs, the heroes of the reformation, including in its sweep all the good and true in the past—casts its gifts at our feet and calls upon us to be citizens thereof. It is the gospel of Christ. Christ has put one, kingdom, one great commonwealth of the redeemed upon earth. Your pastor is not going out of the kingdom, but in the thoughts of this lofty citizenship will still with you. The Frodo-teristic Church is not as Paul says of his church in Philippi, I repeat today to you: "I thank my God upon every remembrance of you," and especially for your noble attitude toward my translation to another land. Stand fast in one spirit, in one mind, striving together for the faith of the gospel, and in nothing terrified. In your aim, which is here called "The Faith of the Gospel," is our common citizenship, scripturally proclaimed, 3. Conversion. "In nothing terrified." The figure seems to be one borrowed from the race course, where the horse at the starting point sometimes springs aside or awheel. Keep watch over the soul from attacks from without. Various foes and forces antagonistic to the Christian were then referred to. A strong appeal was made to all to have the courage of their convictions, to be true to the gospel. Stand fast in one spirit, in one mind, striving together for the faith of the gospel, and in nothing terrified. The speaker then alluded to the fact that the victory is yours. Only let your citizenship be as it becometh the gospel. The evening subject was "The Right Hand of Fellowship," (Gal. 2: 9). Fellowship is an appropriate name for our common union, partnership, comradeship and intercourse, and its province is said to be in the gospel, with the Father and with the Son, in the mysteries of the gospel, in the ingathering of the Gentile world; in the suffering of Christ and in his death, as Christians meet together in the church of Christ. To this last use the word will be limited to night. The right hand of fellowship is one of the most beautiful symbols of Christian unity and love, such as has existed between past and present people for the last nine years. Beautifully manifested in the call and in the ordination services; continuously enjoyed in the fellowship which many questions usually very infelicitous have been settled with, and a discordant voice. The Gaelesic version, the use of the organ, the introduction of the hymns, the kind of wine to be used at the Sacrament. All these have been settled amicably, the session over being an absolute unit. The congregation and managers have ever shown the great deal of consideration toward the pastor; in the prompt payment of stipend, and as we strive with great matters, the sale of the old manse property and the erection of our new church, and other matters not so important, were such as to test the unity of the membership, and yet the right hand of fellowship has been beautifully exemplified through all these years. The line of thought was continued in a touching reference to the kindly feeling between the pastor and the Sabbath School, the Y. P. C. C., the choir, to whom he paid a high tribute and with whom they had never been the slightest misunderstanding. The right hand of fellowship had been extended by other denominations in Acton, special reference being made to the Methodist and Baptist Churches. A tender word was spoken at the close when reference was made to the fact that the congregation had not withdrawn the right hand of fellowship even while the pastor had declared it to be his duty to go, at the call of the Master, through another section of his church, and leave the field to which he had been treated so well.

TUPPER FOR PREMIER.
Sir Mackenzie Bowell Resigned on Monday—A. H. Doolittle, Esq., of the New Cabinet.

GENERAL ELECTION—23rd JUNE.
Ottawa, April 25.—Parliament prorogued on Thursday and the capital is now practically deserted as far as members of Parliament and Senators are concerned. The second set of important work of the week was the resignation of the premiership on Monday, by Sir Mackenzie Bowell.

Sir Mackenzie Bowell ceased to be Premier of Canada at 3 o'clock Monday afternoon. In accordance with his determination to retire from politics, of which he has made no secret to his friends, Sir Mackenzie went to Rideau Hall at 1 o'clock this afternoon, having previously arranged to meet His Excellency there. The interview which took place lasted for nearly two hours, when the chief adviser of the Crown laid before Lord Aberdeen his reasons for desiring to be relieved of the responsibility of his office. When these reasons are a matter for conjecture, but they were deemed by Lord Aberdeen of sufficient weight to warrant him in accepting the resignation with which they were accompanied. It was about 5.30 p. m. when Sir Charles Tupper left for Rideau Hall, being sent for by His Excellency the Governor-General. Sir Charles was asked to form an Administration and has consented to do so. The following is given by the *Mail and Empire* as what may be the outcome of the pending negotiations:

Members of the Executive Council—Sir Charles Tupper.
Premier—Mr. G. E. Foster.
Public Works—Mr. A. J. Chapleau.
Railways and Canals—Mr. John U. Haggart.
Justice—Mr. B. B. Côté.
Post Office—Mr. A. R. Angers.
Marine and Fisheries—Mr. John Costigan.

Members of the Executive Council—
Interior—Mr. H. J. Macdonald.
Secretary of State—Mr. Pelletier.
Customs—Mr. John F. Wood.
Island Revenue—Lt. Col. Prior.
Minister-General—Lt. Col. Fisher.
At Friday's meeting of the Cabinet Sir Charles Tupper was appointed High Commissioner for Canada in London, as well as a Privy Councillor of the Dominion, but not of the Cabinet.

The *World* on Tuesday points out the features of the present political crisis of the country as follows: "A futile session of parliament of almost four months' duration, a great expense, without almost passing a single public bill or any measure for the forthcoming year! Not a conservative paper west of Ottawa has raised its voice in favor of remedial legislation. Do you know of anything more significant than that? On the other hand recall these facts. The flustering reception given to Mr. Sprague and Mr. McNeill and Col. Turner by the Minister of Finance, Mr. McNeill, at least, after several years of wandering in the political desert. All these things mean something. They mean that if the Dominion Parliament is to take up its work in a serious way, it must be in the different provinces just as in the provinces it is to raise one, the whole time of Parliament will be occupied therewith and progressive legislation prevented. The real mission of the Dominion Parliament is to advance the general interest of the entire country. Race and creed squabbles will never do that. But legislation looking to the development of our resources, to the settlement of our new country, to the promotion of immigration, to the transfer of new industries to our country from other lands, to promoting interprovincial and imperial trade, to fostering ocean steamship lines, to improving our postal facilities, to improving our railway traffic, and in a thousand ways to increase the national prosperity these are the things the country stands in need of. Passing remedial laws will never do it. Entertaining demands for such will never do it. Legislation with the provinces and appeals to the Privy Council will never do it. And yet we have been doing little else for four years back, and will be kept busy for four years more in the same business if Parliament when it meets in July is content with a Remedial bill."

We must bar the door on all these crowd and race questions. We can only do it by pleading our members not to entertain them. Conservatives and Reformers alike. Who is the Conservative that thinks peace and prosperity will reign in the Northwest if we force separate schools on it, or that the new provinces will ever be contented with a joke fashioned for them in Ottawa? The question has to be put in the electorates as well as in Parliament. It cannot be avoided. And now must stand on one side or the other. They are no room for the "trimmer."

The elections were held for a week later than we anticipated in last issue. Notifications on June 16th, Section June—Med.

A SHAMEFUL PRACTICE.

Many tooth preparations contain substances that speedily destroy the enamel and beauty of the teeth. For this reason the greatest care should be exercised in the selection of a dentifrice. For this reason teeth are offered with the assurance that it is absolutely free from objectionable ingredients. An admirable cleanser is Ivory, lux, imparting desirable whiteness to the teeth, braces to the gums, and renders the breath sweet and fragrant.

CARPETS.
BUSINESS IS HUMMING IN THE CARPET ROOM.
Everybody is talking of G. B. RYAN & Co.'s new Carpets, and of the endless variety of new patterns we are showing this season. This enthusiasm is readily accounted for. We bought this spring direct from the great carpet mills in the north of England, between 75 and 100 pieces of Carpets, comprising the latest designs in Tapestries, Brussels, and Wiltons, &c., besides a proportionately large number from New York and Philadelphia.
A distinguishing feature of Carpets bought in large quantities is, or should be, close prices. This is easily explained. Whatever price concessions, and special discounts it is in the power of the manufacturer to offer, come infallibly to the dealer whose trade enables him to order large quantities. Our order being large, is eagerly sought after, and these special prices are matters we have long been familiar with. These price advantages we share with you.
In a word, our position is that we offer you, in a spacious well-lighted carpet room, an almost endless variety of choice goods in all grades of carpet, newest designs and shadings at prices which small dealers simply cannot give you. The same applies to Oil Cloths, Linoleums and Linoleum Finishes generally. Do not do yourself an injustice by purchasing these goods without a look through our carpet room.
